5. OPERATING INSTRUCTIONS

5.1. Fingerprint Lock (C801 Model)

The desk features a built-in fingerprint drawer lock for secure storage.

- **Setup:** Follow the specific instructions included with the fingerprint lock for initial setup and registering fingerprints. The lock supports up to 10 fingerprints.
- **Unlocking:** Place a registered finger on the sensor for quick, one-touch access.
- **Emergency Power:** If the lock battery dies, plug a Type-C charger into the emergency power port to temporarily power the lock and unlock the drawer. No charging is needed for this emergency function.
- **Security:** The lock includes a wrong-entry alert to deter unauthorized access. No apps or Bluetooth are required for operation.

5.2. Built-in Power Strip

The integrated power strip provides convenient access to power for your devices.

- **Connections:** The power strip includes 2 AC outlets, 1 USB port, and 1 Type-C port.
- **Usage:** Plug in computers, phones, tablets, and other electronic devices directly to the desk for charging.
- **Cable Management:** Utilize the 60mm back cable holes and open storage cable management features to keep wires organized and maintain a clutter-free workspace.

6. MAINTENANCE

To ensure the longevity and appearance of your Bestier desk, follow these maintenance guidelines:

- **Cleaning:** Wipe the desk surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Spills:** Promptly clean up any spills to prevent staining or damage to the wood.
- **Fingerprint Lock:** Keep the fingerprint sensor clean and dry for optimal performance.
- **Fasteners:** Periodically check and re-tighten all screws and connections to maintain stability.
- **Environment:** Avoid placing the desk in direct sunlight or near heat sources to prevent warping or discoloration.

7. TROUBLESHOOTING

If you encounter any issues with your Bestier desk, refer to the following common troubleshooting tips:

7.1. Fingerprint Lock Issues

- **Lock not responding:** Ensure your finger is clean and dry. Try re-registering your fingerprint if the issue persists.
- **Battery dead:** Use a Type-C charger to provide emergency power to unlock the drawer. Replace the internal batteries as soon as possible.
- **False alarms:** Ensure the drawer is fully closed and nothing is obstructing the lock mechanism.

7.2. Power Strip Issues

- **No power:** Check if the desk's power cord is securely plugged into a working wall outlet. Ensure the power strip's switch (if any) is in the 'on' position.
- **Device not charging:** Verify that your device's charging cable is functional and properly connected to the USB/Type-C port or AC outlet.

7.3. Drawer Operation

- **Drawers sticking:** Check for any obstructions in the drawer slides. Ensure the slides are clean and free of debris.
- **Drawers not closing properly:** Verify that the drawer contents are not overflowing or blocking the closing mechanism.
