VASAGLE ULJB150K101S Bar Stools Instruction Manual

Model: ULJB150K101S

1. SAFETY INFORMATION

Please read and understand all instructions before assembling and using this product. Keep this manual for future reference.

- **Maximum Weight Capacity:** Do not exceed the maximum static weight capacity of 331 lbs (150 kg) per stool.
- **Stable Placement:** Always place the bar stools on a flat, level, and stable surface to prevent tipping.
- **Assembly:** Ensure all parts are correctly assembled and tightened before use. Periodically check all connections for tightness.
- **Children:** Keep children away from the assembly area. Do not allow children to play on or around the bar stools without adult supervision.
- **Movement:** Avoid sudden movements or standing on the footrest when adjusting height or swiveling, as this may affect stability.

2. PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning assembly. If any parts are missing or damaged, please contact customer support.

- 2 x Bar Stool (unassembled)
- 2 x Accessory Kit (hardware for assembly)
- 1 x Instructions Manual

3. SETUP AND ASSEMBLY

The VASAGLE bar stools are designed for quick and simple assembly. Follow these steps carefully.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Assemble Base:** Insert the gas lift into the heavy-duty metal base. Ensure it is seated firmly.
3. **Attach Backrest Support:** Secure the backrest support to the seat using the provided hardware from the accessory kit.

4. **Connect Seat to Gas Lift:** Place the assembled seat onto the gas lift. Apply gentle pressure to ensure it locks into place.
5. **Final Check:** Confirm all screws and connections are tight and the stool is stable before use.

4. OPERATING INSTRUCTIONS

Height Adjustment

To adjust the seat height, locate the metal lever under the seat. While seated, pull the lever upwards to lower the seat. To raise the seat, stand up slightly to relieve weight, then pull the lever upwards. The seat height can be adjusted between 24.8 inches (63 cm) and 33.5 inches (85 cm).

Available in 4 Stylish Colors

Footrest Use

Utilize the built-in footrest for enhanced comfort and to maintain a relaxed posture while seated.

5. MAINTENANCE

Cleaning

The quilted PU leather surface is designed for easy cleaning. Wipe spills immediately with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or solvents, as these can damage the material.

General Care

- Periodically check all screws and bolts to ensure they remain tight. Re-tighten if necessary.
- Avoid exposing the stools to direct sunlight or extreme temperatures for prolonged periods, as this may cause material degradation.
- If the gas lift mechanism becomes stiff or noisy, a small amount of silicone-based lubricant can be applied to the moving parts.

6. TROUBLESHOOTING

- **Stool feels unstable:** Ensure the stool is placed on a completely flat and even surface. Check all assembly connections and tighten any loose screws.
- **Height adjustment not working smoothly:** Verify that the gas lift lever is fully engaged. Check for any obstructions around the gas lift cylinder. If the issue persists, the gas lift may require lubrication or replacement.
- **Squeaking noises:** Inspect all joints and moving parts. Tighten any loose connections. A small amount of lubricant on the gas lift or swivel mechanism may resolve the issue.
