## VASAGLE UHSC203KB01S

# VASAGLE UHSC203KB01S Shoe Storage Cabinet Instruction Manual

Model: UHSC203KB01S

## INTRODUCTION

Thank you for choosing the VASAGLE UHSC203KB01S Shoe Storage Cabinet. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new furniture. Please read these instructions thoroughly before beginning assembly and retain them for future reference.

This shoe cabinet features a versatile farmhouse design with two flip drawers, offering a space-saving solution for organizing 14 to 16 pairs of shoes. It includes adjustable shelves, practical side hooks, and a raised-edge top for added functionality.

## SAFETY INFORMATION

**Always secure the cabinet to the wall using the included anti-tip kit to prevent tipping.** Do not overload shelves or the tabletop. The maximum static load capacity of the tabletop is 15 lb (7 kg), and each interior shelf is 11 lb (5 kg).

Ensure all screws and fasteners are tightened securely during assembly. Periodically check all connections to ensure they remain tight. Keep small parts away from children during assembly.

## PACKAGE CONTENTS

Before assembly, please verify that all components listed below are present and undamaged. If any

parts are missing or damaged, please contact customer support.

- 1 x Shoe Storage Cabinet
- 1 x Accessory Kit
- 1 x Anti-Tip Kit
- 1 x Instructions

## SETUP AND ASSEMBLY

Assembly of the VASAGLE UHSC203KB01S Shoe Storage Cabinet is required. Please follow the step-by-step instructions provided in the included instruction manual carefully. It is recommended to assemble the unit on a soft, clean surface to prevent scratches.

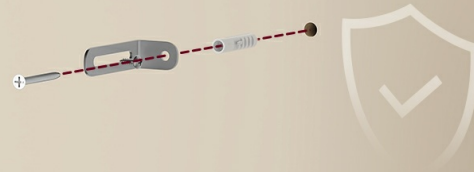

**Important:** Do not fully tighten all screws until all components are loosely assembled. Once all parts are in place, tighten all screws firmly.

**Anti-Tip Kit Installation:** For safety, it is mandatory to install the anti-tip kit. Secure the cabinet to a sturdy wall using the provided hardware to prevent accidental tipping, especially in households with children or pets.

## Anti-Tip Kit

Secures the cabinet to the wall for added safety

The anti-tip kit is crucial for safety. Secure the cabinet to the wall as shown to prevent accidental tipping.

## OPERATING INSTRUCTIONS

### Flip Drawers

The cabinet features two flip drawers that open forward, allowing easy access to your shoes without obstructing walkways. Gently pull the knob to open each drawer.

## Ultra Space Efficiency

Slim profile and flip design maximize every inch

Roomy  
**31.5"**  
**(80 cm)**

Only 7.9" (20 cm)

The cabinet's slim design and flip-down drawers are designed for efficient use of space, especially in narrow areas.

### Adjustable Shelves and Capacity

Each flip drawer contains an adjustable shelf with three positions. This allows you to customize the shelf height to accommodate various shoe types, from slippers and flats to sneakers and heels. For storing boots or larger footwear, the shelves can be completely removed. Note that removing shelves will reduce the overall shoe capacity.

The cabinet is designed to hold approximately 14-16 pairs of shoes, with a recommended maximum shoe size of US 11 for optimal drawer closure.

## Men's Shoes

Holds up to 14 Pairs

Tip: When the shelf is set to position 1, the lower space is larger and usually better for men's shoes.

## Women's Shoes

Holds up to 16 Pairs

## With the Shelf Removed

Holds about half as many

Note: Actual storage capacity varies by shoe style and size.

This image demonstrates the storage capacity for various shoe types, including how to adjust or remove shelves for larger items like boots.

Adjustable Shelves      Removable Divider      Long Boot Storage

### 3-Level Adjustment

Customize shelf height by shoe type for flexible storage space

Flats      Sneakers      Casuals

The shelves offer 3-level adjustment to customize storage space for different shoe heights.

Adjustable Shelves      Removable Divider      Long Boot Storage

### Removable Divider

Easily reconfigure space so high-tops and heels all fit

High-Tops      Ankle Boots      High Heels

The removable divider allows reconfiguration of space to fit high-tops and heels.

