VATOS BB5806A

VATOS Laser Tag Set (Model BB5806A) - 2 Player Rechargeable Infrared Blasters Instruction Manual

1. Safety Information

This product is a toy and contains small parts. It is not suitable for children under 3 years of age due to potential choking hazards. Adult supervision is recommended during play.

- Do not aim at eyes or face.
- Use only the provided charging cable.
- Do not modify the product in any way.
- Keep away from water and extreme temperatures.

2. Package Contents

The VATOS Laser Tag Set includes the following components:

- 2 x Toy Blasters (Red and Blue)
- 2 x Vest Target Sensors (Red and Blue)
- 1 x 4-in-1 USB Charging Cable
- Instruction Manual

3. Setup Instructions

3.1 Charging the Devices

The blasters and vests are equipped with rechargeable batteries. Before first use, ensure all devices are fully charged.

1. Connect the provided 4-in-1 USB charging cable to the charging ports on each blaster and vest.
2. Plug the USB end of the cable into a compatible USB power adapter (DC 5V-2A/3A, not included).
3. The charging indicator light on each device will illuminate during charging and turn off when fully charged.
4. A full charge provides approximately eight complete game sessions.

Image: Illustration of the 4-in-1 charging hub connecting blasters and vests to a USB power source.

3.2 Initial Pairing and Team Selection

The system features an intuitive automatic pairing process.

1. Turn on each blaster and vest by pressing the power switch.
2. The devices will automatically pair.
3. On the vest's LCD screen, use the Team Selection Button to choose your team color (Blue, Red, White, or Green).
4. Ensure all players on the same team select the same color.

Image: Close-up of the blaster and vest displays showing real-time data synchronization via 2.4GHz technology.

4. Operating Instructions

4.1 Gameplay Overview

Engage in dynamic 360° combat with real-time feedback. The system tracks hits, health, and team scores.

- **Target Zones:** Each player has three target zones: one on the chest, one on the back, and one on the blaster itself.
- **Real-time Data:** Clear LCD screens on both vests and blasters provide immediate updates on game status, including life points and remaining bullets.
- **Infrared Technology:** The system uses child-safe infrared technology, ensuring no visible laser beams and eye safety.

Image: Two children engaged in a laser tag game, demonstrating the 360-degree sensor system with vests and blasters.

4.2 Blaster Functions

Customize your combat style with four different weapon modes.

- **Power Switch:** Turns the blaster on/off.
- **Trigger:** Fires the blaster.
- **Gun Type Switch Button:** Cycles through weapon modes.
- **Mute/Reset Button:** Mutes sound or resets the game.
- **Life Points Display:** Shows remaining health.
- **Team Indicator Light:** Displays your team color.

Weapon Modes:

- **Pistol:** Single shot, 1 bullet per shot.
- **Shotgun:** Fires 2 bullets per shot.

- **Submachine Gun:** Fires 2 bullets per shot.
- **Machine Gun:** Fires 3 bullets per shot.

4.3 Vest Functions

The vest serves as a primary target and displays crucial game information.

- **Power Switch (long press 2 seconds):** Turns the vest on/off.
- **Team Selection Button:** Changes team color.
- **Life Points Display:** Shows remaining health.
- **Team Indicator Light:** Displays your team color.
- **Infrared Receiver:** Detects hits from opponent blasters.

4.4 Stealth Attack Mode

Enhance your tactics with Stealth Attack Mode. To activate, press and hold the mute button and trigger simultaneously on your blaster. This mode allows for more strategic gameplay.

5. Maintenance

5.1 Cleaning

To clean the blasters and vests, wipe them gently with a dry or slightly damp cloth. Do not use harsh chemicals or abrasive cleaners. Ensure devices are turned off and unplugged before cleaning.

5.2 Storage

Store the laser tag set in a cool, dry place away from direct sunlight and extreme temperatures. Ensure devices are fully charged before long-term storage to maintain battery health.

6. Troubleshooting

If you encounter issues with your VATOS Laser Tag Set, please refer to the following common solutions:

- **Device Not Turning On:** Ensure the device is fully charged. Connect it to the charging cable and allow sufficient time to charge.
- **Devices Not Pairing:** Make sure all blasters and vests are turned on. If issues persist, try turning all devices off and then on again. Ensure no other infrared devices are interfering.
- **Hits Not Registering:** Check that the target sensors on the vests and blasters are not obstructed. Ensure players are within the effective range (up to 40 meters).
- **Sound Issues:** Check if the mute button on the blaster has been activated. Press it again to restore sound.

If these steps do not resolve the issue, please contact customer support.

7. Specifications

Feature	Detail
Brand	VATOS
Model Number	BB5806A
Age Range Description	Child (Recommended 6 years and up)
Number of Players	2
Power Source	Rechargeable Battery
Supported Batteries	Lithium Ion
Operation Mode	Automatic
