2. SETUP GUIDE

2.1. Package Contents

Before you begin, ensure all items are present in the box:

- OPPO F33 5G Smartphone
- Phone Case
- Power Adapter (80W SUPERVOOC)
- Quick Start Guide
- SIM Tray Ejector
- Screen Protector (pre-applied or in box)

2.2. Inserting SIM Cards

1. Locate the SIM card tray on the side of the phone.

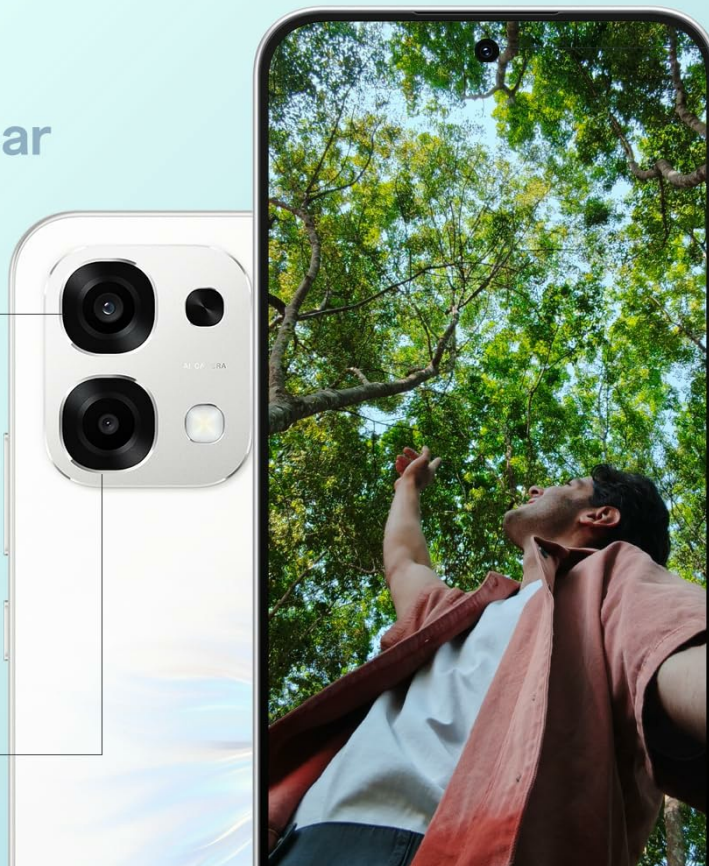

2. Insert the SIM tray ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM cards into the designated slots on the tray. This device supports Dual SIM functionality.
4. Carefully reinsert the SIM tray into the phone.

2.3. Initial Charging and Power On

1. Connect the provided Power Adapter to the USB Type-C port at the bottom of the phone.
2. Plug the adapter into a power outlet. The phone will begin charging.
3. Once sufficiently charged, press and hold the Power button (usually on the right side) until the OPPO logo appears on the screen.
4. Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi connection, and Google account setup.

3. OPERATING INSTRUCTIONS

3.1. Camera Features

The OPPO F33 5G is equipped with a versatile camera system:

- **50MP AI Main Camera:** Captures high-resolution images with AI enhancements for optimal clarity and color.
- **16MP Front Camera:** Designed for clear selfies and video calls.
- **AI Pop Out:** An AI feature that allows you to isolate subjects from backgrounds in photos.
- **AI Portrait Glow:** Enhances portrait photos with improved lighting and skin tones.
- **AI Eraser 2.0:** Enables removal of unwanted objects or people from your photos.

4.2. Cleaning Your Device

To keep your phone in optimal condition:

- Use a soft, lint-free cloth to wipe the screen and body.
- Avoid using harsh chemicals, abrasive materials, or aerosol sprays.
- Ensure all ports are dry before charging or connecting accessories.

5. TROUBLESHOOTING

If you encounter issues with your OPPO F33 5G, try the following common solutions:

- **Device Not Responding:** Press and hold the Power button for about 10-15 seconds to force a restart.
- **Charging Issues:** Ensure the charging cable and adapter are securely connected and undamaged. Try a different power outlet.
- **Network Problems:** Check if SIM cards are correctly inserted. Try toggling Airplane Mode on and off. If issues persist, contact your network provider.
- **App Malfunctions:** Close and reopen the app. If the problem continues, clear the app's cache or reinstall it.
- **Software Updates:** Ensure your device is running the latest software version. Go to Settings > About Phone > Software Update.

For more complex issues, refer to the support section for contact information.
