CUTEBEE Antique Bookery of Kyoto Miniature Kit Instruction Manual

Model: CB-CWGC220-DE

1. INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your CUTEBEE Antique Bookery of Kyoto miniature kit. This 3D wooden puzzle is designed for adults and features intricate details and LED lighting to create a charming Japanese book nook display.

2. PRODUCT OVERVIEW

The CUTEBEE Antique Bookery of Kyoto kit allows you to construct a detailed miniature Japanese bookstore scene. It is designed as a bookshelf insert, featuring a nostalgic Showa-era theme with cherry blossoms, retro posters, and miniature vinyl records. The kit includes 333 precision-cut pieces and an integrated LED lighting system with a touch switch.

Key Features:

- **Dimensions:** Approximately 15 cm (L) x 14.5 cm (W) x 17.4 cm (H)
- **Piece Count:** 333 pieces
- **Assembly Time:** 3-5 hours (estimated)
- **Lighting:** Warm LED light with touch-sensitive switch
- **Protection:** Includes a dust cover (insertion sheet and PVC)
- **Material:** Wood

Figure 2.1: Product dimensions and key features of the miniature kit.

3. SAFETY INFORMATION

- This kit contains small parts and is not suitable for children under 14 years of age due to choking hazards. Adult supervision is recommended for younger users (14+).
- Exercise caution when handling precision-cut wooden pieces, as some edges may be sharp.
- Some components are delicate; handle them with care to prevent breakage.
- Glue is required for assembly and is not included. Use appropriate adhesive and follow its safety instructions.
- The LED lighting system requires 2 AA batteries, which are not included. Ensure correct battery polarity and dispose of used batteries responsibly.

4. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly:

- Pre-cut wooden pieces (total 333 pieces, including 37 spare parts)
- LED lighting components with touch switch battery case
- Dust cover (PVC sheets and insertion film)
- Detailed instruction manual

Items Not Included (Required for Assembly):

- Adhesive (glue)
- 2 x AA batteries
- Precision tools (e.g., tweezers, small knife, sandpaper)

5. SETUP AND ASSEMBLY

The assembly process is rated at a 2-star difficulty, suitable for beginners or those with limited time. Estimated assembly time is 3-5 hours.

5.1 Preparation

1. Clear a well-lit, clean, and stable workspace.
2. Gather all necessary tools: glue, 2 AA batteries, tweezers, and a small knife or craft tool.
3. Carefully unpack all components and familiarize yourself with the instruction manual.

5.2 Assembly Steps

Follow the detailed, step-by-step instructions provided in the included manual. Each step will guide you through identifying, detaching, and assembling the pieces.

- **Detaching Pieces:** Gently detach wooden pieces from their frames. Use a craft knife for cleaner cuts if necessary, especially for delicate parts.
- **Gluing:** Apply a small amount of glue to the designated areas. Allow sufficient drying time as specified by your chosen adhesive.
- **Precision:** Use tweezers for handling small components and for precise placement. Do not force pieces together; if a piece does not fit, re-check the instructions and ensure correct orientation.
- **Wiring:** During assembly, carefully route the LED wires as indicated in the manual to avoid damage and ensure proper function.

Figure 5.2: Visual guide to assembly steps.

6. OPERATING THE LED LIGHTS

Your miniature kit includes an integrated LED lighting system to illuminate the scene.

6.1 Battery Installation

1. Locate the battery case, typically integrated into the base or a hidden compartment.
2. Open the battery compartment cover.
3. Insert 2 AA batteries, ensuring correct polarity (+/-) as indicated inside the compartment.
4. Close the battery compartment cover securely.

6.2 Light Operation

The LED lights are controlled by a touch-sensitive switch.

- Gently touch the designated area (usually marked or indicated in the manual) to turn the lights ON.
- Touch the area again to turn the lights OFF.

7. MAINTENANCE

Proper care will ensure the longevity and appearance of your miniature kit.

- **Dust Protection:** The kit includes a dust cover. Ensure it is properly installed to protect the intricate details from dust accumulation.
- **Cleaning:** Use a soft, dry brush or a microfiber cloth to gently dust the model. Avoid using liquids or abrasive cleaners.
- **Battery Replacement:** If the LED lights dim or stop working, replace the AA batteries. Remove batteries if the kit will not be used for an extended period to prevent leakage.
- **Storage:** Store the assembled kit in a cool, dry place away from direct sunlight and extreme temperatures to prevent material warping or fading.

8. TROUBLESHOOTING

If you encounter any issues with your CUTEBEE Antique Bookery of Kyoto kit, refer to the following common solutions:

- **LED Lights Not Working:**
 - Check if the batteries are correctly installed with the proper polarity.
 - Replace old batteries with new ones.
 - Ensure all wire connections are secure and undamaged.
 - Verify the touch switch is functioning by gently touching the activation area.
- **Pieces Not Fitting:**
 - Do not force pieces. Re-examine the instruction manual to confirm the correct piece and orientation for the step.
 - Check for any excess material or burrs on the edges of the wooden pieces that might prevent a smooth fit. Gently sand if necessary.
- **Missing or Damaged Pieces:**
 - The kit includes 37 spare pieces for common small components. Check if a suitable spare is available.
 - If critical pieces are missing or damaged beyond repair, contact CUTEBEE customer support for assistance.
