The round coffee table serves as a central point for beverages and snacks, while the side tables offer convenient additional surfaces and storage.

5.1 Arranging Your Set

- The modular design allows for various configurations. The standard half-moon shape is achieved by connecting the curved sofa sections.
- Position the round coffee table in the center of the half-moon for easy access.
- Place the side tables between sofa sections or at the ends for individual use and storage.

5.2 Cushion Care During Use

- While cushions are designed for outdoor use, prolonged exposure to heavy rain or direct sunlight can affect their lifespan.

Consider storing them indoors or using a protective cover during inclement weather.

6. MAINTENANCE

6.1 Cleaning the Rattan and Frame

- Wipe down the PE rattan and powder-coated metal frames with a soft cloth dampened with mild soap and water.
- Rinse thoroughly with clean water and dry completely to prevent water spots or mildew.
- Avoid using harsh chemicals, abrasive cleaners, or stiff brushes, as these can damage the finish.

6.2 Cleaning Cushions

- The cushion covers are typically removable and can be spot cleaned with mild soap and water.
- For deeper cleaning, follow the care instructions on the cushion tags. Air dry completely before re-attaching to prevent mildew.
- Store cushions in a dry, protected area when not in use for extended periods or during adverse weather.

6.3 Wood Armrest Care

- The natural wood armrests can be cleaned with a damp cloth.
- To maintain their appearance and protect against weathering, periodically apply a suitable outdoor wood sealant or oil.
