2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Assembly:** Assemble the product on a soft, clean surface to prevent scratches. Ensure all parts are securely fastened before use.
- **Stability:** Always use the provided anti-tilt attachment to secure the vanity desk to a wall. This prevents accidental tipping, especially in households with children or pets.
- **Electrical Safety:** The integrated power hub contains electrical outlets and USB ports. Do not overload the outlets. Keep liquids away from electrical components. Disconnect power before cleaning or if any electrical issue occurs.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 180 lbs for the vanity desk and 15 lbs for the storage drawer.
- **Placement:** Place the vanity desk on a level surface. Avoid placing it in direct sunlight or near heat sources to prevent material damage.

- **Children:** Keep small parts and packaging materials away from children during assembly. This product is not a toy.

6. CARE AND MAINTENANCE

Proper care and maintenance will ensure the longevity and appearance of your DUMOS Makeup Vanity Desk.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the wood material.
- **Mirror Care:** Clean the mirror with a glass cleaner and a soft, lint-free cloth. Do not spray cleaner directly onto the mirror, especially near the edges or electrical components.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary.
- **Avoid Overloading:** Do not place excessively heavy items on the desk or in the drawer to prevent structural damage.

7. TROUBLESHOOTING

If you encounter any issues with your vanity desk, refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
Mirror lights not turning on	Power cord not connected; Power outlet issue; Faulty wiring	Ensure power cord is securely plugged in. Test the outlet with another device. Contact customer support if issue persists.
Lights not changing modes/brightness	Incorrect touch operation; Sensor issue	Ensure you are using a short press for mode change and a long press for dimming. Clean the touch sensor area.
Charging ports not working	Power cord not connected; Device compatibility; Overload	Verify the main power cord is plugged in. Check if your device is compatible. Avoid connecting too many high-power devices simultaneously.
Desk feels wobbly	Loose fasteners; Uneven floor; Anti-tilt not installed	Tighten all assembly screws. Place on a level surface or use furniture pads. Install the anti-tilt attachment to a wall.
