IRONCK 42.1" Dog Crate Furniture Instruction Manual

Model: QR-6668

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your IRONCK 42.1" Dog Crate Furniture. Please read all instructions carefully before beginning assembly and retain this manual for future reference. This dog crate is designed to provide a secure and comfortable space for medium to large dogs, supporting pets up to 100 lbs.

SAFETY INFORMATION

- Ensure all parts are securely fastened before allowing your pet to use the crate.
- Do not exceed the maximum weight capacity of 100 lbs.
- Keep small parts away from children and pets during assembly.
- Regularly inspect the crate for any loose or damaged components. Discontinue use if damage is found.
- This product is intended for indoor use only.

SETUP AND ASSEMBLY

Your IRONCK dog crate is designed for quick and easy assembly. All parts are clearly numbered, and detailed instructions are included in the packaging. While one person can assemble it, having two people may make the process easier.

Included Components:

- Wooden panels (FSC-certified engineered wood)
- Steel tubes and bars
- Hardware kit (screws, bolts, etc.)

- 5 Wheels (4 with locks, 1 without)
- Adjustable feet
- Duck-shaped dog toy
- DIY dog name tag

Assembly Steps:

1. Unpack all components and verify against the parts list provided in the box.
2. Follow the step-by-step diagrams in the included instruction booklet to connect the wooden panels and steel frames.
3. Attach the 5 wheels to the bottom of the crate for mobility, or attach the adjustable feet for increased stability if you prefer a stationary setup.
4. Ensure all screws and fasteners are tightened securely.
5. Install the secure door latches.
6. Place the included duck-shaped dog toy inside the crate to help your pet adapt.
7. Personalize the DIY dog tag by writing your dog's name with chalk, attaching photos with magnets, or using stickers.

Figure 2: Mobility Options. Choose between sturdy metal casters for easy movement or adjustable feet for a stable, stationary setup.

