BAKAJI Gazebo Pergola 3 x 2.5 Meter Outdoor Instruction Manual

Model: 8054143059663

INTRODUCTION

Thank you for choosing the BAKAJI Gazebo Pergola. This outdoor structure is designed to provide a comfortable and protected space in your garden, patio, or terrace. Featuring a robust powder-coated steel frame and a waterproof, UV-protected PVC-coated Oxford fabric canopy, this gazebo offers durability and style. Please read this manual carefully before assembly and use to ensure proper installation and safe operation.

SAFETY INFORMATION

To ensure safe use and prevent injury or damage, please observe the following safety guidelines:

- Read all assembly instructions thoroughly before beginning installation.
- Ensure all connections are securely fastened during assembly and periodically check for tightness.
- Do not use the gazebo in extreme weather conditions, such as strong winds, heavy rain, or snow. Disassemble and store the canopy during such conditions.
- Always anchor the gazebo properly to the ground or a stable structure to prevent tipping or displacement.
- Keep the gazebo away from open flames, heaters, or other heat sources.
- Regularly inspect the frame and canopy for any signs of wear, damage, or corrosion. Replace damaged parts immediately.
- Keep children and pets away from the assembly area.

PACKAGE CONTENTS

Before starting assembly, ensure all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Powder-coated steel frame components (legs, crossbars, connectors)
- PVC-coated Oxford 420D fabric canopy
- Assembly hardware (screws, bolts, washers, nuts)
- Ground anchors for securing the base

SETUP INSTRUCTIONS

Follow these steps for proper assembly of your BAKAJI Gazebo Pergola:

1. **Prepare the Area:** Choose a flat, level surface for installation. Clear the area of any debris or obstructions.
2. **Assemble the Main Frame:** Begin by connecting the main support legs and crossbars. The frame consists of robust 40x40 mm base tubes and 40x20 mm traverse tubes. Use the provided hardware to secure all connections. Do not fully tighten bolts until the entire frame is assembled.

Image: Detailed view of the steel frame connections, showing bolts and brackets.

3. **Attach the Canopy:** Carefully drape the Oxford 420D canopy over the assembled steel frame. Ensure the

canopy is correctly oriented and covers the entire frame. Secure the canopy to the frame using the integrated ties or fasteners, ensuring it is taut to prevent water accumulation.

4. **Secure the Gazebo:** Once the frame and canopy are in place, fully tighten all bolts. For maximum stability and wind resistance, secure the gazebo to the ground using the provided ground anchors through the base plates. If you intend to position the gazebo against a wall, use appropriate wall anchors (not included) to fix the rear legs to the wall for additional security.

OPERATING INSTRUCTIONS

Your BAKAJI Gazebo Pergola is designed for outdoor use, offering a versatile space for relaxation and entertainment:

- **Shade and UV Protection:** The UV50+ treated canopy provides excellent protection from harmful sun rays, creating a comfortable shaded area.
- **Water Resistance:** The PVC-coated Oxford 420D fabric is waterproof, offering protection from light rain. Ensure the canopy is taut to prevent water from pooling.
- **Adjustable Height:** The gazebo features an adjustable height from 2 to 2.5 meters, allowing you to customize the overhead clearance as needed.
- **Versatile Space:** With generous dimensions of 3 x 2.5 meters, the gazebo provides ample space for outdoor furniture, dining sets, or lounge areas.

MAINTENANCE

Regular maintenance will extend the life and appearance of your gazebo:

- **Frame Cleaning:** Clean the powder-coated steel frame with a soft cloth, water, and mild soap. Avoid using abrasive cleaners or harsh chemicals that could damage the finish. Rinse thoroughly and dry.
- **Canopy Cleaning:** The fabric canopy can be cleaned with water and a mild detergent. Use a soft brush or sponge for stubborn dirt. Rinse thoroughly and allow to air dry completely before folding or storing. Do not machine wash, tumble dry, or iron the canopy.
- **Inspection:** Periodically inspect all frame connections, bolts, and anchors to ensure they remain tight and secure. Check the canopy for any tears, holes, or signs of wear.
- **Seasonal Storage:** During off-season or periods of severe weather, it is highly recommended to disassemble the canopy and, if possible, the frame, and store them in a dry, protected area to prevent damage and prolong product life.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

Problem	Possible Cause	Solution
Gazebo feels unstable or wobbly.	Loose connections; insufficient anchoring.	Ensure all bolts and screws are fully tightened. Verify that ground anchors are securely installed. If against a wall, ensure wall fixings are firm.
Water pooling on the canopy.	Canopy not taut enough; incorrect installation.	Re-adjust the canopy to ensure it is stretched tightly across the frame. Check that all ties or fasteners are secured.
Difficulty during assembly.	Incorrect part orientation; missing hardware.	Review the assembly instructions carefully. Ensure parts are oriented correctly before tightening. Contact support if hardware is missing.

SPECIFICATIONS

Detailed specifications for your BAKAJI Gazebo Pergola:

Feature	Detail
Brand	BAKAJI
Model Number	8054143059663
Material	Metal (Frame), Oxford 420D with PVC coating (Canopy)
