HOOBRO WH27MZ03

HOOBRO Cat Litter Box Enclosure Furniture with Cat Tree - Model WH27MZ03 User Manual

Model: WH27MZ03

INTRODUCTION

Thank you for choosing the HOOBRO Cat Litter Box Enclosure Furniture with Cat Tree. This versatile furniture piece is designed to provide a private and comfortable space for up to two cats, integrating a hidden litter box area with an engaging cat tree featuring scratching posts and dangling toys. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your product.

IMPORTANT SAFETY INFORMATION

- **Anti-Tip Kit:** This product includes an anti-tip kit for wall mounting. It is crucial to install this kit correctly to prevent accidental tipping, especially in households with active pets or children.
- **Weight Limit:** Ensure the product is placed on a flat, stable surface. Do not exceed the recommended weight capacity for platforms and perches.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Loose parts can compromise stability and safety.
- **Supervision:** Always supervise pets, especially during initial use, to ensure they adapt safely to the new furniture.

PACKAGE CONTENTS

Before assembly, please verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Numbered Wooden Panels (various sizes)
- Sisal Scratching Posts
- Circular Perch with Soft Pad
- Dangling Balls/Toys
- Assembly Hardware (screws, dowels, connectors)
- Assembly Tools (e.g., Allen wrench)
- Anti-Tip Kit
- Illustrated Instruction Manual

SETUP AND ASSEMBLY

Assembly of the HOOBRO Cat Litter Box Enclosure is designed to be straightforward. Follow the numbered steps in the included illustrated manual. Ensure you have ample space and all components before beginning.

1. **Unpack and Identify:** Carefully unpack all components. Lay them out and identify each part using the provided labels and the parts list in the separate manual.
2. **Assemble Base Units:** Begin by assembling the lower litter box enclosure units. Connect the side panels, back panels, and bottom/top panels using the provided hardware.
3. **Install Doors:** Attach the cabinet doors to the designated openings using the hinges and screws. Ensure they open and close smoothly.
4. **Construct Cat Tree Section:** Assemble the upper cat tree structure, including the platforms, sisal scratching posts, and the circular perch. Secure all connections firmly.
5. **Attach Dangling Toys:** Once the main structure is complete, attach the dangling balls to the designated points on the cat tree.
6. **Install Anti-Tip Kit:** For safety, secure the anti-tip kit to the top rear of the furniture and then to a wall stud. Follow the specific instructions provided with the anti-tip kit.

7. **Final Check:** Verify that all screws are tightened and the structure is stable before allowing your cats to use it.

OPERATING INSTRUCTIONS

This furniture piece offers a dual-purpose design for both litter box concealment and cat activity.

- **Litter Box Enclosure:** Open the cabinet doors to place standard-sized litter boxes inside the lower compartments. The design accommodates two litter boxes, providing privacy and containing odors and litter scatter.
- **Cat Tree Features:** Cats can access the upper platforms and circular perch via the integrated steps and entry passages. The sisal scratching posts are designed to satisfy natural scratching instincts, helping to protect your furniture. Dangling balls provide interactive play.
- **Dual Cat Haven:** The spacious design allows two cats to comfortably use the litter facilities or relax on the various levels simultaneously.

MAINTENANCE

- **Cleaning Surfaces:** Wipe down engineered wood surfaces with a damp cloth and mild cleaner. Avoid harsh chemicals that could damage the finish.
- **Sisal Posts:** The sisal scratching posts can be cleaned with a vacuum cleaner or a lint roller to remove loose fibers and cat hair.
- **Litter Box Area:** Regularly clean the litter box compartments to maintain hygiene and prevent odors. The cabinet doors allow for easy access.
- **Dangling Toys:** Inspect dangling toys for wear and tear. Replace if they become detached or damaged to prevent choking hazards.
- **Structural Integrity:** Periodically check all screws and connections for tightness. Re-tighten as necessary to ensure the stability and safety of the unit.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit feels wobbly or unstable.	Loose screws or uneven placement.	Ensure all screws are tightened. Place the unit on a flat, level surface. Verify anti-tip kit installation.
Cats are not using the scratching posts.	Preference for other surfaces or unfamiliarity.	Encourage use with catnip or by gently guiding paws. Ensure other scratching options are less appealing.
Litter box area has strong odor.	Infrequent cleaning or inadequate ventilation.	Increase cleaning frequency. Consider using odor-absorbing litter or a litter box with a lid.
Dangling toys are damaged or detached.	Normal wear and tear from play.	Remove damaged toys to prevent ingestion. Contact HOOBRO customer service for replacement options if available.
