2. SAFETY INFORMATION

To ensure safe use of this product, please observe the following precautions:

- **Assembly:** Assemble the unit on a soft, clean surface to prevent scratches. Ensure all parts are correctly oriented and fasteners are tightened securely. Do not overtighten screws.
- **Stability:** This cabinet is designed for corner placement. For added stability, consider securing it to the wall using anti-tip hardware (if included or recommended). Do not allow children to climb on the cabinet.
- **Weight Capacity:** Do not exceed the maximum weight capacity for each shelf. Refer to the specifications section for details.
- **Electrical Safety:** The integrated charging station contains electrical components. Do not expose it to liquids. Ensure the power cord is not pinched or damaged. Only plug into a grounded outlet. Disconnect power before cleaning or moving the unit.
- **Placement:** Avoid placing the cabinet in direct sunlight or near heat sources to prevent material damage.

3. PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. It is recommended to have two people for assembly.

4.1. Prepare the Area

Clear a spacious area and lay out all components on a soft, clean surface (e.g., a blanket or cardboard) to prevent damage.

4.2. Identify Parts

Refer to the included hardware list and panel diagrams to identify each component. Pay close attention to the orientation of panels with pre-drilled holes.

4.3. Assemble the Main Frame

1. Attach cam locks and dowels to the designated holes on the side panels.
2. Connect the top and bottom panels to the side panels, ensuring all cam locks are securely fastened.
3. Insert the back panel into the grooves, if applicable, and secure with small nails or screws.

4.4. Install Shelves

1. Insert shelf pins into the desired height holes for the adjustable shelves.
2. Place the adjustable shelves onto the pins.
3. Secure any fixed shelves as per the instructions.

4.5. Attach the Door

1. Attach hinges to the door panel.
2. Mount the door to the main cabinet frame using the hinges. Adjust as needed for proper alignment.
3. Install the door handle and the magnetic catch inside the cabinet.

4.6. Install Charging Station

The charging station is typically pre-installed in the top panel. Ensure its power cord is accessible through the cable management hole at the back.

5. OPERATING INSTRUCTIONS

5.1. Using the Charging Station

The integrated charging station provides convenient power access for your devices.

1. Plug the cabinet's main power cord into a standard, grounded wall outlet.
2. Use the AC outlets for devices requiring standard power (e.g., laptops, lamps).
3. Use the USB ports to charge compatible devices (e.g., smartphones, tablets).

5.2. Adjusting Shelves

The cabinet features adjustable shelves to accommodate items of various heights.

1. Empty the shelf you wish to adjust.
2. Carefully remove the shelf pins from their current holes.
3. Reinsert the shelf pins into the desired new height holes, ensuring they are level.
4. Place the shelf back onto the pins.

6. CARE AND MAINTENANCE

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Immediately wipe up any spills to prevent moisture damage to the engineered wood.
- **Inspection:** Periodically check all fasteners and connections to ensure they remain tight. Retighten if necessary.
- **Electrical Components:** Keep the charging station clean and free of dust. Do not attempt to disassemble or repair the electrical components yourself.

7. TROUBLESHOOTING

7.1. Charging Station Not Working

- **Check Power:** Ensure the cabinet's power cord is securely plugged into a functional wall outlet.
- **Circuit Breaker:** Check if the circuit breaker on the charging station (if present) has tripped. Reset if necessary.
- **Device Compatibility:** Confirm that your device is compatible with the USB charging ports.

7.2. Cabinet Feels Unstable

- **Level Surface:** Ensure the cabinet is placed on a flat, level surface.
- **Tighten Fasteners:** Recheck and tighten all assembly screws and cam locks.
- **Weight Distribution:** Distribute items evenly on shelves, placing heavier items on lower shelves.

7.3. Door Does Not Close Properly

- **Hinge Adjustment:** Adjust the hinges to align the door.
- **Obstruction:** Check for any items obstructing the door's path.
- **Magnetic Catch:** Ensure the magnetic catch is properly aligned and functioning.
