JHMFDDSB B0GS18X3ZT

JHMFDDSB Inflatable Dart Board & Ring Toss Water Game User Manual

Model: B0GS18X3ZT

1. PRODUCT OVERVIEW & WHAT'S INCLUDED

The JHMFDDSB Inflatable Dart Board and Ring Toss Water Game is a versatile 2-in-1 pool toy designed for interactive play. It combines a dart board game with fabric balls and a ring toss game, suitable for various ages and settings.

Image 1: Product features comparison, showing the JHMFDDSB inflatable dart board's advantages in ball adhesion, ring quantity, and inflation/stability mechanisms.

Package Contents:

- 1 x Inflatable Pool Dart Board
- 8 x Fabric Balls (4 red, 4 blue)
- 12 x Rings (various colors)
- 1 x Instruction Manual

2. SAFETY INFORMATION

Please read and understand all safety instructions before using the product. Failure to follow these instructions may result in injury.

- **Age Recommendation:** This product is suitable for ages 3 and up. Adult supervision is recommended for young children.

- **Water Use:** Use only in shallow water and under adult supervision. Do not use in deep water or as a flotation device.
- **Weather Conditions:** Avoid use in severe weather conditions, strong winds, or storms.
- **Inflation:** Do not over-inflate the product. Use a hand or foot pump; avoid high-pressure air compressors.
- **Sharp Objects:** Keep the inflatable dart board away from sharp objects, heat sources, and open flames to prevent damage.
- **Material Safety:** Made from tear-resistant PVC. While durable, inspect for punctures or damage before each use.

3. SETUP INSTRUCTIONS

Follow these steps to prepare your inflatable dart board for play:

1. **Unpack:** Carefully remove all components from the packaging.
2. **Fill with Water (for stability):** Locate the water inlet valve at the base of the dart board. Fill the base with water until it reaches approximately one-fifth (1/5) of its capacity. This adds stability and prevents the toy from capsizing in gentle waves or wind. Ensure the valve is securely closed after filling.
3. **Inflate:** Locate the air inlet valve. Using a hand or foot pump, inflate the dart board until it is firm but not rigid. Do not over-inflate. Ensure the air valve is tightly sealed after inflation.
4. **Placement:** Place the inflated dart board in shallow water or on a flat, clear surface for play.

USAGE AND STORAGE

Fill with water through the filling hole until the water level reaches approximately one-fifth of the container's volume.

Inflate through the slit at the bottom of the inflation port

Drain water through the fill port

Ventilate the area using a ventilation fan through the exhaust vents

4. OPERATING INSTRUCTIONS (GAME MODES)

The JHMFDDSB Inflatable Dart Board offers two exciting game modes:

4.1. Ball Toss Game (Dart Board)

- **Objective:** Score points by tossing fabric balls onto the numbered target areas.
- **Gameplay:**
 - a. Players take turns tossing the fabric balls towards the dart board.
 - b. Points are awarded based on where the ball lands and sticks on the target.
 - c. The player with the highest score after a predetermined number of rounds or balls wins.

4.2. Ring Toss Game

- **Objective:** Score points by tossing rings onto the designated "horns" or cylinders on the dart board.
- **Gameplay:**
 - a. Players take turns tossing the rings.
 - b. Points can be scored by successfully landing rings onto the two "horns" at the top of the dart board.
 - c. Alternatively, players can aim to land rings onto the numbered cylinders on the dart board itself, scoring points based on the number and color.
 - d. The player with the highest score wins.

EASILY SWITCH BETWEEN MULTIPLE GAME MODES

Add Variety to Your Gaming Fun

Ball Toss Rules

1. Toss the ball onto the target to test your throwing skills.
2. Score points based on where the ball lands; the player with the highest score wins.

Ring Toss Game

1. Toss the rings onto the game board
2. Score points based on the color of the rings
3. Toss the rings onto the cylinders; score points based on the number and color

Note: This product is suitable for use in shallow water and in non-severe weather conditions

5. MAINTENANCE & STORAGE

Proper care and storage will extend the life of your inflatable game.

5.1. Cleaning

- After each use, especially in chlorinated or saltwater, rinse the inflatable dart board with fresh water.

- Wipe the entire surface dry with a clean, soft cloth. Ensure no moisture remains before storage to prevent mold or mildew.
- The fabric balls can be hand-washed with mild soap and water, then air-dried completely.

5.2. Storage

1. **Drain Water:** Open the drain valve at the base to completely empty any water from the stability chamber.
2. **Deflate Air:** Open the air inlet valve and gently press the inflatable dart board to release all air. A pump can be used to assist in faster deflation.
3. **Dry Thoroughly:** Ensure the product is completely dry, inside and out, before folding.
4. **Fold:** Once dry and deflated, carefully fold the dart board to its original compact size.
5. **Store:** Store the product in a cool, dry place away from direct sunlight, extreme temperatures, and sharp objects.

Image 4: Detailed steps for draining water, deflating, and drying the inflatable dart board for storage.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Inflatable dart board is unstable or tips over easily.	Insufficient water in the base for stability.	Ensure the base is filled with water to approximately one-fifth of its capacity before inflation. This adds necessary weight for stability.
Fabric balls do not stick well to the target.	Balls are wet or dirty; target surface is wet or dirty.	Ensure both the fabric balls and the dart board target surface are clean and dry for optimal adhesion. The balls are designed for good grip, but excessive moisture or debris can reduce stickiness.
Product deflates quickly.	Air valve not securely closed; small puncture or leak.	Check that the air valve is fully closed and sealed. Inspect the inflatable for any small punctures. If a leak is found, a PVC repair kit (not included) may be used.

7. SPECIFICATIONS

- **Model:** B0GS18X3ZT
- **Brand:** JHMFDDSB
- **Material:** Polyvinyl Chloride (PVC)
- **Color:** Orange
- **Dimensions (Approximate, when inflated):**
 - Height (overall): 19.7 inches (50 cm)
 - Width (overall): 29.6 inches (75 cm)
 - Base Height: 7.9 inches (20 cm)
 - Horn Height: 10.3 inches (26 cm)
- **Number of Players:** 2-4
- **UPC:** 754008679293
