2. WHAT'S INCLUDED

Verify that all items are present in your package:

- Fire TV Stick HD
- Alexa Voice Remote
- Power cable
- 2 AAA batteries
- Quick Start Guide

Note: An HDMI extender is available separately if needed.

3. SETUP GUIDE

3.1 System Requirements

- High-definition television with an available high-speed HDMI input.
- Internet connection via Wi-Fi.
- TV compatibility: High-definition TVs with HDMI capable of 1080p or 720p at 60/50Hz.

3.2 Connecting Your Fire TV Stick HD

1. Insert the Fire TV Stick HD directly into an available HDMI port on your television. The device is designed to be thin and light, connecting without blocking other ports.
2. Connect the power cable to the Fire TV Stick HD's USB-C port and then to a power outlet.
3. Insert the two AAA batteries into the Alexa Voice Remote.
4. Turn on your television and select the correct HDMI input source.
5. Follow the on-screen instructions to connect to your Wi-Fi network and register your device.

4. OPERATING YOUR FIRE TV STICK HD

4.1 Navigation and Interface

The Fire TV Stick HD offers a streamlined navigation experience. The updated Fire TV interface features a modern design, allowing quick access to movies, shows, and live TV. You can browse dedicated content categories, pin your favorite apps, and receive personalized recommendations.

Meet the newest Fire TV experience

4.2 Using the Alexa Voice Remote

The included Alexa Voice Remote enables voice control for your Fire TV Stick HD. Press the voice remote button and speak naturally to:

- Search for content across your installed applications.
- Manage compatible smart home devices.
- Access information on various topics.

The remote can also control certain functions (such as power and volume) on a wide range of compatible IR-enabled devices, including TVs, soundbars, and A/V receivers. Note that some functions may not be available on all IR-enabled

