SHA CERLIN Queen Velvet Platform Bed Frame Instruction Manual

Model: AK-7657-2

1. SAFETY INFORMATION

Please read and understand all safety warnings before assembling or using this product. Failure to follow these instructions may result in injury or product damage.

- Do not exceed the maximum weight recommendation of **900 pounds** for the bed frame.
- Exercise caution when opening and closing the magnetic drawers to prevent pinching fingers.
- Always unplug the LED lights and charging station from the power source before making any adjustments, cleaning, or maintenance to the bed frame.
- Follow the assembly instructions carefully to ensure the bed frame is stable and secure. Improper assembly can lead to instability or collapse.
- Keep small parts and packaging materials away from children during assembly to avoid choking hazards.

2. PRODUCT OVERVIEW

The SHA CERLIN Queen Velvet Platform Bed Frame (Model AK-7657-2) is designed for comfort and functionality. It features a plush velvet upholstered wingback headboard, integrated LED lighting, a convenient charging station, and two spacious storage drawers. The sturdy construction eliminates the need for a box spring.

3. ASSEMBLY INSTRUCTIONS

3.1. Before You Begin

- Verify all parts are present and undamaged by comparing them with the included parts list.
- Ensure you have the necessary tools (usually an Allen wrench, often provided).
- Clear a spacious area for assembly to prevent damage to the product or your surroundings.
- It is recommended that two adults assemble this bed frame.

3.2. Step-by-Step Assembly

Follow the detailed diagrams and instructions provided in your product packaging. The general steps are outlined below:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a soft, clean surface to

prevent scratches.

2. **Assemble Side Rails:** Connect the side rails to the headboard and footboard using the provided hardware. Ensure all connections are secure but do not overtighten until the frame is fully assembled.
3. **Install Center Support:** Attach the center support beam and legs to the frame for added stability.
4. **Attach Slats:** Position the wooden slats across the frame. Many SHA CERLIN bed frames feature Velcro fastenings and silent foam strips for easy, noise-free installation. Press the Velcro firmly to secure the slats.
5. **Assemble Drawers:** Construct the two storage drawers according to the instructions. Install the wheels and magnetic latches.
6. **Insert Drawers:** Slide the assembled drawers into the designated slots under the bed frame.
7. **Connect LED Lights and Charging Station:** Carefully route the LED light strip and connect the power cables for the charging station. Plug the power adapter into a wall outlet.
8. **Final Tightening:** Once all components are in place, go back and securely tighten all screws and bolts.

5. MAINTENANCE

Proper maintenance will extend the life and appearance of your bed frame.

- **Cleaning:** For general cleaning, wipe the velvet upholstery and other surfaces with a **dry cloth**. Avoid using harsh chemicals or abrasive cleaners, which can damage the material.
- **Spills:** For spills on the velvet, blot immediately with a clean, dry cloth. Do not rub. For stubborn stains, consult a professional upholstery cleaner.
- **Hardware Check:** Periodically check all screws and bolts to ensure they remain tight. Retighten as necessary to maintain stability and prevent squeaking.
- **LED Lights:** If LED lights dim or flicker, ensure the power connection is secure. If issues persist, contact customer support.
- **Charging Station:** Keep the charging ports free of dust and debris. Use a soft, dry brush or compressed air if needed.

6. TROUBLESHOOTING

Refer to the table below for common issues and their solutions.

Problem	Possible Cause	Solution
Bed frame is squeaking.	Loose hardware; slats not properly seated.	Tighten all screws and bolts. Ensure slats are firmly pressed onto Velcro strips and are evenly spaced.
LED lights are not working.	Power cord unplugged; remote battery dead; loose connection.	Check if the power adapter is securely plugged into the wall and the bed frame. Replace remote batteries. Check all LED strip connections.
Charging ports are not functioning.	Bed frame power cord unplugged; device cable faulty.	Ensure the bed frame's main power cord is plugged into a live outlet. Try a different charging cable or device to rule out cable issues.
Storage drawers are difficult to open/close.	Obstruction; wheels dirty; magnetic latch misalignment.	Check for items obstructing the drawer path. Clean wheels if necessary. Ensure drawers are aligned correctly with the frame.
