Merax Full Size Velvet House Bed Instruction Manual

Model: SY5227

1. INTRODUCTION

This manual provides detailed instructions for the assembly, safe operation, and maintenance of your Merax Full Size Velvet House Bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference. This bed frame features a unique playhouse design with a velvet headboard and footboard, and is designed to be used without a box spring.

2. SAFETY INFORMATION

To ensure safe use of this product, please adhere to the following guidelines:

- Always assemble the bed frame on a soft, clean surface to prevent damage to the product or flooring.
- Ensure all screws, bolts, and connectors are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not overtighten screws, as this may strip the threads or damage the wood.
- Keep all small parts and packaging materials away from children during assembly to prevent choking hazards.
- This bed frame has a maximum weight recommendation of **400 pounds**. Do not exceed this limit.
- Adult assembly is required. It is recommended that two adults assemble this product.
- Do not allow children to jump on the bed frame or use it as a climbing structure beyond its intended playhouse design.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts and hardware are present and accounted for. If any components are missing or damaged, please contact customer support immediately. The package typically includes:

- Bed frame components (headboard, footboard, side rails, roof frame parts)
- Slat kit for mattress support
- Assembly hardware (screws, bolts, washers, Allen wrench)
- Instruction manual

4. ASSEMBLY INSTRUCTIONS (SETUP)

Follow these steps carefully to assemble your Merax Full Size Velvet House Bed. It is recommended to have a second person assist with assembly.

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a soft, clean surface. Identify each part using the provided parts list (if applicable) and ensure all hardware is present.
2. **Assemble Headboard and Footboard:** Attach the velvet upholstered panels to the vertical posts to form the headboard and footboard sections. Ensure all connections are firm.
3. **Attach Side Rails:** Connect the side rails to the assembled headboard and footboard sections using the provided hardware. Make sure the connections are secure and the frame is stable.
4. **Construct the Playhouse Roof Frame:** Assemble the roof-shaped wooden beams according to the diagrams. Attach this structure to the top of the bed frame posts.
5. **Install Slat Support System:** Place the wooden slats across the bed frame. Secure each slat to the side rails using the designated screws or connectors. Ensure the slats are evenly spaced and firmly attached to provide adequate mattress support. This bed frame does not require a box spring.
6. **Final Checks:** Once assembly is complete, double-check all connections to ensure they are tight and secure. The bed frame should be stable and free of wobbling.

5. USAGE (OPERATING)

The Merax Full Size Velvet House Bed is designed for comfortable sleeping and can also serve as a creative play space due to its unique house-shaped roof. Place your full-size mattress directly onto the provided wooden slats. No box spring is required. The semi-enclosed design offers a secure sleeping environment while maintaining good air circulation.

6. CARE AND MAINTENANCE

Proper care will extend the life and appearance of your bed frame:

- **Cleaning:** Wipe the wood and velvet surfaces with a dry cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the finish and fabric.
- **Regular Checks:** Periodically inspect all hardware connections (screws, bolts) and tighten them if they have loosened over time.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause the velvet fabric to fade.
- **Ventilation:** Ensure adequate ventilation around the bed to prevent moisture buildup.

7. TROUBLESHOOTING

If you encounter any issues with your Merax Full Size Velvet House Bed, refer to the following common problems and solutions:

- **Bed Frame is Wobbly:**

Solution: Check all bolts and screws. Re-tighten any loose connections. Ensure the bed is on a level surface.

- **Missing Parts or Damaged Components:**

Solution: Do not proceed with assembly. Contact Merax customer support immediately with your product model number and a description of the issue.

- **Difficulty Assembling:**

Solution: Review the assembly instructions carefully. Ensure you are using the correct hardware for each step. If problems persist, contact customer support for assistance.

- **Slats are Squeaking:**

Solution: Ensure all slats are properly seated and secured. Check for any friction points between slats and side rails.
