

VESTIVIUM SERA

VESTIVIUM 83" All-in-One Outdoor Kitchen Island (Model SERA B 05) - Instruction Manual

Brand: VESTIVIUM | Model: SERA B 05

1. IMPORTANT SAFETY INFORMATION

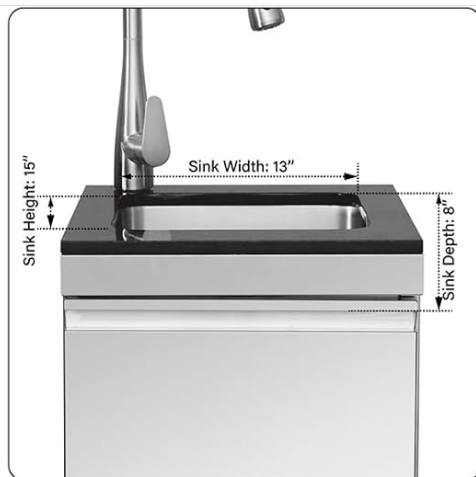

Read all instructions thoroughly before assembling, installing, or operating this outdoor kitchen island. Failure to follow these instructions could result in property damage, bodily injury, or death.

- This appliance is for outdoor use only. Do not operate indoors.
- Keep children and pets away from the outdoor kitchen during operation.
- Ensure proper ventilation when using gas components.
- Always check for gas leaks before initial use and after replacing the propane tank.
- Do not store flammable materials near the outdoor kitchen.
- Use heat-resistant gloves when handling hot surfaces.
- Disconnect the gas supply when the appliance is not in use.

2. PRODUCT OVERVIEW

The VESTIVIUM SERA B 05 is an 83-inch all-in-one outdoor kitchen island designed for versatile outdoor cooking. It features a propane gas grill, an integrated sink, and ample storage space. Constructed from SS304 stainless steel and black quartz, it offers durability and a modern aesthetic.

Key Components and Dimensions

Overall dimensions of the VESTIVIUM SERA B 05 outdoor kitchen island, highlighting the faucet height of 18.9 inches, sink width of 13 inches, sink depth of 8 inches, and an overall width of 83.4 inches.

SS304 STAINLESS STEEL MATERIAL

Thickened stainless steel material
High temperature resistance
Corrosion-resistant

FLAMEOUT PROTECTION DEVICE

Cooking is more reassuring
Prevent leakage before it occurs
The final hurdle of safety

INSTALL GAS TRAY

The bottle body is stable and does not shake
Solid load-bearing capacity without tipping over
Good ventilation and moisture-proof design

PULSE IGNITION

One-touch pulse ignition for instant, reliable starts
Push-to-start pulse ignition — effortless lighting

LPG PRESSURE REGULATOR

The grill comes with a pre-installed LPG regulator, so you can skip the complicated setup and start cooking right away

Internal features of the outdoor kitchen, illustrating the SS304 stainless steel construction, flameout protection device for safety, the gas tray for propane tank installation, the pulse ignition system, and the LPG pressure regulator.

3. SETUP AND INSTALLATION

The VESTIVIUM SERA B 05 outdoor kitchen island is designed for straightforward setup. The modular design

allows for flexible arrangement of components. Ensure the installation area is level and provides adequate clearance from combustible materials.

Assembly Steps:

1. **Unpacking:** Carefully remove all components from the packaging. Inspect for any shipping damage.
2. **Module Placement:** Position each module (grill, sink, storage) in your desired configuration. The heavy-duty lockable swivel casters allow for easy repositioning.
3. **Leveling:** Use the adjustable feet to ensure the entire kitchen island is stable and level, preventing spills and ensuring safe operation.
4. **Gas Connection:** Connect the propane gas tank to the grill's LPG pressure regulator. Ensure all connections are tight and check for leaks using a soapy water solution.
5. **Sink Faucet Installation:** Install the faucet onto the sink module. Connect water lines as required.
6. **Accessory Installation:** Install any handles, shelves, or other accessories for the refrigerator and storage cabinets.

