Globluum SU9

Globluum SU9 MP3 Player User Manual

Model: SU9

INTRODUCTION

The Globluum SU9 MP3 Player is a versatile portable media device designed for music, audiobooks, videos, and e-reading. Featuring Bluetooth 5.0, dual-band Wi-Fi, a 4-inch touchscreen, and 160GB of storage, it offers a comprehensive entertainment experience. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your device.

PACKAGE CONTENTS

Verify that all items are present in the package:

- Globluum SU9 MP3 Player
- 128GB microSDXC card
- 3.5mm Wired Earphones
- Protective Case
- Type-C Charging Cable
- User Manual (this document)

SETUP

1. Initial Power On

To power on the device, press and hold the side button for approximately 3 seconds. The screen will illuminate, and the device will boot up.

2. Charging the Device

Connect the provided Type-C charging cable to the device's charging port and a compatible USB power adapter (not included). The battery indicator on the screen will show charging status. A full charge provides approximately 25 hours of audio playback with the screen off and wired headphones.

3. Storage and MicroSD Card

The device comes with 32GB of built-in storage and an additional 128GB microSDXC card pre-installed, totaling 160GB. This allows for ample space for music, videos, and other files.

4. Google Account Synchronization

You can sync your Google account with the player. This allows for automatic app updates via Google Play and keeps your playlists, favorites, and subscriptions consistent across your phone, tablet, and the player.

OPERATING INSTRUCTIONS

1. Basic Navigation

The device features a 4-inch touchscreen. Touch the screen to select icons, navigate menus, and control playback. Swipe gestures are used for scrolling and accessing different screens.

2. Music Playback

The player comes preloaded with various music streaming applications, including Spotify, Spotify Kids, Amazon Music, Pandora, Deezer, TIDAL, and YouTube Music. You can also use HiBy Music for lossless playback of local audio files with flexible sound modes.

Rediscover Your Music DNA

Preloaded with top streaming apps: Spotify, Spotify Kids, Amazon Music, Apple Music, Pandora, Deezer, TIDAL, and YouTube Music.

3. Audiobook Playback

For audiobooks, the device includes preloaded applications such as Audible, Libby (for library books), and LibriVox (for classic tales). These apps provide access to a wide range of audio content.

Unlock Worlds, Listen Deeply

Pre-loaded with Audible (premium sound), Libby (free library books), and LibriVox (classic tales). Your gateway to immersive storytelling.

4. Video Playback

The MX Player is preinstalled, supporting video formats such as MKV, AVI, MP4, and MOV. This allows for direct playback of most video files without conversion. The player also auto-loads SRT/ASS/SUB subtitles.

Android 14 with Google Play

Auto app updates and Google account sync keep playlists, favorites, and subscriptions consistent across phone, tablet, and player.

5. E-Reading

Kindle and Moon+ Reader Pro are available for reading e-books. These applications support EPUB, PDF, MOBI, and TXT formats, allowing you to read online or offline and sync your library across devices.

Your Videos, Unleashed Seamlessly

MX Player preinstalled; plays MKV, AVI, MP4, MOV. Adaptive rendering lowers load in dark scenes, runs full speed in bright. Auto-loads SRT/ASS/SUB subtitles.

6. Connectivity

The device supports Bluetooth 5.0 for stable wireless connections with headphones, speakers, and other compatible devices. Dual-band Wi-Fi (2.4GHz and 5GHz) ensures reliable internet access for streaming and app updates.

Steady Bluetooth, Fast Dual-Band Wi-Fi

Bluetooth 5.0 and 2.4/5 GHz Wi-Fi reduce interference for smoother streaming and quicker downloads, keeping headphones, speakers, and updates stable on the go.

MAINTENANCE

1. Cleaning

Use a soft, dry, lint-free cloth to clean the device's screen and body. Avoid using abrasive cleaners or solvents, which can damage the finish.

2. Storage

Store the device in a cool, dry place away from direct sunlight and extreme temperatures. The included protective case can help guard against bumps and scratches during transport.

3. Water Exposure

This device is not waterproof. **Do not immerse it in water** or expose it to excessive moisture. Strictly prohibit operation or storage in high-temperature environments exceeding 55°C (131°F).

TROUBLESHOOTING

1. Device Not Powering On

- Ensure the device is sufficiently charged. Connect it to a power source using the Type-C cable and allow it to charge for at least 30 minutes before attempting to power on again.
- Press and hold the side power button for 3-5 seconds. If it still doesn't respond, try holding it for up to 10-15 seconds for a forced restart.

2. Screen Unresponsive or Frozen

- If the screen freezes, press and hold the side power button for an extended period (10-15 seconds) to force a shutdown. Then, power it on normally.
- Ensure the screen is clean and free of debris.

3. Bluetooth Connectivity Issues

- Ensure Bluetooth is enabled on both the MP3 player and the device you are trying to connect to.
- Move the devices closer to each other to ensure they are within range.
- Try unpairing and re-pairing the devices.
- Restart both the MP3 player and the Bluetooth accessory.

4. Wi-Fi Connection Problems

- Verify that Wi-Fi is enabled on the player and that you are connected to the correct network.
- Check your Wi-Fi router to ensure it is functioning correctly.
- Try forgetting the network on the player and reconnecting.

5. App Performance Issues (e.g., Audible shutting off)

- Ensure the app is updated to its latest version via Google Play.
- Check for sufficient storage space on the device.
- Clear the app's cache and data in the device settings.
- If an app consistently crashes or stops, try uninstalling and reinstalling it.
- For streaming apps, ensure a stable Wi-Fi connection.

SPECIFICATIONS
