- **App connection issues:** Verify your Wi-Fi is 2.4 GHz. Ensure Bluetooth is enabled on your phone. Try resetting the robot's Wi-Fi by holding both buttons for 5 seconds.
- **Poor cleaning performance:** Empty the dustbin, clean the main and side brushes, and check/replace HEPA filters. Ensure the water tank is filled for mopping.
- **Unusual noise:** Check for any foreign objects tangled in the brushes or wheels. Clean the brushes thoroughly.
