TIMU S90-WYL-2US-BK

TIMU Military Smart Watch S90-WYL-2US-BK User Manual

Model: S90-WYL-2US-BK

Introduction

The TIMU Military Smart Watch S90-WYL-2US-BK is a robust and feature-rich wearable device designed for active lifestyles. It offers Bluetooth calling, comprehensive health monitoring, and a wide array of sports modes, all housed in a durable, military-grade casing. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your smartwatch.

Package Contents

Please verify that all items are present in your package:

- TIMU Military Smart Watch S90-WYL-2US-BK
- Charging Cable

- User Manual

Setup

1. Charging the Smart Watch

Before initial use, fully charge your smartwatch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a standard USB power adapter (not included). A full charge typically takes approximately 1.5 hours.

2. App Installation and Pairing

1. **Download the App:** Scan the QR code displayed on the watch screen or in the manual, or search for "FitCloudPro" in your smartphone's app store (compatible with Android 6.0+ and iOS 9.0+).
2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
3. **Pair the Device:** Open the "FitCloudPro" app, create an account if prompted, and follow the on-screen instructions to add your device. Select the TIMU S90-WYL-2US-BK from the list of available devices.

4. **Confirm Pairing:** A pairing request will appear on your watch. Confirm the pairing to establish the connection.

Operating Instructions

Basic Navigation

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access quick functions or widgets.
- **Tap:** Select an item or confirm an action.
- **Side Button:** Press to return to the home screen or wake the display.

Bluetooth Calling & AI Voice Assistant

With Bluetooth 5.3, you can make and receive calls directly from your wrist. The watch features a HIFI speaker and dual noise-canceling microphones for clear communication. The built-in AI voice assistant allows for hands-free control of various functions.

- **Making Calls:** Access the dial pad or contacts list on the watch to initiate a call.
- **Receiving Calls:** Answer or reject incoming calls directly from the watch screen.
- **Voice Assistant:** Activate the AI voice assistant (refer to app settings for activation method) and speak your commands.

Health Monitoring

Equipped with a 3rd-gen high-precision sensor, the watch continuously monitors your heart rate, blood oxygen levels, and sleep quality. Detailed 24/7 health reports are available through the FitCloudPro app.

- **Heart Rate:** Monitors heart rate 20 times per minute.
- **Blood Oxygen:** Tracks SpO2 levels.
- **Sleep Tracking:** Records sleep duration and quality (deep sleep, light sleep, wake-up times).

Other Functions

The smartwatch includes additional practical functions:

- Camera Control
- Music Control
- Weather Display
- Alarms
- Sedentary Alerts
- Find My Phone/Watch
- 0.5W Flashlight (6-10 meter range)

Maintenance

Cleaning

Regularly clean your smartwatch and strap to prevent skin irritation and maintain functionality. Use a soft, damp cloth to wipe the screen and casing. For the silicone strap, mild soap and water can be used, ensuring it is thoroughly rinsed and

dried.

Water Resistance

The TIMU Military Smart Watch is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for daily use, hand washing, and light rain. However, it is not recommended for hot showers, saunas, or diving, as steam and high water pressure can compromise the seals.

Battery Care

To maximize battery life and longevity:

- Avoid extreme temperatures.
- Charge the watch fully before long periods of inactivity.
- Do not leave the watch fully discharged for extended periods.

The watch offers up to 30 days of standby time and 7 days of regular use on a single charge.

Troubleshooting

Issue	Possible Solution
Watch not turning on	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Unable to pair with phone	Ensure Bluetooth is enabled on your phone. Restart both the watch and phone. Make sure the FitCloudPro app has necessary permissions. Try unpairing and re-pairing.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors on the back of the watch. Avoid excessive movement during measurements.
Short battery life	Reduce screen brightness. Turn off unnecessary notifications. Limit continuous heart rate monitoring if not needed. Ensure background app refresh is optimized.
Notifications not appearing	Check app notification settings in FitCloudPro. Ensure phone's notification permissions are granted to the app. Verify Bluetooth connection is stable.
