

## iRobot 415X

# iRobot Roomba 415X Robot Vacuum & Mop Combo User Manual

## INTRODUCTION

---

The iRobot Roomba 415X Robot Vacuum & Mop Combo is designed to provide automated floor cleaning, combining vacuuming and mopping functionalities. This device helps manage daily messes such as dust, crumbs, pet hair, and spills, maintaining clean floors with minimal user intervention. It features multiple cleaning modes, smart navigation, and an advanced docking station for self-maintenance.

The iRobot Roomba 415X Robot Vacuum & Mop Combo.

## WHAT'S IN THE BOX

---

Upon unboxing your iRobot Roomba 415X, ensure all components are present:

- iRobot Roomba 415X Combo Robot
- AutoWash Dock
- 2 Pairs of DualClean Mop Pads
- Edge-Sweeping Brush
- 2 AllergenLock Bags

## OPERATING INSTRUCTIONS

---

The Roomba 415X offers versatile cleaning options to suit various needs.

## Cleaning Modes

- **Vacuum-Only:** For dry debris pickup.
- **Mop-Only:** For refreshing hard floors.
- **Vacuum and Mop:** Simultaneous cleaning for everyday maintenance.
- **Vacuum then Mop:** For a deeper, more thorough clean.

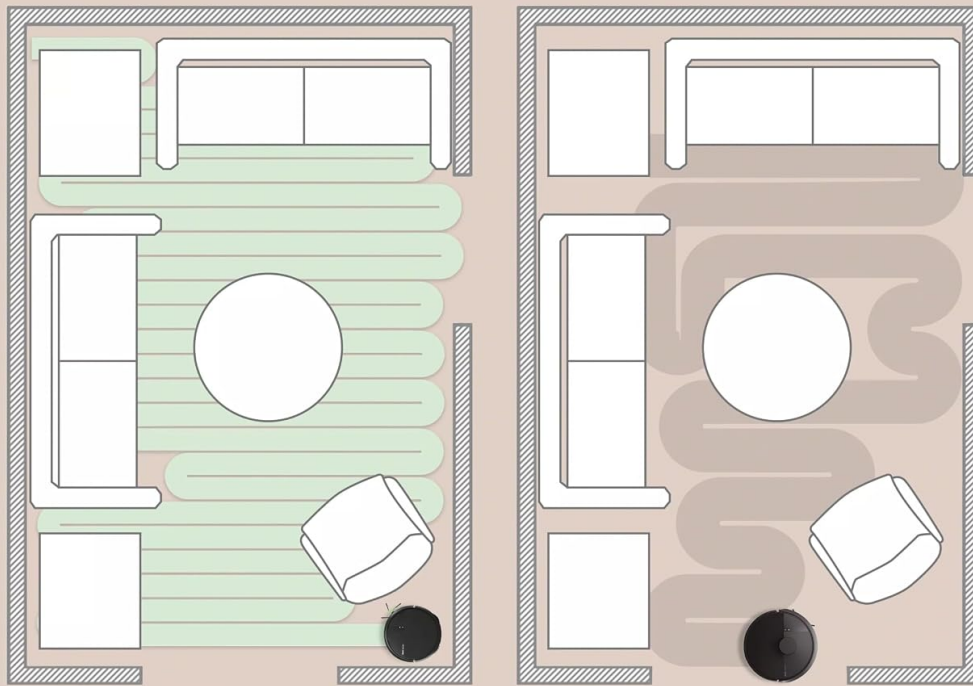

## Smart Features

- **SmartScrub Technology:** Applies additional pressure to tackle stubborn, dried-on messes like dried food or muddy paw prints.
- **LiDAR Mapping and Obstacle Avoidance:** Enables the robot to navigate efficiently around furniture, cords, and other obstacles without requiring pre-cleaning.
- **Carpet Detection:** Automatically lifts mop pads by 10mm when transitioning to carpets to keep them dry while continuing to clean hard floors.

The DualClean mop pads provide powerful scrubbing action.

**46% smaller design\***  
**fits under more furniture.**  
**Reaches more of your floors.**

**Roomba® 415X Combo Robot**

**Standard-Size Robot**

Control your Roomba 415X using the app, voice commands, or on-robot buttons.