Installation Video Guide:

This video provides a detailed step-by-step guide for the installation of the VESTIVIUM SERA outdoor kitchen island, covering assembly and component setup.

Modularity and Customization:

The modular design allows you to rearrange the independent modules to fit various layouts. Additional modules can be integrated later to expand your outdoor cooking station.

This video demonstrates the modularity of the VESTIVIUM outdoor kitchen, showing how different components can be arranged and reconfigured.

4. OPERATING INSTRUCTIONS

Grill Operation:

1. **Gas Supply:** Ensure the propane tank valve is open.
2. **Ignition:** Turn a burner knob to the HIGH position. Press and hold the pulse ignition button until the burner ignites. If the burner does not ignite within 5 seconds, turn the knob off, wait 5 minutes, and repeat the process.
3. **Temperature Control:** Adjust burner knobs to achieve desired cooking temperature. The built-in thermometer on the lid allows for monitoring.
4. **Multi-Zone Cooking:** Utilize the main burners for grilling, the side burner for sauces, and the infrared burner for rotisserie cooking.
5. **Nighttime Grilling:** LED-lit knobs and interior lighting facilitate grilling in low-light conditions.
6. **Shut Down:** Turn all burner knobs to the OFF position, then close the propane tank valve.

Sink and Faucet Usage:

The integrated sink provides convenience for food preparation and cleanup. Operate the faucet by lifting the handle for water flow and adjusting it for temperature. The pull-down sprayer offers flexibility.

Storage Cabinets:

The storage cabinets and drawers are equipped with soft-close hinges for quiet operation. Use them to store grilling tools, accessories, and other outdoor kitchen essentials.

Refrigerator Operation:

The refrigerator is designed to keep ingredients and beverages cool. Plug it into a suitable outdoor power outlet. Adjust the internal thermostat to your desired temperature setting.

5. MAINTENANCE AND CARE

Regular maintenance ensures the longevity and optimal performance of your VESTIVIUM outdoor kitchen island.

- **Stainless Steel Surfaces:** Clean SS304 stainless steel with a mild soap and water solution. For stubborn stains, use a stainless steel cleaner and polish in the direction of the grain. Avoid abrasive cleaners or steel wool.
- **Quartz Countertops:** Wipe black quartz countertops with a damp cloth and mild detergent. Avoid harsh chemicals or highly acidic/alkaline cleaners.
- **Grill Grates:** Clean grill grates after each use with a grill brush. For deep cleaning, remove grates and wash with warm, soapy water.
- **Grease Tray:** Regularly empty and clean the removable grease tray to prevent flare-ups and maintain hygiene.
- **Burners:** Periodically inspect burner ports for blockages and clean with a wire brush if necessary.
- **Gas Hoses and Connections:** Check gas hoses and connections for cracks, cuts, or leaks before each use.
- **Covering:** When not in use, cover the outdoor kitchen island with a weather-resistant cover to protect it from the elements.

6. TROUBLESHOOTING

This section addresses common issues you might encounter. For problems not listed here or if solutions do not resolve the issue, please contact VESTIVIUM customer support.

- **Burner Not Igniting:**
 - Check if the propane tank valve is fully open.
 - Ensure the gas hose is securely connected and there are no leaks.
 - Verify that the ignition electrode is clean and properly positioned.
 - Check if the propane tank is empty and replace if necessary.
- **Low Flame or Uneven Heating:**
 - Ensure the propane tank is not low.
 - Check for blockages in burner ports or gas lines.
 - Verify that the pressure regulator is functioning correctly.
- **Water Leak from Sink:**

- Check all water connections under the sink for tightness.
- Inspect the faucet and drain for any visible damage or loose parts.
- **Refrigerator Not Cooling:**
 - Ensure the refrigerator is properly plugged into a working power outlet.
 - Check the thermostat setting.
 - Ensure the door seal is intact and the door is closing properly.

7. SPECIFICATIONS

Feature	Detail