Adjustable Shelves      Removable Divider      Long Boot Storage

### Boot-Friendly Storage

Lay boots flat to protect shape and prevent creases or tipping

Long Boots

Long boots can be laid flat to protect their shape and prevent creases or tipping.

≤ US 11

**Recommended Shoe Size:  
US 11 or smaller**

For optimal fit and drawer closure, shoes up to US size 11 are recommended. Larger sizes may require shelf adjustment or removal.

### **Side Hooks and Top Panel**

The cabinet includes two side hooks, ideal for hanging keys, bags, or umbrellas, keeping them within easy reach in your entryway.

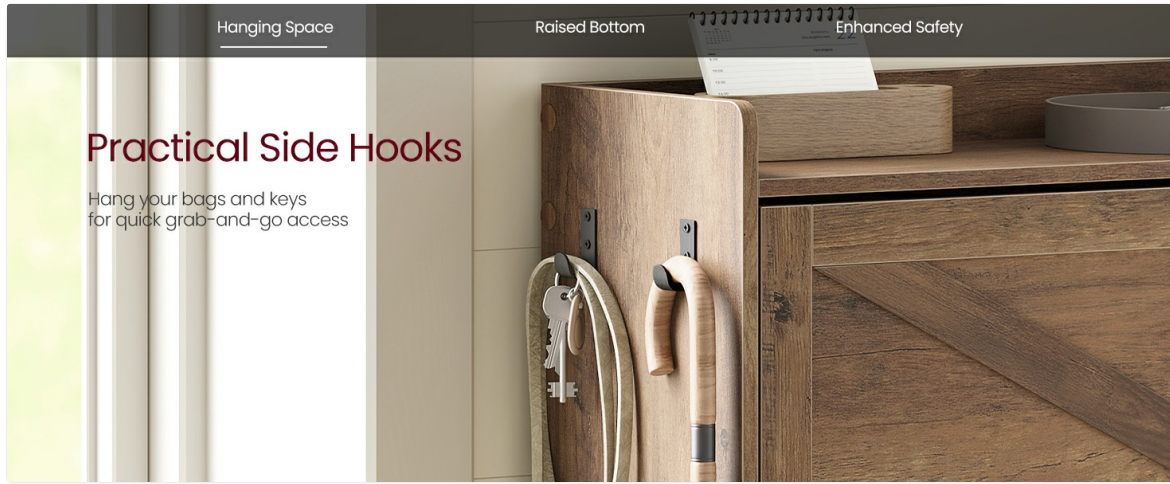

Hanging Space

Raised Bottom

Enhanced Safety

## Practical Side Hooks

Hang your bags and keys  
for quick grab-and-go access

Utilize the integrated side hooks for convenient storage of keys, bags, or other small items, keeping them easily accessible.

The top panel features raised edges, providing a secure surface for displaying decor items, mail, or other small essentials, preventing them from sliding off.

# Keeps Items from Sliding Off

Raised edges offer secure storage

The raised edges on the top panel help secure decorative items or small belongings, preventing them from falling.

## Open Space Underneath

The cabinet's design includes an open space underneath, which is convenient for storing slippers or for easy vacuuming and cleaning of the floor area.

The elevated design provides an open space underneath, perfect for storing slippers or allowing for easy floor cleaning.

## MAINTENANCE

To maintain the appearance and longevity of your shoe storage cabinet, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or water damage.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration of the wood finish.
- **Humidity:** Maintain a stable humidity level in the room to prevent warping or cracking of the engineered wood.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary.

## TROUBLESHOOTING

If you encounter any issues with your shoe storage cabinet, please refer to the following common solutions:

- **Drawers not closing properly:**
  - Ensure shoes are not too large or overfilling the drawer.
  - Adjust the internal shelf to a lower position or remove it if shoes are too tall.
  - Check for any obstructions within the drawer mechanism.
- **Cabinet feels unstable:**
  - Verify that the anti-tip kit is correctly installed and securely fastened to both the cabinet and the wall.

- Ensure the cabinet is placed on a level surface.
- Check that all assembly screws are fully tightened.

- **Missing parts or damaged components:**

- Refer to the 'Package Contents' section and contact customer support with your purchase details for assistance.