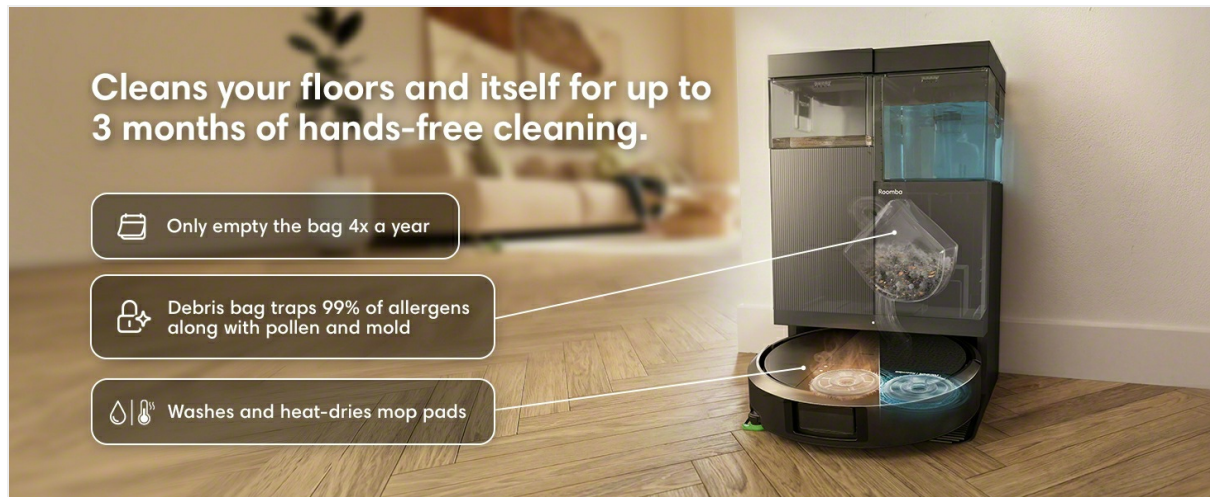

## MAINTENANCE

---

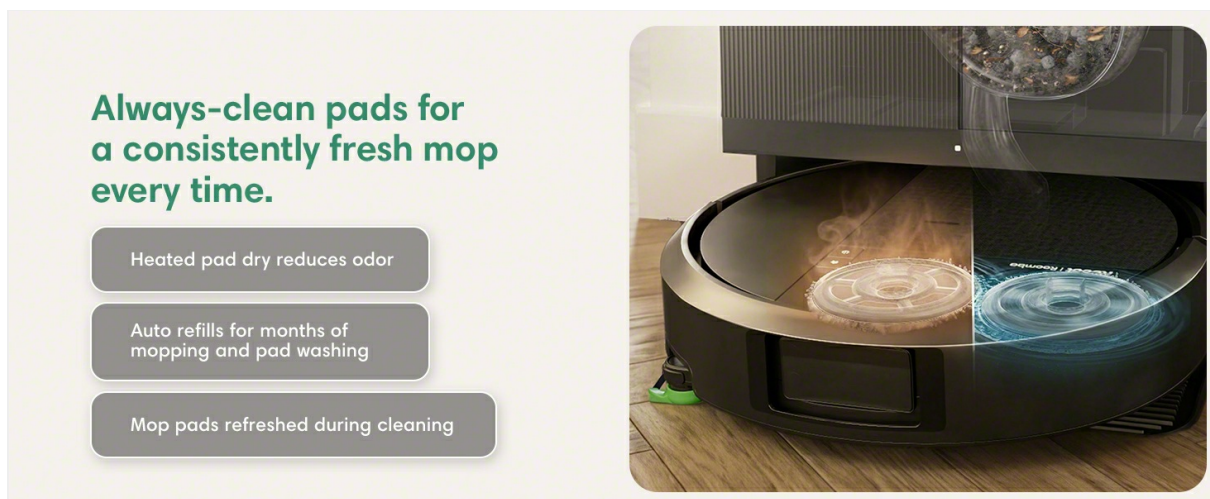

Regular maintenance ensures optimal performance and longevity of your Roomba 415X.

### AutoWash Dock

The dock automatically washes and heat-dries the mop pads at 113°F after each cleaning cycle, preventing odors and ensuring fresh pads for every use. It also refills the robot's water tank.

The multifunction dock provides auto-wash, heat-dry, and self-emptying capabilities.

Always-clean pads ensure a consistently fresh mop every time.

### Self-Emptying

The dock automatically empties the robot's debris bin into an AllergenLock bag, providing up to 90 days of hands-free dust disposal.

### Brush Care

The tangle-free rubber brushes are designed to capture pet hair effectively without clogging, reducing the need for frequent manual hair removal.

## TROUBLESHOOTING

---

If your iRobot Roomba 415X encounters an issue, consider the following common solutions:

- **Robot Not Charging:** Ensure the robot is properly docked and the charging contacts on both the

robot and the dock are clean. Verify the dock is plugged into a working power outlet.

- **Navigation Issues:** Clear any new obstacles or clutter from the cleaning path. Clean the robot's sensors with a dry cloth. Ensure adequate lighting for LiDAR navigation.
- **Poor Cleaning Performance:** Check and clean the brushes, filters, and mop pads. Replace worn-out components as needed. Ensure the water tank is filled for mopping.
- **App Connectivity Problems:** Restart the robot and your Wi-Fi router. Ensure the iRobot Home App is updated to the latest version.

## SPECIFICATIONS

---

Detailed technical specifications for the iRobot Roomba 415X:

<b>Brand</b>	iRobot
