Soudorv Y10

Soudorv Y10 Smart Watch User Manual

Model: Y10

Introduction

This manual provides detailed instructions for the setup, operation, maintenance, and troubleshooting of your Soudorv Y10 Smart Watch. Please read this manual thoroughly before using the device to ensure proper functionality and to maximize your user experience.

Setup Guide

Follow these steps to set up your Soudorv Y10 Smart Watch and connect it to your smartphone.

1. **Charge the Smart Watch:** Before initial use, fully charge the watch using the provided magnetic charging cable. Connect the cable to a USB power adapter (not included) and attach the magnetic end to the charging points on the back of the watch.
2. **Download the App:** Scan the QR code in the watch's quick start guide or search for "FitCloudPro" in your smartphone's app store (compatible with iOS 9.0+ and Android 4.0+). Download and install the application.
3. **Enable Bluetooth:** On your smartphone, go to settings and ensure Bluetooth is turned on.
4. **Pair the Device:** Open the "FitCloudPro" app. Follow the in-app instructions to add a new device. Select "Y10" from the list of available devices. Confirm the pairing request on both your phone and the watch.
5. **Enable Bluetooth Call Function:** After successful pairing, navigate to the Bluetooth settings within the "FitCloudPro" app or your phone's Bluetooth settings to enable the call function for the watch. This allows you to make and receive calls directly from your watch.

Operating Instructions

Display and Watch Faces

The Soudorv Y10 features a 1.43-inch AMOLED color screen with 3D curved tempered glass. You can adjust the screen brightness manually for optimal visibility in various lighting conditions, including direct sunlight. The "FitCloudPro" app offers over 250 online watch faces, and you can also upload your own photos to personalize the watch background.

Bluetooth Calling and Notifications

With its built-in microphone and HD speaker, the smartwatch allows you to make, receive, and reject calls directly from your wrist. You can synchronize contacts and review call history through the device. The watch also supports message notifications from various applications such as Facebook, WhatsApp, Instagram, and Twitter. Ensure the "FitCloudPro" app is configured to receive these notifications.

Sports Modes and Activity Tracking

The Soudorv Y10 supports over 130 exercise modes, including running, cycling, hiking, skipping rope, dancing, yoga, and skiing. It records real-time data such as steps, distance, and calories, assisting you in tracking your fitness progress and optimizing your workouts.

Health Monitoring

Equipped with a high-precision VC30F photoelectric sensor, the watch monitors your heart rate and sleep patterns (deep sleep, light sleep, wake-up time) to provide insights into your physical health. It also includes a menstrual cycle tracking function for women.

Additional Functions

The Soudorv Y10 includes a powerful LED flashlight and a compass, useful for outdoor activities. Other practical functions include a timer, stopwatch, alarm clock, sedentary reminder, weather forecast, brightness adjustment, and a calculator.

Maintenance

- **Cleaning:** Regularly clean the watch screen and strap with a soft, dry cloth. For the silicone strap, a damp cloth with mild soap can be used, followed by thorough drying. Avoid harsh chemicals or abrasive materials.
- **Water Resistance:** The watch is IP68 waterproof, suitable for daily activities like hand washing and use in rain. However, it is not recommended for hot showers, saunas, or diving, as steam and high water pressure can compromise the seals.
- **Charging:** Use only the provided magnetic charging cable. Ensure the charging contacts on the watch and cable are clean and dry before charging to prevent corrosion.
- **Storage:** When not in use for extended periods, store the watch in a cool, dry place.

Troubleshooting

Problem	Solution
Watch does not turn on or charge.	• Ensure the charging cable is securely connected to both the watch and a working USB power source. • Clean the magnetic charging contacts on the watch and cable. • Try a different USB power adapter or port.

Problem	Solution
Cannot pair with smartphone.	• Ensure Bluetooth is enabled on your smartphone. • Make sure the watch is sufficiently charged. • Restart both your smartphone and the watch. • Ensure the "FitCloudPro" app is updated to the latest version. • If issues persist, try unpairing the device from your phone's Bluetooth settings and re-pairing through the app.
Notifications are not received.	• Verify that the watch is connected to your phone via Bluetooth. • Check notification settings within the "FitCloudPro" app to ensure app notifications are enabled. • Ensure your phone's notification settings allow the "FitCloudPro" app to display notifications.
Inaccurate health data readings.	• Ensure the watch is worn snugly on your wrist, but not too tight. • Clean the sensor on the back of the watch. • Avoid excessive movement during readings.

Specifications

Feature	Detail
Model Number	Y10
Operating System Compatibility	Android 4.0+ / iOS 9.0+
Screen Type	1.43-inch AMOLED 3D Screen
Connectivity	Bluetooth 5.4
