Braun NEVO 17010C Premium Electric Shaver Instruction Manual

Model: NEVO 17010C | Brand: Braun

1. INTRODUCTION

The Braun NEVO 17010C is a premium electric shaver designed for men, featuring advanced AeroTouch Technology for a close and comfortable shave. This manual provides essential information for the safe and effective use, setup, operation, and maintenance of your Braun NEVO shaver and its accompanying accessories.

Please read this instruction manual thoroughly before using the device for the first time and keep it for future reference.

2. SAFETY INFORMATION

CAUTION: Flammable & Eye Irritant. The cleaning cartridge substance is flammable. Keep locked up and out of reach of children and pets. Keep the container tightly closed. Keep away from sources of ignition. No smoking. The substance is an eye irritant. Do not get in eyes.

FIRST AID TREATMENTS: Contains ethanol. If swallowed, call a Poison Control Centre or doctor immediately. Do not induce vomiting. If in eyes, rinse for 15 minutes with water.

This appliance is suitable for use in a bath or shower. For safety reasons, the shaver can only be operated cordless.

4. SETUP

4.1 Charging the Shaver

Before first use, fully charge your Braun NEVO shaver. Connect the charging cable to the shaver and a power outlet. A full charge provides up to 60 minutes of cordless shaving. A 5-minute quick charge is sufficient for one shave.

4.2 Assembling the 7-in-1 Care System

1. Open the lid of the 7-in-1 Care System.
2. Insert a fresh cleaning cartridge into the base until it clicks into place.

3. Close the lid.
4. Place the shaver head-down into the Care System. Ensure it is securely seated for charging and cleaning.

5. OPERATING INSTRUCTIONS

5.1 Shaving

The Braun NEVO shaver can be used for both wet and dry shaving. For optimal results, ensure your skin is clean and dry for dry shaving, or use with shaving foam/gel for wet shaving.

- **Power On/Off:** Press the power button on the shaver handle.
- **Shaving Technique:** Move the shaver in straight, firm strokes against the direction of hair growth. The AeroTouch Technology and 40° adaptive head are designed to glide smoothly and adapt to facial contours.
- **Smart Processor:** The integrated Smart Processor automatically adapts power in real-time to your beard density, ensuring consistent performance.

5.2 Smart Display Features

The Smart Display provides real-time information and guidance for optimal shaver performance:

- **Battery Level:** Indicates the remaining battery charge.
- **Shaving Intensity:** Shows the current power output.
- **Cleaning Reminders:** Alerts you when cleaning is recommended.
- **Blade Replacement Alerts:** Notifies you when it's time to replace the shaver head for continued peak performance.

5.3 Using the Power Travel Case

The Power Travel Case allows for convenient charging and protection on the go. It provides an additional 50% runtime, extending your cordless shaving capability for up to 6 weeks.

- Place the shaver securely inside the Power Travel Case.
- The case itself can be charged via a USB connection (cable not included).
- The water-repellent fabric protects your shaver during travel.

6. MAINTENANCE

6.1 Manual Cleaning

For quick cleaning, rinse the shaver head under running water after each use. The shaver is 100% waterproof.

- Remove the shaver head.
- Rinse the shaver head and the underlying cutting elements thoroughly under warm running water.
- Use the provided cleaning brush to remove any stubborn hair particles.
- Allow parts to air dry before reassembling.

6.2 Using the 7-in-1 Care System

For comprehensive cleaning, lubrication, drying, and charging, use the 7-in-1 Care System. This system cleans up to 10 times better than water, optimizes blade performance, and extends shaver life.

1. Ensure a cleaning cartridge is installed in the Care System.
2. Place the shaver head-down into the Care System.
3. Press the start button on the Care System to initiate the cleaning cycle. The system will automatically select the appropriate program.

6.3 Replacing the Shaver Head

The Smart Display will alert you when it's time to replace the shaver head (foil and cutter block) to maintain peak shaving performance. Typically, this is recommended every 18 months, depending on usage.

1. Turn off the shaver.
2. Press the release buttons on the sides of the shaver head and pull it upwards to remove.
3. Align the new shaver head with the shaver body and press down until it clicks into place.

7. TROUBLESHOOTING

If you encounter issues with your Braun NEVO shaver, please refer to the following common solutions:

- **Shaver not turning on:** Ensure the shaver is charged. Connect it to the charging cable or place it in the Care System.
- **Poor shaving performance:** Clean the shaver head thoroughly. If performance does not improve, consider replacing the shaver head as indicated by the Smart Display.
- **Care System not cleaning:** Check if the cleaning cartridge is correctly inserted and contains sufficient cleaning fluid. Ensure the shaver is properly seated in the system.
- **Unusual noise:** Disassemble the shaver head and clean it. Reassemble carefully. If the noise persists, contact customer support.

For further assistance, please refer to the Braun customer support website or contact their service center.
