AIMB-S1

Generic AIMB-S1 Smart AI Glasses User Manual

Your guide to setup, operation, and maintenance.

Introduction

Welcome to the user manual for your Generic AIMB-S1 Smart AI Glasses. These innovative glasses combine advanced AI technology with open-ear audio, real-time translation, and smart connectivity to enhance your daily life. This manual provides essential information on how to set up, operate, and maintain your device to ensure optimal performance.

Package Contents

Before you begin, please ensure all items are present in your package:

- AIMB-S1 Smart AI Glasses
- Magnetic Charging Cable
- 3 Pairs of Interchangeable Lenses (Clear, Grey, Gradient Blue)
- Cleaning Cloth
- Soft Pouch
- User Manual (this document)

Image: The AIMB-S1 Smart AI Glasses package contents, including the glasses, magnetic charging cable, three sets of interchangeable lenses (clear, grey, and gradient blue), a cleaning cloth, and a soft pouch.

Setup

1. Charging the Glasses

Before first use, fully charge your AIMB-S1 glasses. The battery capacity is 350 mAh, providing approximately 6 hours of average use. A full charge takes about 1.5 hours.

1. Connect the magnetic charging cable to the charging port on the glasses.
2. Plug the USB end of the cable into a standard USB power adapter (not included) or a computer's USB port.
3. The indicator light on the glasses will show charging status (refer to the device's specific light indicators for details, usually red for charging, green/blue for full).
4. Once fully charged, disconnect the cable.

2. Attaching/Changing Lenses

Your AIMB-S1 glasses come with three pairs of interchangeable lenses: clear, grey, and gradient blue. Choose the appropriate lenses for your environment and style.

1. Gently hold the frame and carefully pop out the currently installed lenses from the inside out.
2. Align the new lenses with the frame grooves.
3. Press firmly but gently around the edges until the lenses click securely into place.

Image: Two pairs of AIMB-S1 Smart AI Glasses, one with grey lenses and another with gradient blue lenses, showcasing the interchangeable lens options.

3. Powering On/Off

- **To Power On:** Press and hold the power button (usually located on the temple arm) for a few seconds until you hear a power-on prompt or see an indicator light.
- **To Power Off:** Press and hold the power button again for a few seconds until you hear a power-off prompt or the indicator light turns off.

4. Bluetooth Pairing

The AIMB-S1 glasses connect to your smartphone via Bluetooth for audio, calls, and smart features. They are compatible with both Android and iOS devices.

1. Ensure the glasses are powered on and in pairing mode (the indicator light may flash rapidly).
2. On your smartphone, go to **Settings** > **Bluetooth** and turn Bluetooth on.
3. Search for available devices. You should see "AIMB-S1" or a similar name appear in the list.
4. Select "AIMB-S1" to connect. Once paired, you will hear a confirmation sound, and the indicator light will change (e.g., solid blue).

5. App Installation (AI Assistant)

For full functionality, including real-time translation and AI assistant features, download the dedicated "AI Assistant" application on your smartphone. Refer to the QR code in the product packaging or search your app store for "AIMB-S1 AI Assistant".

Operating Instructions

The AIMB-S1 glasses feature intuitive touch controls on the temple arms. Specific gestures may vary slightly; refer to the quick start guide included in your package for precise touch zones.

1. Basic Touch Controls

- **Play/Pause Music:** Single tap on the touch control area.
- **Next Track:** Double tap on the right temple.
- **Previous Track:** Double tap on the left temple.
- **Answer/End Call:** Single tap during an incoming call.
- **Reject Call:** Press and hold for 2 seconds during an incoming call.
- **Activate Voice Assistant (AI Assistant):** Triple tap or press and hold for 2 seconds (depending on model configuration).

2. Real-Time Translation (135 Languages)

Utilize the AI Assistant app on your smartphone to enable real-time translation. The glasses act as an audio interface, allowing you to hear translated speech and speak for translation.

1. Open the AI Assistant app on your paired smartphone.
2. Select the desired source and target languages for translation.
3. Follow the app's instructions to initiate translation mode.
4. Speak naturally; the glasses will pick up your voice, and the app will process and translate it. Translated audio will be played back through the open-ear speakers.

3. Open Ear Audio & Hands-Free Calling

The open-ear design allows you to listen to audio while remaining aware of your surroundings. The integrated microphone enables clear hands-free calls.

- Ensure your glasses are connected via Bluetooth to your smartphone.
- Play music or make calls as you normally would from your phone. Audio will be routed to the glasses.
- Adjust volume via your smartphone or the glasses' touch controls if available (check specific model features).

4. GPS Geotagging Functionality

The glasses support phone-based voice navigation when connected to a smartphone with GPS enabled. This allows you to receive turn-by-turn directions audibly through the open-ear speakers.

1. Ensure your glasses are paired with your smartphone.
2. Open your preferred navigation app on your smartphone (e.g., Google Maps, Apple Maps).
3. Start a navigation route. Voice prompts will be transmitted to your AIMB-S1 glasses.

Maintenance

Proper care and maintenance will extend the lifespan of your AIMB-S1 Smart AI Glasses.

1. Cleaning the Glasses

- Use the provided cleaning cloth or a soft, lint-free cloth to gently wipe the lenses and frame.

- For stubborn smudges, lightly dampen the cloth with water or a lens cleaning solution. Avoid harsh chemicals.
- The glasses are IPX6 waterproof (water repellent), meaning they can withstand splashes and sweat. Do not submerge them in water.

2. Storage

- When not in use, store the glasses in the provided soft pouch or a hard case to protect them from scratches and damage.
- Avoid exposing the glasses to extreme temperatures (hot or cold) or direct sunlight for extended periods.

3. Battery Care

- To preserve battery life, avoid fully discharging the battery frequently.
- If storing for a long period, charge the battery to about 50% before storage.

Troubleshooting

If you encounter issues with your AIMB-S1 glasses, try the following troubleshooting steps:

1. Glasses Not Powering On

- Ensure the battery is charged. Connect to the magnetic charger and wait for at least 15 minutes before attempting to power on again.
- Try a different USB power source or cable.

2. Unable to Pair via Bluetooth

- Make sure Bluetooth is enabled on your smartphone and the glasses are in pairing mode.
- Ensure the glasses are within the Bluetooth range (typically 10 meters) of your smartphone.
- Turn off and on Bluetooth on your smartphone.
- Restart both your smartphone and the glasses.
- Forget the device "AIMB-S1" from your phone's Bluetooth settings and try pairing again.

3. No Audio or Poor Audio Quality

- Check the volume levels on both your glasses and your smartphone.
- Ensure the glasses are properly connected via Bluetooth.
- Move closer to your smartphone to avoid interference.
- Test with different audio sources or applications.

4. Translation Not Working

- Verify that the AI Assistant app is installed and running on your smartphone.
- Ensure the glasses are connected to the app and Bluetooth is active.
- Check your smartphone's internet connection (WiFi or mobile data) as translation often requires online processing.
- Confirm that the correct source and target languages are selected in the app.
- Speak clearly and at a moderate pace.

Specifications

Feature	Specification
Model Name	AIMB-S1
Brand	Generic
Operating System	Android
Memory Storage Capacity	16 GB
RAM Memory Installed	1 GB
Connectivity Technology	Bluetooth, WiFi
Battery Capacity	350 mAh