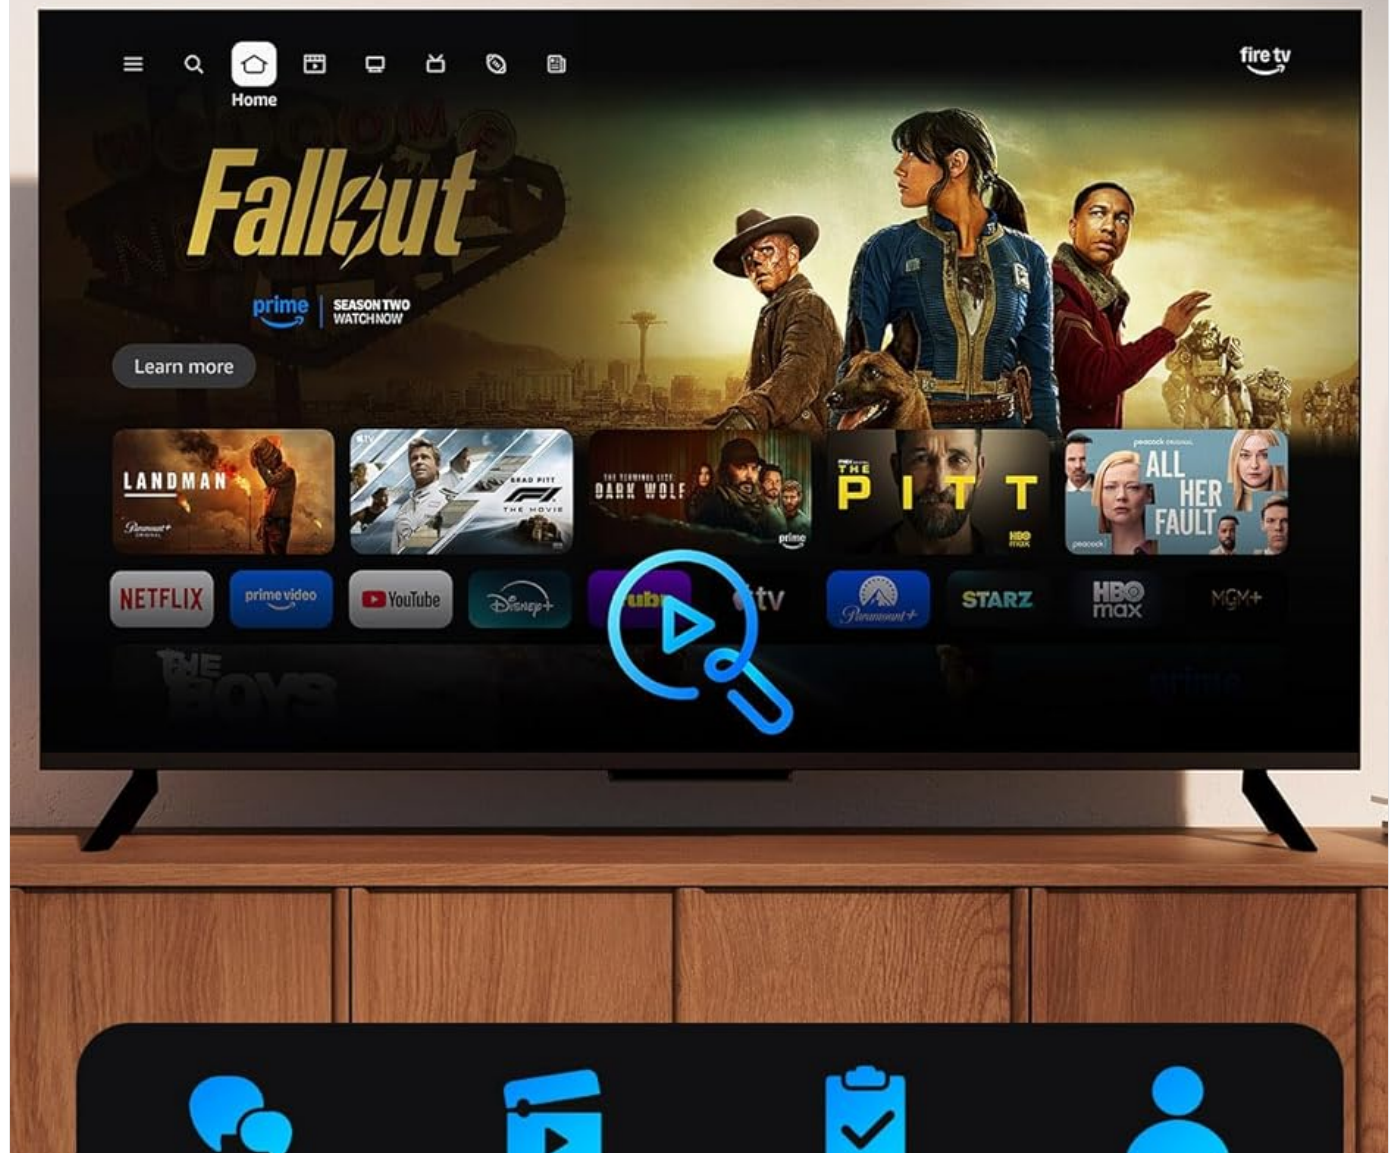

devices.

Alternatively, you can use the free Fire TV app (available for download on Fire OS, Android, and iOS) for voice control.

5. MAINTENANCE

5.1 Software Updates

Your Fire TV Stick HD receives regular software security updates to ensure optimal performance and security. These updates are typically automatic when connected to the internet. For more information, refer to the Amazon website regarding software security updates for Fire TV devices.

5.2 General Care

- Keep the device and remote clean by wiping with a soft, dry cloth.
- Avoid exposing the device to extreme temperatures, direct sunlight, or moisture.
- Do not attempt to disassemble the device.

6. TROUBLESHOOTING

6.1 No Power or Display

- Ensure the power cable is securely connected to the Fire TV Stick HD and a working power outlet.
- Verify that your TV is on and set to the correct HDMI input.
- Try a different HDMI port on your TV.

6.2 Remote Not Responding

- Check if the batteries in the Alexa Voice Remote are correctly inserted and have sufficient charge. Replace them if

necessary.

- Move closer to your Fire TV Stick HD.
- If the issue persists, try re-pairing the remote by holding the Home button for 10 seconds.

6.3 Wi-Fi Connectivity Issues

- Ensure your Wi-Fi router is on and functioning correctly.
- Restart your Fire TV Stick HD by unplugging it from power for a few seconds and plugging it back in.
- Go to the Fire TV settings to check network status and reconnect to your Wi-Fi network.
- Ensure your Wi-Fi password is entered correctly.
