2. Pairing with Your Device

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, laptop), go to the Bluetooth settings.
4. Search for available devices and select "G21 Pro" from the list.
5. Once connected, the earbuds will automatically connect to your device when removed from the case for future use.

Touch Controls

The earbuds feature high-precision touch controls for easy management of audio and calls:

- **Play/Pause:** Single tap on either earbud.
- **Volume Up:** Single tap on the Right earbud.
- **Volume Down:** Single tap on the Left earbud.
- **Next Song:** Double tap on the Right earbud.
- **Previous Song:** Double tap on the Left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Hold either earbud for 2 seconds.
- **Activate Voice Assistant (Siri, Google Assistant):** Triple tap on either earbud.

FEATURES OVERVIEW

Advanced Bluetooth 5.4 Connectivity

The G21 Pro earbuds feature upgraded Bluetooth 5.4 technology, offering faster pairing (within 1 second), reduced power consumption by 40%, improved signal stability by 60%, and enhanced interference immunity by 55%. This ensures a seamless and stable connection for an immersive audio experience.

High-Fidelity Audio and ENC Clear Calls

Equipped with 14.2mm graphene drivers and a triple-layer composite diaphragm, these earbuds deliver crisp, clear, and balanced stereo sound with an 85% bass boost. The 4 ENC (Environmental Noise Cancelling) microphones effectively reduce 80% of external noise, ensuring clear call quality even in noisy environments.

High-Quality Stereo Sound

14.2mm speaker, nano-scale material,
emits a sound closer to the original sound.

Lightweight, Ergonomic, and IP-X7 Waterproof Design

Each earbud weighs only 3.6 grams, providing a zero-pressure wearing experience. The ergonomic design, coupled with three sizes of ear caps, ensures a comfortable and secure fit for various ear shapes. Constructed with ultra-light nanomaterials, the earbuds boast an IP-X7 waterproof rating, making them resistant to dust and rain, ideal for workouts, sports, and daily use.

Extended Playtime and LED Power Display

Enjoy 6-8 hours of playtime on a single charge, with an additional 36 hours provided by the charging case, totaling over 40 hours of use. The dual LED battery display on the charging case allows you to monitor the power status of both the case (0-100%) and each earbud in real-time.

MAINTENANCE

- **Cleaning:** Regularly clean the earbuds, especially the ear tips and charging contacts, with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage.
- **Charging:** Avoid overcharging or completely draining the battery frequently to prolong battery life.
- **Water Exposure:** While IP-X7 waterproof, avoid prolonged submersion in water. Ensure earbuds are dry before placing them back in the charging case.

TROUBLESHOOTING

- **Earbuds not pairing:** Ensure both earbuds are in the charging case, then open the lid to activate pairing mode. Check your device's Bluetooth settings and select "G21 Pro". If issues persist, try forgetting the device on your phone and re-pairing.
- **Only one earbud working:** Place both earbuds back into the charging case, close the lid, and then open it again. This often resets the connection between the two earbuds.
- **No sound:** Check the volume level on both your device and the earbuds. Ensure the earbuds are properly connected via Bluetooth.
- **Charging issues:** Ensure the USB-C cable is securely connected to both the case and the power source. Clean the charging contacts on the earbuds and inside the case.
- **Poor call quality:** Ensure the earbuds are properly seated in your ears. Check for any obstructions around the microphones.

SPECIFICATIONS
