

Aeitto icmk01

Aeitto Countertop Ice Maker

Model: icmk01

INTRODUCTION

Thank you for choosing the Aeitto Countertop Ice Maker. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your new appliance. Please read all instructions carefully before use and retain this manual for future reference.

WHAT'S INCLUDED

- Ice Maker x 1
- Ice Scoop x 1
- Ice Basket x 1

SAFETY INSTRUCTIONS

DANGER: Risk of fire or explosion. Flammable refrigerant used. Do not use mechanical devices to defrost ice maker. Do not puncture refrigerant tubing.

CAUTION: Risk of fire or explosion. Dispose of ice maker properly in accordance with federal or local regulations. Flammable refrigerant used.

CAUTION: Risk of fire or explosion due to puncture of refrigerant tubing; follow handling instructions carefully. Flammable refrigerant used.

Always ensure the appliance is placed on a stable, level surface. Keep away from heat sources and direct sunlight. Do not immerse the appliance in water.

SETUP

1. **Unpacking:** Carefully remove the ice maker and all accessories from the packaging. Remove any tape or protective film from the unit.

2. **Initial Cleaning:** Before first use, clean the interior of the ice maker. It is recommended to run a cleaning cycle with a mixture of water and white distilled vinegar (10 parts water to 1 part vinegar). After the cycle, drain the solution completely.
3. **Placement:** Place the ice maker on a flat, stable surface. Ensure there is at least 1 foot (30 cm) of clearance around the fan on the side of the unit to allow for proper ventilation and heat dissipation. Avoid placing near heat sources or in direct sunlight.
4. **Power Connection:** Plug the ice maker into a grounded electrical outlet.

OPERATING INSTRUCTIONS

Sleek & Space-Saving Design: The compact design of the Aeitto ice maker allows it to fit seamlessly into various spaces such as kitchens, bars, RVs, or offices without occupying excessive counter space. Its lightweight nature and plug-and-play functionality ensure easy portability for both indoor and outdoor use.

Two Sizes of Ice Cubes: This ice maker produces two distinct sizes of bullet-shaped ice cubes. Select the small size for beverages like iced coffee, tea, and cocktails, or the large size for food preservation, smoothies, and seafood. Use the 'SELECT' button on the control panel to switch between sizes.

Fast Ice Production: The Aeitto ice maker can produce 9 ice cubes in approximately 6 minutes, providing quick access to ice. The machine has a maximum daily ice output of 26 lbs.

High Daily Output: Capable of producing up to 26 lbs of ice per 24 hours, this machine is suitable for various needs, from daily use to small gatherings. The 'ICE FULL' indicator light will illuminate when the ice basket is full, and the machine will pause production.

Control Panel: The front panel features an 'ON/OFF' button to power the unit. Indicator lights for 'ADD WATER' (red) and 'ICE FULL' (red) provide status updates. Use the 'SELECT' button to choose between small and large cube sizes.

MAINTENANCE

Self-Cleaning Function: The ice maker includes a built-in auto-cleaning feature. To activate, press and hold the 'ON/OFF' button for 5 seconds. This function helps remove scale and impurities, maintaining hygiene. For optimal performance, it is recommended to clean the machine once a week.

Video: Aeitto Compact Bullet Ice Maker with Two Sizes Ice Cubes. This video demonstrates the ease of adding water, selecting ice size, and the self-cleaning function of the Aeitto ice maker. It also shows the ice production process and how to use the ice scoop.

Draining: To drain the water from the unit, locate the drainage plug on the bottom of the ice maker. Carefully remove the plug to allow water to flow out. Ensure the plug is securely reinserted after draining to prevent leaks.

TROUBLESHOOTING

- **No Ice Production:** Check if the 'ADD WATER' indicator is lit. If so, add water to the reservoir. Ensure the unit is plugged in and powered on.
- **Ice Basket Full:** If the 'ICE FULL' indicator is lit, remove ice from the basket. The machine will resume production automatically.
- **Unusual Noise:** Ensure the unit is on a stable, level surface. Check for any obstructions in the ice-making mechanism.
- **Ice Melting Quickly:** The ice maker does not have a refrigeration function to keep ice frozen long-term. Transfer produced ice to a freezer for storage.

SPECIFICATIONS

Brand	Aeitto
Model Name	ZBJ1014
Product Dimensions	9.51"D x 7.38"W x 10.62"H
Capacity	0.9 Pounds (Ice Basket)
Refrigerant	R600a
Item Weight	14.33 Pounds
Ice Production	26 lbs/24H
Ice Cube Sizes	Small, Large (Bullet-shaped)
