

MODILIC SP-01

MODILIC Foot Spa Bath Massager with Heat - Model SP-01 User Manual

Your guide to safe and effective use.

1. IMPORTANT SAFETY INSTRUCTIONS

Please read all instructions carefully before using this appliance. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Always unplug the appliance from the electrical outlet immediately after using and before cleaning.
- Do not reach for an appliance that has fallen into water. Unplug it immediately.
- Do not use while bathing or in a shower.
- Do not place or store appliance where it can fall or be pulled into a tub or sink. Do not place in or drop into water or other liquid.
- This appliance should never be left unattended when plugged in.
- Close supervision is necessary when this appliance is used by, on, or near children, invalids, or disabled persons.
- Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water. Contact customer service for examination and repair.
- Keep the cord away from heated surfaces.
- Never use while sleeping or drowsy.
- Never drop or insert any object into any opening.
- Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
- Do not operate without water. Ensure the water level is between the minimum and maximum fill lines before turning on.
- This product is designed for personal use and is not intended for medical purposes. Consult a doctor

before use if you have any medical conditions, especially diabetes, heart disease, or circulatory problems.

2. PRODUCT OVERVIEW

The MODILIC Foot Spa Bath Massager with Heat (Model SP-01) is designed to provide a relaxing foot soaking experience. It integrates several features to enhance comfort and hygiene.

- **Ozone + UV Freshness Support:** Helps maintain water cleanliness and reduce odors.
- **Blue Light:** Creates a calming ambiance for relaxation.
- **Massage Rollers & Bubbles:** Multiple rollers target pressure points, combined with bubble jets for tension relief.
- **Fast Heating & Temperature Control:** Quickly heats water to a set temperature (95°F-118°F) and maintains it.
- **Auto Shut-Off:** For safety and energy efficiency.
- **LCD Display:** For easy monitoring of settings.

3. PACKAGE CONTENTS

Please check the package for the following items:

- MODILIC Foot Spa Bath Massager Unit (Model SP-01)
- Power Cord
- User Manual

4. SETUP

1. **Placement:** Place the foot spa on a flat, stable, and dry surface. Ensure it is near an electrical outlet and away from other water sources.
2. **Fill with Water:** Fill the foot spa with warm or cold water. Ensure the water level is between the 'MIN' and 'MAX' fill lines indicated inside the tub. Do not overfill.
3. **Add Additives (Optional):** If desired, add Epsom salts or other foot spa-safe additives to the water. Stir gently to dissolve.
4. **Connect Power:** Plug the power cord into a standard electrical outlet.

5. OPERATING INSTRUCTIONS

Follow these steps to operate your MODILIC Foot Spa:

1. **Power On:** Press the Power button on the control panel to turn on the foot spa. The LCD display will illuminate.
2. **Set Temperature:** Use the temperature control buttons (usually '+' and '-') to set your desired water temperature between 95°F (35°C) and 118°F (48°C). The foot spa will begin heating the water to the set temperature.
3. **Activate Bubbles:** Press the Bubble button to activate the gentle bubble massage function.
4. **Engage Massage Rollers:** Place your feet into the foot spa. The integrated massage rollers will provide a soothing massage. Move your feet back and forth over the rollers for varied massage intensity.
5. **Ozone & UV Function:** Press the Ozone/UV button to activate the ozone and UV light functions, which help maintain water freshness.
6. **Blue Light:** Press the Blue Light button to turn on the blue light for an enhanced relaxing atmosphere.
7. **Timer (if available):** Some models may include a timer function. Refer to the specific controls on your unit to set a desired operating duration. The unit features an auto shut-off for safety.
8. **Power Off:** When finished, press the Power button to turn off all functions. Unplug the unit from the electrical outlet.

CONSTANT TEMPERATURE SPA

Adjustable 95°F-118°F.

Eliminates the hassle of refilling hot water.
Maintains consistent warmth for a relaxing soak.

6. MAINTENANCE AND CLEANING

Proper maintenance ensures the longevity and hygiene of your foot spa.

1. **Drain Water:** After each use, unplug the unit and carefully pour out the water.
2. **Clean the Tub:** Wipe the inside of the tub with a soft, damp cloth and a mild, non-abrasive cleaner. Rinse thoroughly to remove any soap residue.
3. **Clean Rollers:** Use a small brush to clean any debris from the massage rollers.
4. **Dry Thoroughly:** Ensure all parts are completely dry before storing.
5. **Storage:** Store the foot spa in a cool, dry place, away from direct sunlight and out of reach of children. Do not wrap the power cord around the unit tightly.
