3. **Equip Weapon:** Place the dedicated weapon into the figure's hand. Some weapons may have specific left or right hand compatibility or require a particular grip. Do not force the weapon if it does not fit easily.

4. **Place on Base:** Secure the assembled figure onto its dedicated display base. The base typically has a peg that fits into a hole on the figure's foot or back. Ensure the figure is stable on the base.

OPERATING AND DISPLAY

These figures are designed for display and light posing. Handle them with care to avoid damage.

- **Posing:** The figures feature articulation points. Gently move the joints to achieve desired poses. Avoid excessive force, as this can break or loosen joints.
- **Display:** Place your figures on a flat, stable surface away from direct sunlight, extreme temperatures, and high humidity. These conditions can cause material degradation or color fading over time.
- **Stability:** Always use the provided display base to ensure the figure remains upright and stable, especially for dynamic poses.

MAINTENANCE

- **Cleaning:** To clean your figures, gently wipe them with a soft, dry cloth. For stubborn dust, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid harsh chemicals, abrasive cleaners, or excessive moisture.

- **Storage:** If storing figures for an extended period, disassemble delicate parts if necessary and store them in their original packaging or a sealed container to protect them from dust and environmental factors.

TROUBLESHOOTING

- **Loose Joints:** If a joint becomes loose, it may be possible to tighten it by carefully applying a small amount of clear nail polish or a specialized joint-tightening fluid to the joint, allowing it to dry completely before posing.
- **Difficulty Assembling Parts:** Ensure you are using the correct parts for the specific figure. If a part is tight, try gently warming it with a hairdryer on a low setting for a few seconds to make the plastic more pliable, then attempt assembly. Do not overheat.
- **Missing Parts:** If you find any parts are missing upon opening, please contact the retailer or manufacturer's customer support.
