SETUP

1. Unboxing and Initial Inspection

Carefully remove all items from the packaging. Verify that all components are present:

- OPPO F33 Pro 5G Smartphone
- Power Adapter (80W SUPERVOOC)
- USB Type-C Cable
- Phone Case
- Screen Protector (pre-applied or in box)
- SIM Tray Ejector
- Quick Start Guide

2. Inserting SIM Cards

1. Locate the SIM card tray on the side of your phone.
2. Insert the SIM tray ejector tool into the small hole next to the tray and press firmly until the tray pops out.
3. Place your Nano-SIM cards (up to two) into the designated slots on the tray. Ensure the gold contacts face downwards.
4. Carefully reinsert the SIM tray into the phone until it clicks into place.

2. Camera Features

Your smartphone is equipped with a 50MP rear camera and a 50MP ultrawide selfie camera. Open the Camera app to access various modes and settings.

- **50MP Ultrawide Selfie Camera:** Capture wide-angle selfies with a 100-degree Field of View (FOV). The camera automatically switches to wide-angle when multiple faces are detected.
- **AI Selfie Expert:** Utilizes Smart Anti-Distortion and Multi-Skin Tone Optimisation for enhanced selfie quality.
- **AI Portrait Glow & AI Eraser:** Advanced AI features to refine portraits and remove unwanted elements from photos.

3. Battery and Charging

The device is powered by a 7000 mAh battery. Utilize the 80W SUPERVOOC Flash Charge for quick recharges. The phone also supports reverse wired charging, allowing it to act as a power bank for other devices using an OTG cable.

4. Performance and Cooling

Equipped with a Mediatek Dimensity 6300 CPU and 8GB RAM, the F33 Pro 5G is designed for smooth performance. The Dual-Engine Smoothness System, powered by ColorOS 16, aims to minimize lag, delay, screen flicker, crashes, screen jumps, and freezes. A large 4289mm² VC Cooling System helps maintain optimal temperature, even under heavy use or in warm environments.

5. AI Features

The F33 Pro 5G integrates AI for enhanced productivity:

- **AI Writer:** Assists in drafting content and clarifying ideas.
- **AI Ultra-Clear Document:** Helps organize tools and speed up tasks by digitizing paper documents.

MAINTENANCE

1. Cleaning Your Device

The OPPO F33 Pro 5G has an IP69K rating for water and dust resistance, and MIL-STD-810H certified durability. While it is designed to withstand splashes and dust, avoid intentional submersion. To clean, gently wipe the screen and body with a soft, lint-free cloth. Do not use harsh chemicals or abrasive materials.

2. Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. Go to *Settings > About phone > Software update*.

3. Storage Management

Your phone comes with 256GB of internal storage, expandable up to 1TB with a microSD card (sold separately). Regularly manage your files, uninstall unused apps, and clear cache to maintain optimal performance.

TROUBLESHOOTING

If you encounter issues with your OPPO F33 Pro 5G, refer to the following common solutions:

Issue	Possible Solution
Device is unresponsive or frozen	Press and hold the Power button for about 10-15 seconds to force restart the device.
Battery drains quickly	Check background app usage, reduce screen brightness, disable unnecessary features like GPS or Bluetooth when not in use. Ensure no apps are consuming excessive power.
Charging is slow or not working	Ensure you are using the original 80W SUPERVOOC charger and cable. Check for debris in the charging port. Try a different power outlet.
Poor network signal	Restart your phone. Check if your SIM card is properly inserted. Move to an area with better network coverage. Contact your service provider if the issue persists.
Camera app crashes or freezes	Clear the cache and data of the Camera app (Settings > Apps > Camera > Storage > Clear cache/data). Restart the phone.
Apps are lagging or slow	Close unused background apps. Clear app caches. Ensure sufficient storage space is available. Perform a software update if one is available.
