2. Safety Information

Please observe the following safety precautions to prevent injury or damage to the product:

- **Assembly:** This product is delivered in two parcels and is heavy. Assembly requires at least two adults. Do not attempt to assemble alone.
- **Anti-Tipping Device:** Two anti-tipping devices are included. It is strongly recommended to fix the bookshelf to the wall using these devices to prevent accidental tipping, especially in households with children or pets.
- **Weight Capacity:** Each shelf can support up to 15 kg (33 lbs). Do not exceed this weight limit per shelf or the overall capacity of the unit. Distribute weight evenly.
- **Placement:** Place the bookshelf on a flat, stable surface. Avoid placing it in areas with high humidity or direct sunlight to prevent material degradation.

- **Handling:** When moving the assembled unit, empty the shelves first and lift carefully to avoid structural stress.

3. Package Contents

Before assembly, verify that all components are present. The package is delivered in two separate parcels.

4. Setup (Assembly Instructions)

Follow the detailed, illustrated instructions provided in the package for step-by-step assembly. Ensure you have adequate space and assistance for assembly.

1. **Unpack:** Carefully unpack both parcels and lay out all numbered parts and hardware on a clean, soft surface to prevent scratches.
2. **Identify Components:** Refer to the parts list in the instruction manual to identify each component.
3. **Assemble Frame:** Begin by assembling the main frame structure according to the diagrams. Ensure all connections are secure.
4. **Install Shelves:** Insert the 15 shelves into their designated slots. The 1.5 cm thick panels provide enhanced load capacity.
5. **Attach Back Panel:** Secure the reinforced back panel using the provided fasteners. This enhances rigidity and protects your wall.
6. **Install Anti-Tipping Devices:** Crucially, attach the two L-shaped anti-tipping devices to the top rear of the bookshelf and secure them to a wall stud or appropriate wall anchor. This step is vital for stability and safety.
7. **Apply Hole Stickers:** Use the provided stickers to cover any visible screw holes for a clean finish.
