LIGE DM1-I

LIGE DM1-I Smartwatch User Manual

Model: DM1-I

INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your LIGE DM1-I Smartwatch. Please read this manual thoroughly before using the device to ensure proper function and to maximize your user experience. The LIGE DM1-I is a robust smartwatch designed for active lifestyles, featuring integrated GPS, health monitoring, and communication capabilities.

PACKAGE CONTENTS

Verify that all items are present in your package:

- Smartwatch-DM1
- Charging Cable (USB, Type-C)
- Watch Strap (silicone*2)
- User Manual

SETUP

1. Charging the Device

Before first use, fully charge your smartwatch. Connect the provided charging cable (USB or Type-C) to the charging port on the back of the watch and to a power source. A full charge typically takes approximately 2 hours.

2. Installing the App

Download the "GloryFitPro" app from your smartphone's app store (compatible with Android and iOS devices). This app is essential for synchronizing data, managing settings, and accessing advanced features.

3. Pairing with Your Smartphone

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the "GloryFitPro" app and follow the on-screen instructions to add your device.
3. Select "DM1-I" from the list of available devices to establish the connection.
4. Confirm the pairing request on both your smartphone and the smartwatch.

OPERATING INSTRUCTIONS

Display and Navigation

The DM1-I features a 1.43-inch AMOLED HD display with a resolution of 466*466 pixels. Navigate the interface using touch gestures and the physical buttons on the side of the watch.

Image: Close-up of the LIGE DM1-I Smartwatch's vivid 1.43-inch AMOLED display, showcasing a digital watch face with time and other information.

The watch supports Always-On Display (AOD) with 6 pre-set styles and offers over 200 customizable watch faces via the app. Functional cards can be customized to display heart rate, blood oxygen, and stress data.

Outdoor Features: GPS, Compass, Altimeter, Barometer

The DM1-I is equipped with an integrated GPS that supports six major satellite positioning systems (L1 and L5 signals) for stable and precise positioning during outdoor activities. The built-in compass, Goerl SPL07-03 altimetric pressure sensor, and altimeter provide real-time altitude and atmospheric pressure data.

The integrated AI voice assistant provides hands-free control for calls and other functions.

Health Monitoring

The DM1-I features an advanced VC30F sensor for continuous health monitoring. It accurately tracks:

- **Heart Rate:** Real-time monitoring.
- **Blood Oxygen (SpO2):** Measures blood oxygen levels.
- **Stress Levels:** Provides insights into your stress.
- **Sleep Quality:** Tracks deep sleep, light sleep, REM, and awake times.
- **Menstrual Cycle:** For female users, tracks and predicts cycles.

It tracks calories burned, steps, distance, and heart rate during workouts.

Durability and LED Flashlight

The DM1-I features a military-grade design with 9H hardness glass and a durable metal casing, offering protection against

scratches and impacts. It is 5ATM water-resistant, suitable for swimming and water activities.

600mAh

Battery Life and Charging

The 600mAh military-grade cobalt battery provides extended usage:

- Up to 15 days in smartwatch mode.
- Up to 48 hours with continuous GPS usage.
- Up to 20 days in power-saving mode.

Charging is convenient with both USB and Type-C cables included.

Additional Features

The DM1-I includes various other functions:

- Always-On Display
- Smart Reminders
- Weather Forecasts
- Remote Camera Control
- Music Playback Control
- Calculator
- Timer
- Stopwatch
- Alarm Clock
- Phone/Watch Finder
- Vibration and Sounds

MAINTENANCE

- **Cleaning:** Regularly clean the watch and straps with a soft, dry cloth. For water-resistant models, a damp cloth can be used, but ensure the watch is dry before charging.
- **Charging:** Use only the provided charging cables. Avoid exposing the charging contacts to water or corrosive liquids.
- **Storage:** Store the watch in a cool, dry place when not in use. Avoid extreme temperatures.
- **Water Resistance:** While 5ATM water-resistant, avoid prolonged submersion in hot water, steam, or high-velocity water jets. Do not operate buttons underwater.

TROUBLESHOOTING

Problem	Solution
Watch does not turn on.	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with smartphone.	<ul style="list-style-type: none">• Ensure Bluetooth is enabled on your phone.• Make sure the watch is within range of your phone.• Restart both the watch and the phone.• Check if the "GloryFitPro" app is updated to the latest version.• Forget the device in your phone's Bluetooth settings and try pairing again.
Inaccurate GPS readings.	Ensure you are in an open outdoor area with a clear view of the sky. Allow the watch sufficient time to acquire satellite signals.
Notifications not received.	<ul style="list-style-type: none">• Check app permissions for "GloryFitPro" on your phone to ensure notification access.• Verify that notifications are enabled within the "GloryFitPro" app settings.• Ensure the watch is connected via Bluetooth.
Health data seems incorrect.	Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch. Avoid sudden movements during measurements.
