Unineo Crescent TV Stand with Fireplace Instruction Manual

Model: 25IN-36-18WN

Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your Unineo Crescent TV Stand with Fireplace. Please read all instructions carefully before beginning assembly or operation to ensure safe and proper use of the product. Keep this manual for future reference.

Safety Information

For your safety, please observe the following:

- The electric fireplace insert is equipped with overheat protection and a child lock feature.
- Ensure the fireplace insert is CSA certified for safe operation.
- The TV stand and fireplace insert are shipped separately in two packages. You may not receive both packages at the same time.
- Always follow the assembly instructions provided with the product.
- Do not cover the fireplace heater vent during operation.

Package Contents

Your Unineo Crescent TV Stand with Fireplace will arrive in two separate packages. Please verify that all components are present before beginning assembly.

Image: The TV stand and fireplace are shipped in two separate packages, which may arrive at different times.

The main components include the TV stand cabinet and the 36-inch electric fireplace insert. A remote control is also included for operating both the fireplace and LED lights.

Assembly Instructions

Assembly of the Unineo Crescent TV Stand is required. Each part is independently labeled, and a step-by-step instruction manual is included in the packaging. Please follow these instructions carefully.

- Ensure you have adequate space and the necessary tools before starting assembly.
- Identify all parts and hardware using the provided list.
- Follow the numbered steps in the assembly guide.
- For the adjustable shelves, refer to the diagram for proper installation and height adjustment.
- Utilize the designated cable management features for organizing wires.

Operating Instructions

Electric Fireplace Operation

The 36-inch electric fireplace insert features realistic 3D flame effects and a log ember bed. It can function as a supplementary heat source or display flames without heat.

- **Flame & Ember Color Modes:** Choose from 9 distinct flame and ember color modes to suit your preference.
- **Flame Brightness & Speed:** Adjust the flame brightness and speed through 5 levels for a customized visual effect.
- **Heater Function:** The 1500W infrared heater provides supplementary heat for rooms up to 1000 sq. ft.
- **Thermostat:** Set your desired room temperature between 60°F and 99°F.
- **Timer:** Utilize the timer function for automatic shut-off.
- **Heat-Free Operation:** The flame effect can be operated independently without heat for year-round ambiance.

LED Spot Lights Operation

The TV stand includes integrated LED spot lights behind the crescent glass doors.

- **Color Options:** Select from 12 different LED light colors to match your mood or decor.
- **Independent Adjustment:** The LED lights can be adjusted independently of the fireplace.

Maintenance

To ensure the longevity and appearance of your TV stand and fireplace:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Dusting:** Regularly dust the unit to prevent buildup.
- **Fireplace Care:** Ensure the fireplace vents are clear of obstructions. Refer to the fireplace insert's specific manual for detailed cleaning instructions.
- **Inspection:** Periodically check all connections and hardware to ensure they remain secure.

Troubleshooting

If you encounter issues with your Unineo Crescent TV Stand or Fireplace, consider the following general troubleshooting steps:

- **Fireplace Not Turning On:** Check if the unit is properly plugged into a working outlet. Ensure the power switch on the fireplace insert is in the 'ON' position. Verify the remote control batteries.

- **No Heat Output:** Confirm the heater function is activated via the remote or control panel. Check the thermostat setting; it may be set lower than the current room temperature.
- **LED Lights Not Working:** Check remote control batteries. Ensure the LED light function is selected on the remote.
- **Loose Components:** If any part of the TV stand feels unstable, re-tighten all assembly hardware.

For persistent issues or specific technical problems, please contact Unineo customer support.
