2. PRODUCT OVERVIEW

The OHO Sunshine Edge Plus A31pro smart glasses combine eyewear with advanced technology. Key features include:

- **Bluetooth 5.3 Connectivity:** For audio streaming and hands-free calls.
- **4K Camera:** Integrated for high-resolution video recording.
- **Blue Light Blocking Lenses:** Provides UV protection and reduces eye strain.
- **Open Ear Speakers:** Delivers audio without blocking ambient sounds.
- **Voice Assistant Compatibility:** Supports Siri, Google Now, and Cortana.
- **64GB Internal Memory:** Stores approximately 5 hours of 4K video.

Component Identification

Image 2.1: Diagram illustrating the key components of the smart glasses, including the built-in camera, replaceable lens, microphone, power button, USB-C port, volume control button, and open ear speakers.

3. SETUP

3.1 Charging the Glasses

Before first use, fully charge the smart glasses. Connect the provided USB-C charging cable to the glasses' USB-C port and a power source. A full charge takes approximately 2 hours. The glasses can operate while charging.

Image 3.1: The smart glasses connected via a USB-C cable for charging.

3.2 Bluetooth Pairing

To connect the glasses to your smartphone or other Bluetooth-enabled device:

1. Ensure the glasses are charged and powered on.
2. Activate Bluetooth on your device.
3. Press and hold the Bluetooth button on the glasses until the indicator light flashes, indicating pairing mode.
4. Select "OHO Sunshine Edge Plus" from the list of available devices on your phone.
5. Once connected, the indicator light will change to a steady blue.

4. OPERATING INSTRUCTIONS

4.1 Basic Controls

The smart glasses feature intuitive controls for ease of use:

Easy to Control !

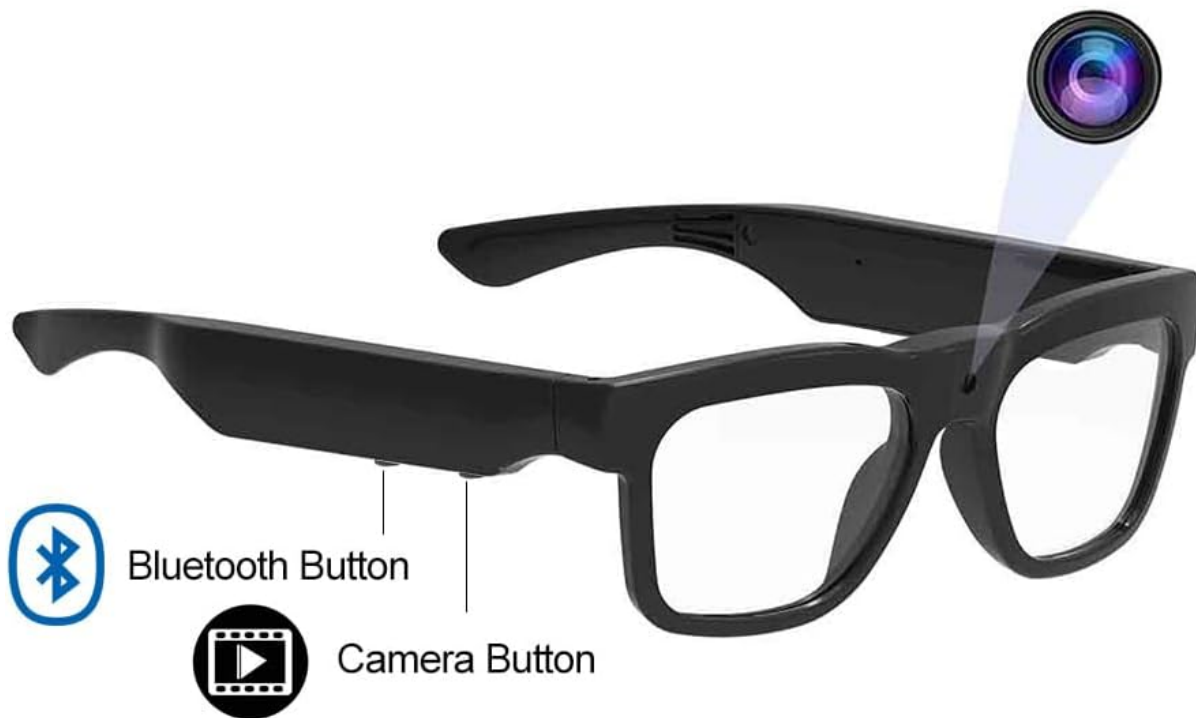

Image 4.1: Location of the Bluetooth and Camera buttons on the smart glasses.

- **Power Button:** Located on the temple, used for powering on/off and other functions as indicated by the manual.
- **Bluetooth Button:** Controls Bluetooth pairing and call management.
- **Camera Button:** Initiates and stops video recording.
- **Volume Control Button:** Adjusts audio volume.

4.2 Bluetooth Audio and Calls

Once paired, you can stream audio and manage calls through the open-ear speakers.

- **Playing Music:** Audio from your connected device will play through the open-ear speakers.
- **Answering/Ending Calls:** Use the Bluetooth button to answer or end phone calls.
- **Voice Assistant:** Activate your device's voice assistant (Siri, Google Now, Cortana) for hands-free control of music, navigation, and calls.

5. MAINTENANCE

5.1 Cleaning

To clean the lenses and frame, use a soft, lint-free cloth. For stubborn smudges, a small amount of lens cleaning solution

can be applied to the cloth, not directly to the lenses or frame. Avoid abrasive materials or harsh chemicals.

5.2 Water Resistance

The smart glasses are water-resistant for light rain and sweat. They are not designed for swimming or heavy water exposure. Avoid submerging the glasses in water.

5.3 Lens Replacement

The lenses are interchangeable. Refer to the product packaging or manufacturer's website for specific instructions on how to safely replace the lenses.

6. TROUBLESHOOTING

- **No Power:** Ensure the glasses are fully charged. Connect to the charger and check the indicator light.
- **Bluetooth Connectivity Issues:** Ensure Bluetooth is enabled on your device and the glasses are in pairing mode. Try unpairing and re-pairing the device. Ensure no other devices are interfering with the Bluetooth signal.
- **Video Recording Not Working:** Check if the internal memory is full. Transfer files to a computer to free up space. Ensure the camera button is pressed correctly to start/stop recording.
- **Poor Audio Quality:** Ensure the glasses are positioned correctly on your head. Check the volume levels on both the glasses and your connected device.
- **Files Not Transferring:** Ensure the USB-C cable is securely connected to both the glasses and the computer. Try a different USB port or cable.

7. SPECIFICATIONS
