Garvee 6-Compartment Metal Chicken Nesting Box Instruction Manual

Model: Nbkc37079yzkJhqMehpQkwGrV609x

Introduction Safety Information Package Contents Setup Operation Maintenance Troubleshooting Specifications Warranty & Support

1. Introduction

Thank you for choosing the Garvee 6-Compartment Metal Chicken Nesting Box. This product is designed to provide a safe, comfortable, and efficient egg-laying environment for your poultry. Constructed from rustproof galvanized steel, it features a rollaway egg collection system, ventilation holes, and versatile installation options. Please read this manual thoroughly before assembly and use to ensure proper function and longevity of your nesting box.

2. Safety Information

- Always wear appropriate safety gear, such as gloves, during assembly to prevent cuts from sharp edges.
- Ensure all bolts and fasteners are securely tightened before placing poultry in the nesting box.
- Position the nesting box on a stable, level surface if not wall-mounted, to prevent tipping.
- Keep small children and pets away from the assembly area.
- Regularly inspect the nesting box for any loose parts or damage that could pose a hazard to your animals.

3. Package Contents

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact Garvee customer support.

- Nesting Box Panels (Galvanized Steel)
- Egg Collection Trays
- Perches
- Mounting Brackets (for wall-mounting)
- Legs/Stands (for floor placement)
- Hardware Kit (screws, nuts, bolts, washers)
- Instruction Manual

4. Setup and Assembly

Follow these steps carefully to assemble your Garvee 6-Compartment Metal Chicken Nesting Box. Assembly typically requires a screwdriver and wrench (not included).

4.1 Unpacking and Preparation

1. Carefully remove all components from the packaging.
2. Lay out all parts on a clean, flat surface and compare them with the package contents list.
3. Identify all panels, trays, perches, and hardware.

4.2 Assembling the Main Structure

1. Attach the side panels to the back panel using the provided screws and nuts. Ensure the ventilation holes are facing outwards.
2. Secure the bottom panels for each compartment.
3. Install the divider panels to create the individual compartments.
4. Attach the roof panel to the top of the structure.

4.3 Installing Egg Collection Trays and Perches

1. Slide the egg collection trays into their designated slots at the front of each compartment. Ensure they are angled correctly for eggs to roll forward.
2. Attach the perches to the front of each nesting compartment, providing a comfortable standing area for hens.

4.4 Placement Options

The Garvee nesting box offers two primary installation methods:

Figure 4.4.1: The image displays two installation methods for the Garvee chicken nesting box. On the left, the box is shown wall-mounted, elevated from the ground. On the right, the box is placed directly on the ground. Both configurations show chickens interacting with the nesting box.

1. **Wall-Mounted:** Use the provided mounting brackets to securely attach the nesting box to a sturdy wall in your coop or enclosure. Ensure the wall can support the weight of the box and its contents (including hens).
2. **Floor Placement:** Attach the sturdy bracket legs to the bottom of the nesting box. Place the box on a level, stable surface on the ground.

Figure 4.4.2: This image illustrates the overall dimensions of the Garvee 6-Compartment Metal Chicken Nesting Box. Key measurements include a width of 31.89 inches, a depth of 16.93 inches, and a height of 35.24 inches. Individual compartment and perch dimensions are also indicated.

Refer to Figure 4.4.2 for detailed product dimensions to assist with placement planning.

5. Operating Instructions

The Garvee nesting box is designed for ease of use and optimal egg collection.

5.1 Introducing Hens to the Nesting Box

- Place a small amount of nesting material (straw, wood shavings) in each compartment to encourage hens to use the boxes.
- Initially, you may need to place a "dummy egg" or a real egg in a compartment to show hens where to lay.
- Ensure the nesting box is in a quiet, dimly lit area of the coop, as hens prefer privacy for laying.

5.2 Egg Collection

The innovative rollaway design ensures eggs are safely collected and protected.

Figure 5.2.1: This image highlights the convenient perch design and the egg collection device. Hens can comfortably stand on the perch before entering the nesting area. The lower section shows eggs gently rolling into a protected collection tray, preventing damage and keeping them clean.

- After a hen lays an egg, it will gently roll forward into the protected collection tray, minimizing breakage and keeping the egg clean.
- Eggs can be collected from the front of the nesting box without disturbing the hens.
- Regularly collect eggs, ideally multiple times a day, to maintain freshness and prevent accumulation.

Figure 5.2.2: This image provides a "Before and After" comparison. The "Before" section shows dirty, broken, and scattered eggs on the ground. The "After" section displays the Garvee nesting box with clean, complete, and centrally collected eggs in the trays, demonstrating the effectiveness of the system.

6. Maintenance and Cleaning

Regular cleaning and maintenance will ensure the longevity of your nesting box and the health of your flock.

- **Daily:** Remove any soiled nesting material and replace with fresh material. Check egg collection trays for cleanliness.
- **Weekly:** Wipe down all surfaces of the nesting box with a damp cloth. For deeper cleaning, use a mild, pet-safe disinfectant.
- **Monthly:** Perform a thorough cleaning. Remove all nesting material, scrub the interior and exterior with a brush and appropriate cleaner, then rinse thoroughly and allow to air dry completely before reintroducing hens.
- **Inspection:** Periodically check all screws and fasteners to ensure they remain tight. Inspect for any signs of rust or damage and address them promptly.

Figure 6.1: This image highlights key design features of the Garvee nesting box. It points out "Good Breathability" through ventilation holes, "Easy to Clean" surfaces, "Convenient Egg Collection" via the rollaway system, and "Strong and Durable" construction, emphasizing the galvanized steel material.

7. Troubleshooting

If you encounter issues with your Garvee nesting box, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Hens not using the nesting box.	New environment, lack of privacy, uncomfortable nesting material, box location.	Place dummy eggs or real eggs in compartments. Ensure box is in a quiet, dimly lit area. Use soft, clean nesting material. Allow time for hens to adjust.
Eggs not rolling into collection tray.	Incorrect tray angle, obstruction, excessive nesting material.	Verify trays are installed with the correct tilt. Clear any debris or excess nesting material from the rolling path.

Problem	Possible Cause	Solution
Nesting box feels unstable.	Loose fasteners, uneven surface (for floor placement), improper wall mounting.	Tighten all screws and bolts. Ensure the floor surface is level. If wall-mounted, re-check mounting brackets and wall studs for secure attachment.
Signs of rust.	Damage to galvanized coating, prolonged exposure to moisture without cleaning.	Clean and dry the affected area. Apply a rust-inhibiting primer and paint suitable for galvanized steel if necessary. Ensure proper ventilation and drainage.

8. Specifications

Feature	Detail
Model Number	Nbkc37079yzkJhqMehpQkwGrV609x
Brand	Garvee
Material	Galvanized Steel
Color	Red
Number of Compartments	6
Product Dimensions (L x W x H)	32.09" x 16.93" x 26.57"
Item Weight	30.8 pounds
Special Features	Rollaway Egg Collection, Ventilated, Rustproof, Easy Assembly
Installation Options	Wall-Mounted, Floor Placement
UPC	824126209020

9. Warranty and Support

Garvee stands behind the quality of its products. For specific warranty details, please refer to the warranty card included with your purchase or visit the official Garvee website. If you have any questions, require assistance with assembly, or need troubleshooting support, please contact our customer service team:

- **Website:** Garvee Official Store
- **Email:** [Insert Customer Support Email Here, if available]
- **Phone:** [Insert Customer Support Phone Number Here, if available]

Please have your model number (Nbkc37079yzkJhqMehpQkwGrV609x) and purchase date ready when contacting support.
