Lehoo Castle DH-003

Lehoo Castle Wooden Dollhouse Instruction Manual

Model: DH-003

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Lehoo Castle Wooden Dollhouse, Model DH-003. This 3-story dollhouse features 5 distinct rooms and includes 38 pieces of furniture, designed to provide an engaging play experience. Please read all instructions carefully before beginning assembly or use.

SAFETY INFORMATION

- This product is recommended for ages 3 years and up.
- Ensure all parts are securely fastened during assembly to prevent hazards.
- Keep small parts away from young children before and during assembly to avoid choking hazards.
- The dollhouse is crafted from FSC-certified heavy-duty wood with smooth, burr-free edges and non-toxic finishes.
- Requires 6 AA batteries (not included) for the working lights. Ensure batteries are inserted correctly according to polarity markings.

SETUP AND ASSEMBLY

Assembly of the Lehoo Castle Wooden Dollhouse typically takes approximately 60 minutes. All necessary parts are clearly labeled, and an intuitive manual is included to guide you through the process. A small screwdriver is provided for convenience.

Assembly Steps:

1. Unpack all components and verify against the parts list provided in the included manual. Ensure all pieces are present and undamaged.
2. Follow the step-by-step instructions in the manual. Each step highlights the specific pieces required and their orientation.
3. Precisely pre-drilled holes ensure accurate alignment of all wooden components.
4. When installing the living room light, ensure the wire is fed through the designated slot in the back wall before securing the floor above it.
5. Insert 3 AA batteries into each of the two light battery packs (total 6 AA batteries, not included). The battery packs can be tucked into the wooden holder on the back of the house.
6. Secure all screws firmly but do not overtighten to avoid damaging the wood.

MAINTENANCE

To ensure the longevity and safety of your Lehou Castle Wooden Dollhouse, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the wood and non-toxic finishes.
- **Storage:** Store the dollhouse in a dry environment, away from direct sunlight or extreme temperatures, to prevent warping or fading of the wood.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Battery Replacement:** Replace AA batteries in the light units as needed. Dispose of used batteries responsibly.
- **Wood Care:** The dollhouse is made from FSC-certified Beech Wood. Avoid prolonged exposure to moisture.

TROUBLESHOOTING

If you encounter any issues with your dollhouse, please refer to the following common solutions:

- **Missing or Damaged Parts:** If you find any parts missing or damaged upon unboxing, please contact Lehoo Castle customer service for assistance.
- **Lights Not Working:** Ensure 6 AA batteries are correctly installed in the battery packs and are not depleted. Check that the light wires are properly connected and not pinched.
- **Assembly Difficulties:** Double-check the instruction manual for the correct orientation of pieces, especially for similar-looking wooden panels. Ensure wires for lights are routed correctly during assembly.
- **Loose Balcony Railings or Plastic Panels:** These components may occasionally become dislodged during play. Reattach them carefully. If they frequently detach, consider applying a small amount of wood glue (not included) to the connection points for added stability, ensuring it is child-safe and applied in a well-ventilated area.
- **Stiff Doll Figures:** The included doll figures have a design that may make their limbs feel stiff. Gentle manipulation can help, but they may not be as poseable as other doll types.
