Little Live Pets Ouchies Cooper the Retriever Puppy Instruction Manual

Brand: Little Live Pets | **Model:** 26679

INTRODUCTION

Welcome to the world of Little Live Pets Ouchies! This manual provides detailed instructions for operating and caring for your interactive Cooper the Retriever Puppy. Cooper is a plush puppy that requires your care to heal its injured paw. Through interactive play, you can help Cooper recover, transforming it from a sad, limping puppy to a happy, walking companion. Cooper features over 50 sounds and reactions, responding to your touch and affection.

SETUP

1. **Battery Installation:** Cooper the Retriever Puppy requires 4 AA batteries (not included). Locate the battery compartment, typically on the underside of the puppy. Use a screwdriver to open the compartment, insert the batteries according to the polarity markings, and secure the cover.
2. **Initial State:** Upon activation, Cooper will appear with red cheeks and a limping paw, indicating it needs care.
3. **Carrier Setup:** The pet carrier can be used for transport or transformed into a veterinary consultation table for play.

OPERATING INSTRUCTIONS

Follow these steps to care for your Cooper the Retriever Puppy:

1. **Assess Cooper's Condition:** When Cooper is sad and limping, its cheeks will glow red, and it will make unhappy sounds.
2. **Apply the Splint and Bandages:** Slide the provided splint onto Cooper's injured paw. Moisten one of the paper bandages with water and wrap it around the splint to create a cast. Allow the cast to dry.
3. **Decorate the Cast:** Once the cast is dry, you can decorate it with markers or stickers (not included) to personalize Cooper's recovery.
4. **Provide Affection:** Give Cooper plenty of love and attention. Petting and cuddling will help it feel better. Cooper will

react to your touch with various sounds and movements.

5. **Observe Recovery:** As Cooper heals, its red cheeks will fade, and it will emit happy sounds.
6. **Remove the Cast:** Once Cooper is fully recovered and happy, you can remove the cast.
7. **Watch Cooper Walk:** After recovery, Cooper will transform. It will lift its head, stand on its healed paw, and begin to walk and sing happily.
8. **Repeat Play:** Cooper can be 'injured' again for endless care and play scenarios. Simply re-apply a new bandage and splint.

MAINTENANCE

To ensure the longevity of your Cooper the Retriever Puppy:

- **Cleaning:** Due to internal electronic components, clean the puppy only on the surface. Use a soft, damp cloth to gently wipe away any dirt. Do not immerse the toy in water.
- **Storage:** Store the toy in a dry place away from direct sunlight and extreme temperatures when not in use.
- **Battery Care:** Remove batteries if the toy will not be used for an extended period to prevent leakage.

TROUBLESHOOTING

- **Puppy Not Responding:** If Cooper is not making sounds or reacting, check the battery compartment to ensure batteries are correctly installed and not depleted. Replace with fresh AA batteries if necessary.
- **Limping/Sad State Persists:** Ensure the splint and bandage are applied correctly and that you are providing sufficient interaction and affection.

SAFETY INFORMATION

- **Age Recommendation:** Recommended for ages 5 years and up.
- **Magnet Warning:** This product contains an integrated magnet.
- **Electronic Components:** The toy contains internal electronic components. Clean only on the surface.
- **Choking Hazard:** Small parts may be present. Not suitable for children under 3 years.
