## OPERATING INSTRUCTIONS

### Using the Furniture Set

Arrange the corner loveseat sofas and ottomans to create your desired seating configuration. The high dining table is suitable for meals and gatherings.

### Cushion Care

The cushions are upholstered with thick sponge and polypropylene cotton for comfort. The PA-coated covers are designed to resist fading under long-term sunshine conditions and offer splash-proof ability. While splash-proof, it is recommended to bring cushions indoors or cover them during heavy rain to prolong their lifespan.

### Why should we choose high-quality outdoor furniture?

Poor quality outdoor set will lead to greater wear and tear with higher replacement costs. Therefore, we recommend buying high-quality patio furniture that will last for many years.

## MAINTENANCE

### Cleaning the Rattan and Frame

The hand-woven PE rattan and heavy-duty steel frame are designed for outdoor use. Clean with a soft cloth, mild soap, and water. Rinse thoroughly and dry completely to prevent water spots or residue buildup.

### Cleaning the Cushions

For spills, wipe immediately with a clean, damp cloth. For deeper cleaning, remove cushion covers (if applicable) and hand wash with mild soap and cold water, then air dry. Do not machine wash or tumble dry unless specified on the care label.

### Tabletop Care

The wood plastic composite tabletop is durable. Clean with a damp cloth. Avoid abrasive cleaners. While it can withstand temperatures up to 60-70°C, prolonged exposure to extreme heat or direct sunlight without protection may cause damage.

### Winter Storage

During winter months or periods of prolonged non-use, it is recommended to store the furniture indoors or cover it with a weather-resistant furniture cover to protect it from harsh elements and extend its lifespan.

## TROUBLESHOOTING

- **Loose Connections:** If any part feels wobbly, check all bolts and screws and tighten them securely.
- **Cushion Stains:** Refer to the cushion cleaning instructions. For stubborn stains, a specialized outdoor fabric cleaner may be used, following product directions.
- **Rattan Damage:** Small sections of rattan can sometimes be re-woven. For significant damage, contact customer service for repair options or replacement parts.
