4.2 Power On/Off

- **To Power On:** Press and hold the Power button until the BNCF logo appears on the screen.
- **To Power Off:** Press and hold the Power button, then select 'Power off' from the options that appear.
- **To Restart:** Press and hold the Power button, then select 'Restart' from the options.

4.3 Initial Setup

Upon first power-on, follow the on-screen instructions to complete the initial setup process. This includes selecting your language, connecting to a Wi-Fi network, and setting up your Google account. The tablet runs on Android 16 with integrated Gemini AI features.

4.4 SIM and TF Card Installation

The CinePad 13 supports 4G LTE connectivity and expandable storage via a TF (Micro SD) card up to 1TB. Use the provided SIM eject pin to open the card tray and insert your SIM card and/or TF card as indicated.

5. OPERATING YOUR TABLET

5.1 Display and Visuals

Your tablet features a 13.4-inch FHD AG Matte Eye-Care display with a resolution of 1920x1200 pixels. The AG Matte screen reduces glare and eye strain, making it comfortable for extended use. It supports Widevine L1 for high-definition streaming content.

5.5 Connectivity

Stay connected with 4G LTE cellular technology, dual-band Wi-Fi 5 (802.11ac), and Bluetooth 5.0. The tablet also includes GPS for navigation.

5.6 Using the Kickstand

The integrated kickstand allows for hands-free viewing. Simply pull out the kickstand from the back of the tablet and adjust it to your desired angle between 0 and 120 degrees. This is ideal for watching videos, making video calls, or typing.

6. MAINTENANCE

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body of the tablet. Avoid abrasive cleaners or solvents.
- **Storage:** Store the tablet in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the tablet frequently. Charge it regularly and avoid

leaving it plugged in for extended periods after it's fully charged.

- **Software Updates:** Regularly check for and install system updates to ensure optimal performance and security.

7. TROUBLESHOOTING

7.1 Tablet Does Not Turn On

- Ensure the tablet is sufficiently charged. Connect it to the power adapter and allow it to charge for at least 30 minutes before attempting to power it on again.
- Press and hold the Power button for 10-15 seconds to perform a forced restart.
- Verify that the charging cable and adapter are functioning correctly by testing them with another compatible device if possible.

7.2 Screen is Unresponsive

- Perform a forced restart (see 7.1).
- Ensure the screen is clean and free of debris or moisture.

7.3 Wi-Fi Connectivity Issues

- Restart your tablet and your Wi-Fi router.
- Forget the Wi-Fi network on your tablet and reconnect.
- Ensure you are within range of the Wi-Fi signal.

7.4 Poor Audio Quality

- Check the volume settings on your tablet.
- Ensure the speakers are not obstructed.
- Test with different audio content to rule out source issues.

If issues persist, please refer to the support section for further assistance.
