2. SAFETY INFORMATION

Prioritize safety during assembly and use. Adhere to all instructions to prevent injury or damage.

- **Weight Capacity:** The loft bed has a maximum weight recommendation of 450 pounds. Do not exceed this limit.
- **Mattress Requirements:** Use a twin-size mattress with a recommended thickness of 8-10 inches. Ensure the mattress fits snugly within the bed frame.
- **Guardrails:** The top bunk is equipped with 13.4-inch full-length guardrails. Ensure these are properly installed and maintained to prevent falls.
- **Anti-Tip Kit:** Securely attach the bed to the wall using the provided anti-tip kit for maximum stability. This is crucial for preventing accidental tipping.
- **Staircase Safety:** The staircase features 15.8-inch extra-wide steps and a full-length handrail. Always use the

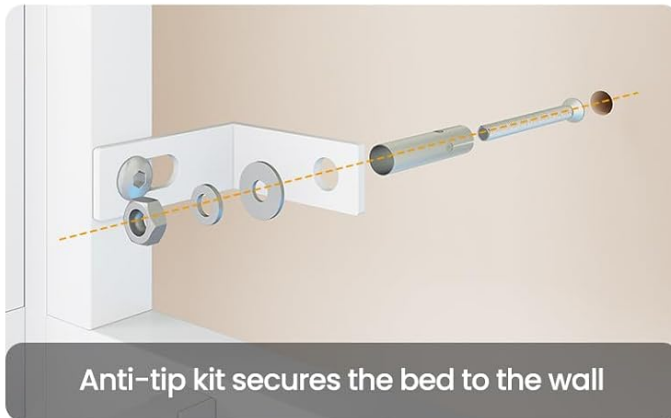

handrail when ascending or descending.

- **Assembly:** Two adults are recommended for assembly. Ensure all bolts and fasteners are tightened securely before use and checked periodically.
- **General Use:** Do not allow jumping on the bed. Keep the area around the bed clear of obstructions.

- Simple installation tool (Allen wrench)
- Anti-tip kit

If any parts are missing or damaged, please contact customer service immediately.

4. ASSEMBLY INSTRUCTIONS

Follow the detailed step-by-step instructions provided in the included Installation Manual. Each part is clearly numbered for ease of identification. We recommend two adults for assembly.

1. **Unpack Components:** Carefully unpack all boxes and lay out all parts on a clean, soft surface to prevent scratches. Verify all parts against the parts list in the manual.
2. **Assemble Bed Frame:** Begin by assembling the main metal bed frame structure according to the manual. Ensure all connections are finger-tightened initially.
3. **Install Slats:** Place the metal slats into the designated slots on the bed frame. The embedded slat design simplifies this step and keeps slats securely in place.
4. **Attach Guardrails:** Secure the full-length guardrails to the top bunk frame.
5. **Assemble Staircase:** Construct the staircase, integrating the fabric storage drawers and open shelves as instructed.
6. **Assemble Desk and Shelving:** Build the L-shaped desk and the 3-tier open shelves.
7. **Integrate Charging Station:** Install the charging station into the designated cutout on the desk.
8. **Install LED Lights:** Attach the LED strip light to the underside of the bed frame above the desk area.
9. **Final Tightening:** Once all components are in place, systematically tighten all bolts and fasteners using the provided tool. Do not overtighten.
10. **Install Anti-Tip Kit:** Securely fasten the anti-tip kit to the bed frame and then to a wall stud. This step is critical for safety.

5. OPERATING INSTRUCTIONS

5.1. LED Lights

The integrated RGB LED lights can be controlled via a dedicated app or physical buttons.

- **Power On/Off:** Use the button on the control unit or the app interface.
- **Color Selection:** Choose from over 60,000 colors via the app. Buttons may offer preset colors.
- **Brightness Adjustment:** Adjust the light intensity using the app or control buttons.
- **Modes:** Explore various modes such as Mic Mode (lights react to sound), Music Mode (lights sync with music), and Timing Function (set schedules for lights).
- **Custom Style:** Create and save personalized lighting effects through the app.

5.2. Charging Station

The built-in charging station provides convenient power access for your devices.

- **Power Connection:** Ensure the charging station's 5.2-foot power cord is securely plugged into a functional wall outlet.
- **AC Outlets:** Two 125V/12A AC outlets are available for standard electronic devices.
- **USB Ports:** Two 5V/2.4A USB ports are provided for charging smartphones, tablets, and other USB-powered devices.

6. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your loft bed.

- **Cleaning:** Wipe metal and engineered wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners. For fabric drawers, spot clean with a mild detergent and allow to air dry.
- **Fastener Check:** Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary to maintain structural integrity and prevent wobbling.
- **LED Lights:** Keep the LED strip clean and free of dust. If lights dim or flicker, check the power connection.
- **Charging Station:** Ensure the charging station is free from dust and debris. Do not expose to liquids.

7. TROUBLESHOOTING

- **Bed feels wobbly:** Ensure all assembly bolts are fully tightened. Verify the anti-tip kit is correctly installed and secured to a wall stud.
- **LED lights not working:** Check that the LED strip is properly connected to its power source and that the power cord for the charging station (which powers the LEDs) is plugged into a wall outlet. Ensure the app or control buttons are functioning correctly.
- **Charging station not providing power:** Confirm the charging station's power cord is securely plugged into a live wall outlet. Test the outlet with another device.
- **Missing or damaged parts:** If you received damaged or missing components, refer to the "Warranty and Support" section for contact information.
- **Difficulty with staircase access:** Ensure the staircase is correctly assembled and securely attached to the bed frame. The wide steps and handrail are designed for safe access.
