Nulea HA398, M509

Nulea HA398 Ergonomic Keyboard and M509 Wired Trackball Mouse

USER MANUAL

Introduction

Thank you for choosing the Nulea HA398 Ergonomic Keyboard and M509 Wired Trackball Mouse. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your new devices. These products are designed to enhance comfort and productivity with their ergonomic features and reliable wired connection.

Package Contents

Please verify that all items are present in your package:

- Nulea HA398 Ergonomic Keyboard
- Nulea M509 Wired Trackball Mouse
- User Manual (this document)

Setup

Connecting the Keyboard and Mouse

The Nulea HA398 keyboard and M509 mouse feature a versatile 2-in-1 USB-A and USB-C connector for broad compatibility. No drivers are required for installation; simply plug the devices into an available USB port on your computer.

1. Locate an available USB-A or USB-C port on your computer (Mac, PC, or laptop).
2. Plug the 2-in-1 connector from the keyboard and mouse into the chosen USB port.
3. The devices are plug-and-play and should be recognized automatically by your operating system.

Plug and Play Type C and USB Plug, 2 in 1 Port.

Operating the Keyboard (HA398)

Ergonomic Design

The HA398 keyboard features a 3D curved and split layout designed to promote a natural hand and wrist posture, reducing strain during extended typing sessions. The integrated cushioned wrist rest provides continuous support.

Split Ergonomic Design

Supports natural hand and wrist alignment

Operating the Trackball Mouse (M509)

Thumb Control Trackball

The M509 trackball mouse allows for precise cursor control using your thumb, minimizing wrist and arm movement. This design helps to reduce strain and improve comfort, especially during prolonged use.

Ergo-Designed

*Scientific angles for all-day comfort
ensure you stay relaxed.*

Maintenance

Cleaning the Keyboard

- Disconnect the keyboard from your computer before cleaning.
- Use a soft, lint-free cloth lightly dampened with water or a mild cleaning solution to wipe the surface.

- Avoid excessive moisture and do not spray cleaners directly onto the keyboard.
- Use compressed air to remove dust and debris from between the keys.

Cleaning the Trackball Mouse

- Disconnect the mouse from your computer.
- To clean the trackball, gently push the trackball from the bottom opening to remove it.
- Wipe the trackball with a soft, dry cloth.
- Clean the inside cavity of the mouse, especially the optical sensor and support points, with a cotton swab or compressed air.
- Reinsert the trackball into the mouse.

Troubleshooting

Keyboard or Mouse Not Responding

- **Check Connection:** Ensure the USB connector is securely plugged into your computer's USB port.
- **Try a Different Port:** Plug the devices into another USB-A or USB-C port on your computer.
- **Restart Computer:** Sometimes a simple restart can resolve connectivity issues.
- **Test on Another Computer:** If possible, test the keyboard and mouse on a different computer to determine if the issue is with the devices or your computer.

Trackball Movement is Erratic or Sticky

- **Clean Trackball:** Refer to the "Cleaning the Trackball Mouse" section in Maintenance. Dust or debris can accumulate and affect performance.
- **Check Surface:** Ensure the mouse is on a clean, flat surface if you are using it on a mousepad, though the trackball design reduces this dependency.

Specifications

Brand	Nulea
Keyboard Model	HA398
Mouse Model	M509
Connection Type	Wired (USB-A / USB-C 2-in-1)
