INTRODUCTION

Welcome to the user manual for your boAt Airdopes Plus 222 True Wireless Stereo (TWS) Earbuds. This guide provides essential information on setting up, operating, maintaining, and troubleshooting your earbuds to ensure an optimal audio experience. Please read this manual thoroughly before using your device.

SETUP

1. What's in the Box

- boAt Airdopes Plus 222 TWS Earbuds
- Charging Case
- USB Charging Cable
- Extra Eartips
- User Manual

2. Initial Charge

Before first use, fully charge your Airdopes Plus 222. Place both earbuds into the charging case and connect the case to a power source using the provided USB cable. The LED indicator on the case will show charging status.

Total Playtime

Up to 60 Hours

10MINS ASAP™ CHARGE = **150MINS** PLAYTIME

Image: The boAt Airdopes Plus 222 charging case connected via a USB cable for charging.

3. Power On/Off

- **Power On:** The earbuds power on automatically when you open the charging case lid (Insta Wake N'Pair - IWP).
- **Power Off:** Place the earbuds back into the charging case and close the lid. They will power off and begin charging.

4. Pairing

Standard Pairing (IWP)

1. Open the lid of the charging case. The earbuds will automatically enter pairing mode.
2. Enable Bluetooth on your device (smartphone, tablet, laptop).
3. Search for "Airdopes Plus 222" in the list of available Bluetooth devices and select it to connect.
4. Once connected, you will hear an audio prompt, and the LED indicator on the earbuds will confirm successful pairing.

Dual Pairing (Multipoint Connectivity)

The Airdopes Plus 222 supports connecting to two devices simultaneously. This allows seamless switching between audio sources without manual re-pairing.

1. Pair the earbuds with your first device as described above.
2. Disable Bluetooth on the first device. The earbuds will re-enter pairing mode.
3. Pair the earbuds with your second device.
4. Re-enable Bluetooth on the first device. The earbuds will now be connected to both devices.
5. Audio will automatically switch to the device playing content or receiving a call.

5. boAt Hearables App Installation

For full customization and to unlock the true potential of your Airdopes Plus 222, download the boAt Hearables App from your device's app store. The app allows for firmware updates, touch gesture remapping, and other personalized settings, including a "Ring My Buds" feature to locate misplaced earbuds.

OPERATING YOUR EARBUDS

1. Touch Controls

The Airdopes Plus 222 features intuitive touch controls for managing audio playback, calls, and voice assistants. Specific gestures can be customized via the boAt Hearables App.

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Long press on either earbud.
- **Activate Voice Assistant:** Triple tap on either earbud.

5. AI-ENx Technology for Calls

The earbuds are equipped with dual microphones and AI-ENx Technology to filter out environmental noise, ensuring clear voice transmission during calls. This technology focuses on your voice, providing boardroom-quality clarity even in noisy surroundings.

Seamless Multipoint Connectivity

MAINTENANCE

1. Cleaning Your Earbuds

Regular cleaning helps maintain sound quality and hygiene. Use a soft, dry, lint-free cloth to wipe the earbuds and charging case. For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.

- Gently clean the eartips and speaker mesh to prevent wax buildup.
- Ensure the charging contacts on both the earbuds and case are clean and dry.

2. Water Resistance (IPX4)

The Airdopes Plus 222 earbuds are IPX4-rated, meaning they are resistant to splashes of water and sweat. They are suitable for workouts and light rain. However, they are not designed for submersion in water or exposure to pressurized water jets. Do not wear them while swimming or showering.

3. Battery Care

To maximize battery lifespan:

- Avoid fully discharging the battery frequently.
- Store the earbuds and case in a cool, dry place when not in use.
- Charge the device using only the provided cable or a certified charger.
- If storing for an extended period, charge the battery to about 50% every few months.

TROUBLESHOOTING

If you encounter issues with your Airdopes Plus 222, refer to the following common problems and solutions:

Problem	Possible Solution
---------	-------------------

Problem	Possible Solution
Earbuds not connecting/pairing	• Ensure earbuds are charged. • Place earbuds back in the case, close, then reopen the lid. • Disable and re-enable Bluetooth on your device. • Forget "Airdopes Plus 222" from your device's Bluetooth list and re-pair.
Microphone issues during calls	• Ensure earbuds are properly seated in your ears. • Check for any obstructions (e.g., dirt, lint) on the microphone ports. • Test in a quieter environment to rule out excessive background noise. • Restart your connected device.
Unintended touch sensor activation	• Ensure earbuds are clean and dry. Moisture or debris can sometimes trigger sensors. • Adjust how you handle the earbuds to avoid accidental touches. • Check the boAt Hearables App for any sensitivity settings or options to disable specific gestures if available.
Voice Assistant not responding	• Ensure your device's voice assistant is enabled and configured. • Confirm the correct touch gesture for activation (triple tap). • Check app settings for voice assistant integration.
Battery drains quickly	• Ensure the charging case is fully charged. • Verify earbuds are properly seated in the case for charging. • Avoid extreme temperatures during use and charging. • If the issue persists, contact customer support.
Airdopes model not listed in boAt App	• Ensure your boAt Hearables App is updated to the latest version. • Check the official boAt website or app store for compatibility information. • Contact boAt customer support for assistance regarding app compatibility.