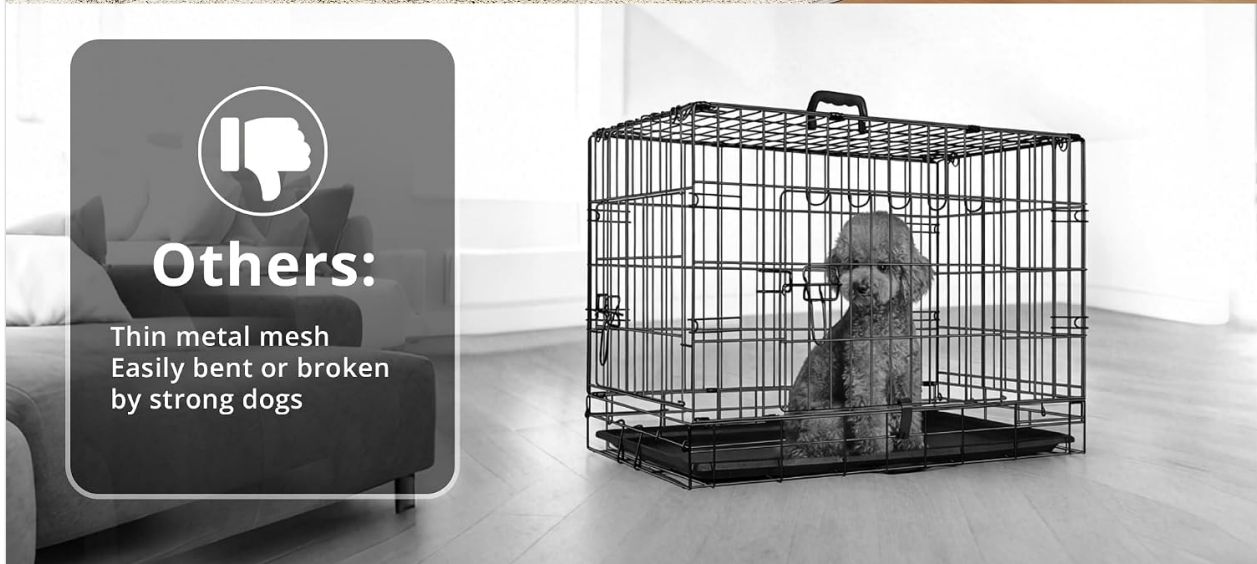

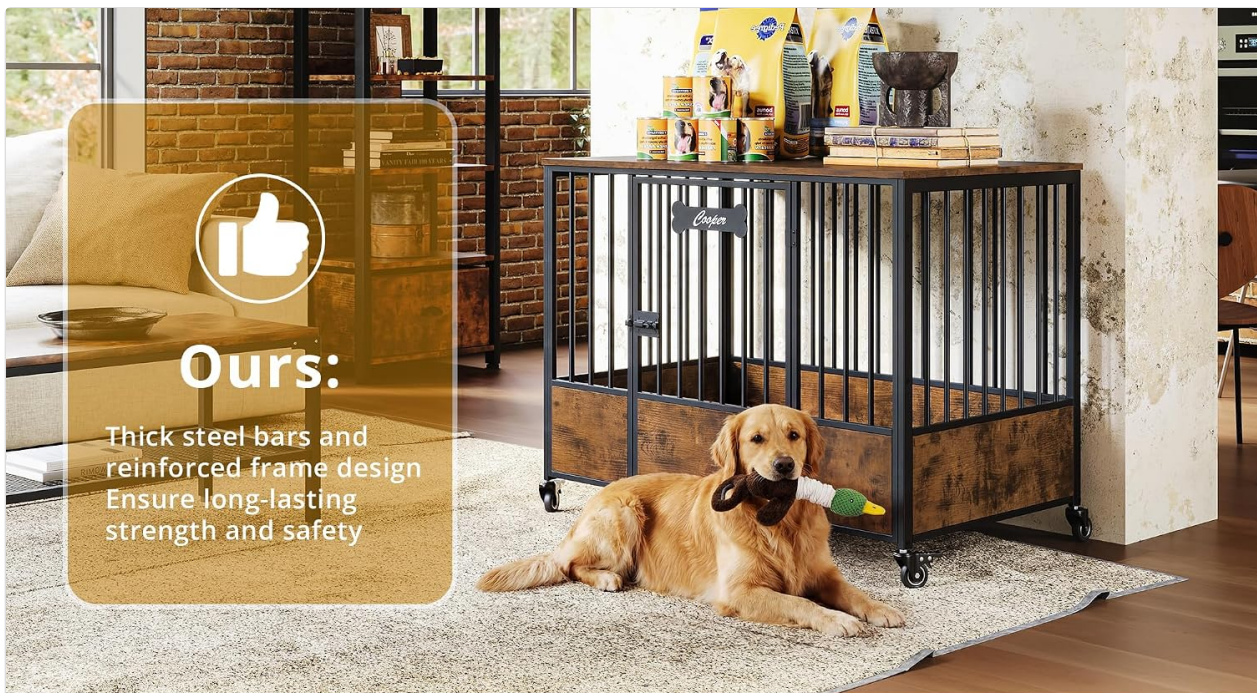

Figure 3: Personalizing the Dog Name Tag. Options include writing with chalk, using magnets for photos, or applying stickers.

OPERATING INSTRUCTIONS

Crate Usage:

- **Secure Door Latch:** Always ensure the door latch is properly secured when your pet is inside the crate to prevent accidental escapes.
- **Raised Enclosure:** The raised perimeter of the crate helps block excess light, creating a den-like feeling that promotes better sleep and reduces anxiety for your dog.
- **Mobility:** If using wheels, unlock the casters to move the crate effortlessly for cleaning or repositioning. Lock the casters when the crate is in its desired location to prevent unwanted movement.
- **Stability:** If using adjustable feet, ensure they are level to provide maximum stability and prevent wobbling.
- **Included Dog Toy:** The duck-shaped plush toy is provided to help your pet settle into their new home, reduce anxiety, and provide comfort.

Write dog name
with chalks

Attach dog photos
with magnets

Paste stickers

Figure 4: Raised Perimeter for Enhanced Comfort. The elevated sides help create a darker, more secure sleeping environment for your dog.

Two Methods are Available

Sturdy metal casters for easy mobility

Adjustable feet for increased stability

Figure 5: Included Duck-Shaped Dog Toy. This toy features a built-in squeaker, pull ring, crinkle paper, and soft material to aid in your pet's adjustment.

MAINTENANCE

- **Cleaning:** Wipe down the engineered wood surfaces with a damp cloth and mild cleaner. Avoid harsh chemicals that may damage the finish. Clean the steel bars with a damp cloth.
- **Inspection:** Periodically check all screws, bolts, and latches to ensure they remain tight. Tighten any loose fasteners as needed.
- **Wheels/Feet:** If using wheels, ensure they roll smoothly and the locks engage properly. If using adjustable feet, verify they are still level and stable.
- **Dog Toy:** The plush dog toy can be spot cleaned or hand washed as needed.

TROUBLESHOOTING

Common Issues and Solutions:

- **Crate is wobbly:**
Solution: Ensure all assembly screws are tightened. If using adjustable feet, verify they are properly leveled on an even surface. If using wheels, ensure all wheel locks are engaged when stationary.
- **Door does not close or latch properly:**
Solution: Check for any obstructions. Ensure the crate frame is square and not twisted. Re-tighten screws around the door frame and latch mechanism.
- **Missing parts during assembly:**
Solution: Double-check the packaging. If parts are genuinely missing, contact customer support with your model number and a description of the missing components.
- **Difficulty moving the crate:**
Solution: If using wheels, ensure all wheel locks are disengaged. Check for debris obstructing the wheels.

SPECIFICATIONS
