Noteflora OH5J7WD4S2YAECLY9GO9NWP

Noteflora Car Interior LED Clock User Manual

Model: OH5J7WD4S2YAECLY9GO9NWP

Brand: Noteflora

1. Introduction

Thank you for choosing the Noteflora Car Interior LED Clock. This compact and luminous digital clock is designed to provide convenient time display in various vehicles, including cars, motorcycles, and electric vehicles. Its touch-sensitive interface allows for easy time adjustments, and its durable construction ensures reliable performance.

2. Safety Information

- Ensure the clock is securely mounted and does not obstruct your view or interfere with vehicle controls.
- Avoid exposing the device to extreme temperatures or direct sunlight for prolonged periods, as this may affect battery life and display performance.
- Do not attempt to disassemble or modify the clock. This may void the warranty and cause damage.
- Keep out of reach of children.

3. Package Contents

- Noteflora Car Interior LED Clock Unit
- Adhesive Sticker for Installation

4. Product Features

- **Luminous Display for Night Driving:** The bright LED display allows for quick time reading in low light conditions, enhancing safety by minimizing driver distraction.
- **Touch Control for Easy Use:** A responsive touch button allows for time adjustments without requiring additional tools.
- **Design Options:** Available in various colors (black, rose gold, silver, gold) to complement different vehicle interiors.

- **Universal Compatibility:** Designed for use in most cars, motorcycles, and electric vehicles. Installation is simplified with the included adhesive sticker.
- **Durable Construction:** Made from wear-resistant ABS material, ensuring durability and consistent performance under daily driving conditions.

5. Setup and Installation

1. **Choose a Location:** Select a flat, clean, and dry surface on your dashboard or desired area that does not obstruct your view or vehicle controls.
2. **Clean the Surface:** Thoroughly clean the chosen installation surface with an alcohol wipe or suitable cleaner to ensure optimal adhesion. Allow it to dry completely.
3. **Apply Adhesive:** Peel off the protective backing from the adhesive sticker.
4. **Attach the Clock:** Carefully align the clock with the cleaned surface and press firmly for at least 30 seconds to ensure a strong bond.

This image illustrates the universal fit of the Noteflora Car Interior LED Clock, showing it installed in a car, on a motorcycle handlebar, and on an electric scooter dashboard. The clock is compact and designed for easy placement in various vehicle types.

6. Operating Instructions

6.1. Displaying the Time

The clock features a power-saving mode where the display is off. To view the time, gently tap the touch-sensitive button located at the bottom center of the clock face. The LED display will illuminate for a few seconds, showing the current time, then turn off automatically.

This image shows a finger interacting with the touch button on the Noteflora Car Interior LED Clock, demonstrating how to activate the time display.

6.2. Setting the Time

1. **Enter Setting Mode:** With the display off, press and hold the touch-sensitive button for approximately 3-5 seconds until the hour digits begin to flash.
2. **Adjust Hour:** While the hour digits are flashing, tap the touch button repeatedly to advance the hour. The time cycles through 12-hour format (AM/PM).
3. **Set Minutes:** After setting the hour, press and hold the touch button again for approximately 3-5 seconds until the minute digits begin to flash.
4. **Adjust Minutes:** While the minute digits are flashing, tap the touch button repeatedly to advance the minutes.
5. **Exit Setting Mode:** Once the minutes are set, press and hold the touch button one last time for approximately 3-5 seconds, or wait for a few seconds without interaction. The display will stop flashing and the time will be set.

7. Maintenance

- **Cleaning:** Wipe the clock surface with a soft, dry, or slightly damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Battery:** The Noteflora Car Interior LED Clock uses a non-replaceable internal battery. The battery is designed for long-term use, but its lifespan is finite. When the battery is depleted, the clock will cease to function and cannot be recharged or have its battery replaced.
- **Storage:** If storing the clock for an extended period, keep it in a cool, dry place away from direct sunlight.

8. Troubleshooting

- **Display does not turn on:**

- Ensure you are pressing the touch button correctly.
- The internal battery may be depleted. As the battery is non-replaceable, the unit may need to be replaced.

- **Time is incorrect or not setting:**
  - Review the "Setting the Time" instructions carefully and ensure you are holding and tapping the button for the correct durations.
  - If the battery is very low, it might affect timekeeping accuracy.

- **Adhesive is not holding:**
  - Ensure the installation surface was thoroughly cleaned and dry before application.
  - Avoid repositioning the clock multiple times, as this can weaken the adhesive.

9. Specifications

Feature	Specification
Model Number	OH5J7WD4S2YAECLY9GO9NWP
Product Dimensions	1.97 x 1.97 x 0.79 inches (5 x 5 x 2 cm)
Item Weight	1.98 ounces (56 grams)
Manufacturer	Noteflora
Display Type	LED Digital, Luminous
Control Method	Touch Button
Material	ABS

10. Warranty and Support

For warranty information or technical support, please refer to the retailer's return policy or contact Noteflora customer service through the platform where the product was purchased. Please have your model number (OH5J7WD4S2YAECLY9GO9NWP) and purchase details ready.
