IMPORTANT SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use of your Aoxun Hardtop Gazebo.

- **Team Assembly:** Always assemble this gazebo with at least 3-4 people to ensure safety and proper construction.
- **Secure Anchoring:** Secure the gazebo to the ground using the provided stakes and expansion screws for optimal stability. Failure to do so may result in damage or injury.
- **Wind Conditions:** Do not use this gazebo in wind conditions exceeding 38 mph (Wind resistance level: 7). Disassemble or secure the curtains and netting during strong winds.
- **Sharp Edges:** Exercise caution when handling roof panels as edges can be sharp. Wear protective gloves during assembly.
- **Assembly Instructions:** Always follow the assembly instructions carefully to avoid injury and ensure the structural integrity of the gazebo.

SETUP & ASSEMBLY

The Aoxun 8x8 Hardtop Gazebo is designed for straightforward assembly, though it requires careful attention to detail and teamwork. We recommend 3-4 people for assembly, which typically takes 2-4 hours.

Preparation

- **Unpack and Organize:** Carefully unpack all components from the boxes. Organize parts by their labels (numbers and letters) to streamline the assembly process.
- **Clear Workspace:** Ensure you have a clear, level area for assembly.
- **Tools:** Gather necessary tools as specified in the included instruction manual.

Assembly Steps (General Overview)

1. **Frame Construction:** Begin by assembling the main aluminum frame according to the detailed instructions. Ensure all connections are secure.
2. **Roof Panel Installation:** Install the double galvanized steel roof panels. This step often requires multiple people to lift and

align the panels correctly. Be cautious of sharp edges.

3. **Curtain and Netting Attachment:** Attach the zippered netting and privacy curtains to the designated tracks. The netting and curtains are designed for smooth operation.
4. **Anchoring:** Secure the gazebo to your patio or deck using the provided ground stakes and expansion screws. This is crucial for stability, especially in windy conditions.

OPERATING INSTRUCTIONS

Your Aoxun Hardtop Gazebo offers versatile functionality for various outdoor activities.

Curtains and Netting

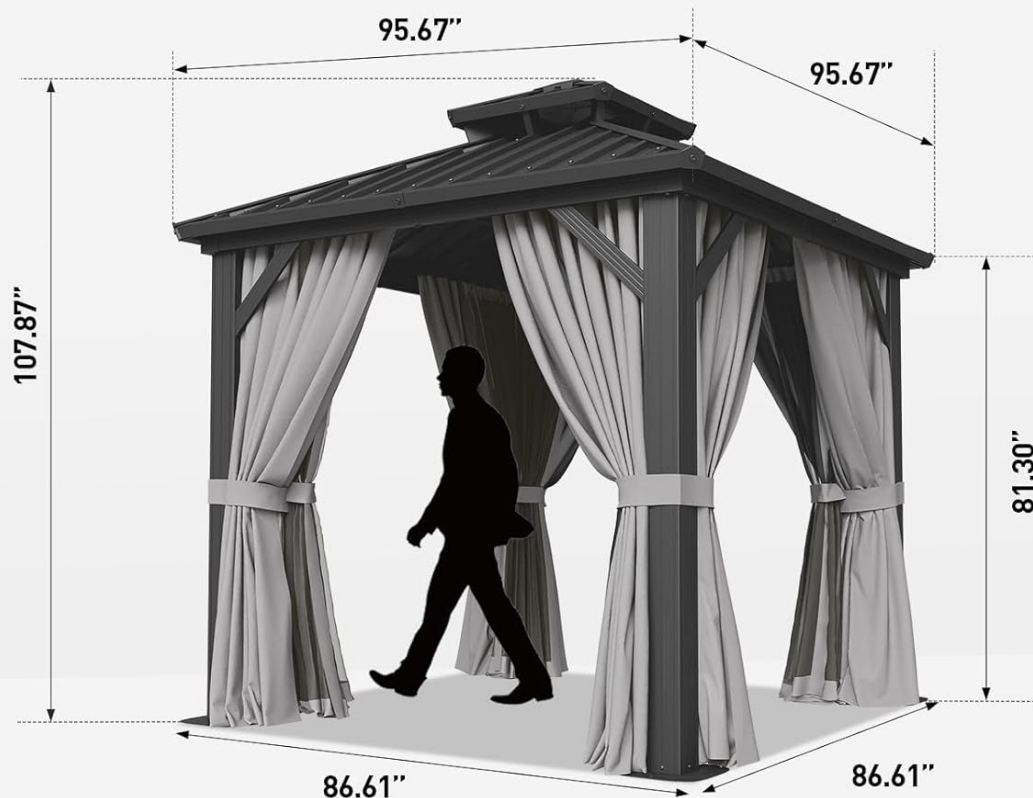

- **Privacy Curtains:** Use the privacy curtains for shade, warmth, or to create a more secluded space. They can be tied back to the posts using the provided fastening straps when not in use.
- **Mosquito Netting:** The zippered netting provides protection from insects while maintaining air circulation. Zip them closed to create a bug-free environment.
- **Dual Layer System:** The gazebo features a double-layer system allowing you to use the netting and curtains independently or together.

Integrated Features

- **Top Hooks:** Utilize the built-in top hooks to hang lights, fans, or other decorative items to personalize your gazebo space.
- **Double Roof Ventilation:** The double-roof design promotes air circulation, keeping the interior cool and comfortable.

Slope Drainage System

Superior slope design helps the rainwater drain quickly and prevent rainwater accumulation when snow melt

MAINTENANCE

Regular maintenance will extend the life and appearance of your Aoxun Hardtop Gazebo.

- **Cleaning Frame:** Clean the aluminum frame with mild soap and water. Avoid abrasive cleaners that could damage the powder coating.
- **Cleaning Roof:** The galvanized steel roof can be cleaned with water and a soft brush. Ensure proper drainage by keeping gutters clear of debris.
- **Cleaning Curtains/Netting:** The curtains and netting are made from high-precision weaving, offering water-resistant and tear-resistant properties. Clean them with mild soap and water. Allow to air dry completely before storing or closing for extended periods.
- **Seasonal Care:** In areas with heavy snow, it is recommended to clear snow accumulation from the roof to prevent structural stress. During extreme weather, consider removing curtains and netting for protection.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Gazebo feels unstable.	Improper anchoring or loose connections.	Ensure all ground stakes and expansion screws are securely fastened. Check all frame connections for tightness.
Water accumulation on roof.	Debris in gutters or improper roof panel alignment.	Clear any leaves or debris from the roof gutters. Verify that roof panels are correctly installed and overlapping as per instructions to allow proper drainage.
Curtains/Netting do not slide smoothly.	Debris in tracks or damaged sliders.	Clean the sliding tracks of any dirt or obstructions. Inspect sliders for damage and replace if necessary.
Difficulty during assembly.	Missing parts, unclear instructions, or insufficient manpower.	Double-check all parts against the inventory list. Refer to the detailed instruction manual. Ensure 3-4 people are assisting with assembly, especially for the roof. Contact customer support for missing parts.

SPECIFICATIONS

- **Model:** IG402GR02A-MJ-4.8
- **Brand:** Aoxun
- **Dimensions:** 96"L x 96"W x 108"H (8' L x 8' W x 9' H)
- **Floor Area:** 64 Square Feet
- **Item Weight:** 146.2 Pounds
- **Frame Material:** Powder-coated Aluminum
- **Roof Material:** Double Galvanized Steel
- **Color:** Gray
- **Water Resistance Level:** Water Resistant
- **Ultraviolet Light Protection:** Yes
- **Wind Resistance Level:** 7 (31-38mph)
