SETUP AND ASSEMBLY

Assembly instructions are provided with your product. Please follow the detailed pictorial guide included in your package. Below are general steps:

1. **Prepare the Area:** Clear a spacious, clean, and soft area for assembly to prevent damage to the desk components.
2. **Identify Parts:** Lay out all numbered panels and lettered hardware bags. Match them with the parts list in your instruction manual.
3. **Assemble the Main Frame:** Connect the side panels to the main desktop using the provided hardware. Ensure all connections are snug.
4. **Install Drawer Slides:** Attach the drawer slides to the inner side panels of the desk frame according to the instructions.
5. **Assemble Drawers:** Construct each of the four drawers by connecting the front, back, and side panels, then inserting the bottom panel. Attach the drawer handles.
6. **Insert Drawers:** Carefully slide the assembled drawers onto their respective slides.
7. **Attach Monitor Stand:** Secure the monitor stand components to the top of the desk.
8. **Install Power Strip:** Place the integrated power strip into its designated slot on the monitor stand or desktop.
9. **Final Check:** Verify all connections are secure and the desk is stable.

MAINTENANCE

- **Cleaning:** Wipe the desk surface with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or water damage to the engineered wood.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration.
- **Heat:** Use coasters or protective pads under hot items to prevent heat damage to the desktop.

TROUBLESHOOTING

Desk is Wobbly:

Ensure all assembly screws and fasteners are fully tightened. Check that the desk is placed on a level surface. If the floor is uneven, use furniture pads or shims to stabilize the desk.

Drawers are Sticking or Not Closing Smoothly:

Check for any obstructions in the drawer slides. Ensure the drawer slides are properly aligned and securely attached. Do not overload the drawers, as excessive weight can affect their operation.

Charging Station Not Working:

Verify that the desk's power cord is securely plugged into a functional wall outlet. Check if the devices you are trying to charge are properly connected to the USB ports or AC outlets. Test the outlets with another device to confirm functionality.
