1. ASSEMBLY INSTRUCTIONS

1.1 Unpacking and Preparation

Carefully unpack all components from the packaging. Lay them out on a clean, soft surface, such as a carpet or blanket, to prevent scratches or damage during assembly. Verify that all parts are present by comparing them against the parts list provided in your product packaging. It is recommended to have two people for the assembly process.

1.2 Assembly Steps

Follow these general steps for assembly. For detailed diagrams and specific part numbers, refer to the installation manual included in your product packaging.

1. **Attach Legs:** Securely attach the bed legs to the frame components using the provided screws. Tighten them with the included tool.
2. **Connect Headboard to Side Rails:** Attach the upholstered headboard to the side rails using the designated bolts and washers.
3. **Secure Footboard:** Connect the footboard to the side rails, ensuring all connections are firm.

4. **Place Slats:** Position the bed slats across the frame. Ensure they are evenly spaced and securely fastened to provide adequate support for the mattress and box spring.

2. USAGE GUIDELINES

This Merax King Size Gold Metal Canopy Bed Frame is designed for standard King size mattresses and requires a box spring for proper support. Adhere to the following guidelines for optimal use.

2.1 Weight Capacity

The bed frame is engineered to support a maximum weight capacity of 800 lbs. Do not exceed this limit to ensure the structural integrity and safety of the bed frame.

2.2 Under-Bed Storage

The elevated design of the frame provides ample space underneath for storage. This area can be utilized for organizing bedroom essentials, helping to maintain a tidy living space.

3. CARE AND MAINTENANCE

Regular maintenance will help preserve the appearance and extend the longevity of your bed frame.

3.1 Metal Frame Care

- Wipe the metal surfaces with a soft, dry cloth to remove dust and fingerprints.
- For stubborn marks or light grime, use a slightly damp cloth with a small amount of mild soap. Dry the surface immediately with a clean, dry cloth to prevent water spots.
- Avoid using abrasive cleaners, harsh chemicals, or solvents, as these can damage the gold finish.

3.2 Linen Headboard Care

- Vacuum the upholstered headboard regularly using a soft brush attachment to remove dust and loose debris.
- Spot clean any spills immediately with a clean, damp cloth and a mild fabric cleaner. Always test the cleaner on an inconspicuous area first to ensure it does not cause discoloration.
- Avoid excessive moisture and prolonged exposure to direct sunlight to prevent fading or damage to the linen fabric.

3.3 General Maintenance

- Periodically check and tighten all screws and bolts throughout the bed frame to ensure it remains stable and secure.
- Ensure the bed is placed on a level surface to prevent wobbling or uneven stress on the frame components.

4. TROUBLESHOOTING

This section addresses common issues you might encounter with your bed frame and provides potential solutions.

4.1 Bed Frame Instability or Shaking

If the bed frame feels unstable or exhibits shaking, it is often due to loose connections.

- **Solution:** Carefully inspect all bolts, screws, and connections throughout the entire frame, particularly those joining the headboard, footboard, and side rails. Tighten any loose fasteners using the appropriate tool. Ensure the bed is positioned on a flat, even surface.

4.2 Odor from Headboard

A new upholstered headboard may sometimes emit a slight odor upon initial unpacking, which is typical for new furniture.

- **Solution:** Allow the headboard to air out in a well-ventilated room for several days. Opening windows or using a fan can help to dissipate the smell more quickly.

4.3 Missing or Damaged Parts

If you discover any parts are missing or damaged upon delivery, please contact Merax customer support immediately.

- **Solution:** Refer to the "Support and Contact Information" section for details on how to reach Merax customer service for assistance with replacement parts.

5. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	Merax

Model Number	XY90084
Size	King Size
Material	Linen, Metal
Color	Gold + Tan
Product Dimensions (L x W x H)	83.5"L x 76.8"W x 76.5"H
