Key Assembly Steps

- Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the assembly manual are present.
- Attach Legs:** Secure the solid wood gourd legs to the main desk frame using the provided hardware. Ensure they

are tightened firmly for stability.

3. **Install Drawers:** Assemble the five drawers according to the instructions. Install the drawer slides into the desk frame and then insert the assembled drawers.
4. **Connect Charging Station:** The desktop features a pre-installed charging station. Ensure the power cable is accessible for connection to a wall outlet.
5. **Secure Anti-tip Kit:** For safety, attach the anti-tip kit to the desk and secure it to a wall, especially if the desk will be used in a high-traffic area or with heavy items.

Refer to the included assembly manual for detailed diagrams and specific hardware requirements for each step.
