

X9

Generic X9 Bone Conduction Earphones User Manual

Model: X9 (QEYYEVCOU-1EEC678B)

1. INTRODUCTION

Thank you for choosing the Generic X9 Bone Conduction Earphones. These earphones are designed to provide a comfortable and safe audio experience, especially during sports and outdoor activities. Utilizing bone conduction technology, they allow you to enjoy sound while remaining aware of your surroundings.

Key features include:

- Open ear design with bone conduction technology for comfortable wear during sports.
- Waterproof structure suitable for running, cycling, tennis, and other outdoor activities.
- Lightweight and stable hanging style for long-term use without discomfort.
- Clear sound delivery while maintaining awareness of the surrounding environment.
- Wide compatibility for daily sports and outdoor exercise scenarios.

2. PACKAGE CONTENTS

Please check the package for the following items:

- Generic X9 Bone Conduction Earphones
- Charging Cable
- User Manual (this document)

3. PRODUCT OVERVIEW

Familiarize yourself with the components of your X9 Bone Conduction Earphones.

Figure 3.1: Front view of the X9 Bone Conduction Earphones. These earphones feature an open-ear design with transducers positioned near the temples and a flexible band connecting them, designed for secure placement during physical activity. The color shown is yellow-green.

Figure 3.2: A person wearing the X9 Bone Conduction Earphones during an outdoor activity. This image demonstrates the ergonomic fit of the earphones, with the band resting behind the head and the transducers positioned comfortably in front of the ears, allowing for situational awareness.

Note: The images display the earphones in a yellow-green color variant. Your product may vary in color (e.g., Black-32G as per product description).

4. SETUP

4.1 Charging the Earphones

1. Connect the charging cable to the charging port on the earphones.
2. Plug the other end of the charging cable into a USB power source (e.g., computer USB port, wall adapter).
3. The LED indicator will show the charging status (e.g., red for charging, blue for fully charged).
4. A full charge typically takes approximately 2 hours.

Note: Ensure the charging port is dry before charging to prevent damage.

4.2 Bluetooth Pairing

1. **Power On:** Press and hold the Power button for 3 seconds until the LED indicator flashes blue and red alternately, indicating pairing mode.
2. **Activate Bluetooth:** On your smartphone or other Bluetooth-enabled device, turn on Bluetooth.
3. **Select Device:** Search for "X9" or "Generic X9" in the list of available Bluetooth devices and select it.
4. **Confirmation:** Once paired, the LED indicator will flash blue slowly, and you may hear a voice prompt "Connected".
5. If pairing fails, turn off the earphones and repeat the steps.

4.3 Wearing the Earphones

- Place the earphones over your ears with the transducers resting on your cheekbones, just in front of your ears.
- The band should rest comfortably behind your head.
- Adjust the position for optimal sound and comfort.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

- **Power On:** Press and hold the Power button for 3 seconds. The LED indicator will flash blue.
- **Power Off:** Press and hold the Power button for 5 seconds. The LED indicator will flash red and then turn off.

5.2 Music Playback

- **Play/Pause:** Press the Multi-function button once.
- **Next Track:** Press and hold the Volume + button for 2 seconds.
- **Previous Track:** Press and hold the Volume - button for 2 seconds.
- **Volume Up:** Short press the Volume + button.
- **Volume Down:** Short press the Volume - button.

5.3 Call Management

- **Answer/End Call:** Press the Multi-function button once.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds.
- **Redial Last Number:** Double-press the Multi-function button.

5.4 Internal Storage (32GB)

The X9 earphones feature 32GB of internal storage, allowing you to store music directly on the device and listen without a connected smartphone. This is ideal for activities where carrying a phone is inconvenient.

- **Transferring Music:** Connect the earphones to a computer using the charging cable. The earphones will appear as a removable disk. Drag and drop your audio files (e.g., MP3) into the earphone's storage folder.
- **Switching Modes:** (*Assuming a button exists for this, as it's common for devices with internal storage and Bluetooth*) Press and hold a specific button (e.g., Multi-function button or a dedicated mode button) to switch between Bluetooth mode and MP3 player mode. Refer to the device's physical buttons for exact functionality.

6. MAINTENANCE

- **Cleaning:** Wipe the earphones with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the earphones in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Resistance:** While waterproof, avoid prolonged submersion in water. Ensure the charging port is completely dry before charging.
- **Battery Care:** To prolong battery life, avoid fully discharging the earphones frequently. Charge them regularly, even if not in use for extended periods.

7. TROUBLESHOOTING

Problem	Possible Solution
Earphones do not power on.	Ensure the earphones are fully charged. Press and hold the Power button for 3-5 seconds.
Cannot pair with device.	• Ensure earphones are in pairing mode (LED flashing blue and red). • Turn off and on Bluetooth on your device. • Forget "X9" from your device's Bluetooth list and try pairing again. • Ensure earphones are within 10 meters of your device.
No sound or low volume.	• Increase volume on both earphones and your connected device. • Ensure earphones are properly connected to your device. • Check if earphones are in MP3 mode instead of Bluetooth mode.
Earphones disconnect frequently.	• Ensure no obstacles are between the earphones and your device. • Move closer to your device. • Check for interference from other wireless devices.
