## Infinix Note 60 Pro

# Infinix Note 60 Pro 5G Smartphone User Manual

Model: Note 60 Pro | Brand: Infinix

## INTRODUCTION

The Infinix Note 60 Pro is a 5G smartphone designed for powerful performance, extended battery life, and a premium visual experience. It features a Snapdragon 7s Gen 4 processor, a 6.78-inch Full HD+ AMOLED display, and a 50MP camera system. This manual provides instructions for setting up, operating, and maintaining your device.

## WHAT'S IN THE BOX

- Infinix Note 60 Pro Smartphone
- Charging Adapter
- USB Type-C Cable
- SIM Ejector Tool
- Protective Case
- Quick Start Guide
- Warranty Card

*Note: Specific accessories may vary by region. Please check your packaging contents.*

## SETUP

### SIM Card Installation

1. Locate the SIM card tray on the side of your device.
2. Insert the provided SIM ejector tool into the small hole on the tray to open it.
3. Carefully place your Nano-SIM cards into the designated slots on the tray. Ensure the gold contacts face downwards. The device supports Dual SIM functionality.
4. Gently push the tray back into the phone until it clicks into place.

## Powering On and Initial Configuration

Press and hold the power button located on the side of the device until the Infinix logo appears on the screen. Follow the on-screen prompts to select your language, connect to a Wi-Fi network, and set up your Google account. This process will guide you through essential settings to personalize your device.

## Charging the Device

Connect the USB Type-C cable to the charging port at the bottom of the phone and plug the other end into the charging adapter. Plug the adapter into a power outlet. The device supports 90W wired fast charging and 30W wireless charging for quick power replenishment. A full charge of the 6500mAh battery provides extended usage time.

## OPERATING

### Display Features

The Infinix Note 60 Pro features a 6.78-inch Full HD+ AMOLED display with a 144Hz refresh rate, offering smooth scrolling and vibrant visuals. It boasts up to 4500 Nits Peak Brightness for clear visibility even in bright conditions. The device also incorporates an Active Matrix Display on the rear for interactive notifications and information at a glance.

### Camera Usage

The device is equipped with a 50MP rear camera and a 13MP front camera, allowing for high-quality photography and video recording. To open the camera application, tap the camera icon on your home screen or lock screen.

- **Shooting Modes:** Available modes include High Dynamic Range (HDR) for improved detail in varied lighting conditions.
- **AI Studio Features:** Enhance your photos with advanced AI capabilities:
  - **AI HD Enhancement:** Improves overall image clarity and detail.

- **AI Flare Remover:** Reduces unwanted lens flare in your shots.
- **AI Shadow Remover:** Brightens dark areas to reveal hidden details.
- **AI Reflection Remover:** Minimizes reflections from surfaces like glass.
- **AI Eraser:** Intelligently removes unwanted objects from your images.
- **AI Extender:** Expands the content of your image beyond its original borders.

## Performance and Gaming

The Infinix Note 60 Pro is powered by the Snapdragon 7s Gen 4 processor and features 8GB of RAM, ensuring smooth performance for multitasking, demanding applications, and gaming. For an optimized gaming experience, activate the XBOOST Esports Mode through the device settings to prioritize system resources for games.

## Battery Management

The device is equipped with a large 6500mAh battery, providing extended usage throughout the day. Utilize the 90W wired fast charging for rapid power-ups or the convenient 30W wireless charging. To optimize battery life, manage background app usage and adjust screen brightness.

## Operating System and AI Features

The Infix Note 60 Pro runs on the Android operating system, customized with the XOS 16 interface. XOS 16 includes an integrated AI Assistant to help with various tasks, manage settings, and provide smart suggestions for a more intuitive user experience.

## Audio Experience

The device features audio enhancements by JBL, providing a rich and immersive sound experience for media consumption and calls.

## MAINTENANCE

### Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. You can typically find update options in *Settings > System > Software Update*

## Cleaning Your Device

To clean your Infinix Note 60 Pro, use a soft, lint-free cloth. Gently wipe the screen and the back panel. Avoid using abrasive materials, harsh chemicals, or aerosol sprays, as these can damage the device's finish or internal components.

## Water Resistance

The device is designed with a water-resistant rating. While it can withstand splashes and light rain, it is not fully waterproof. Avoid intentional submersion in water, exposure to high-pressure water jets, or use in humid environments like saunas or steam rooms. Damage caused by liquid exposure is typically not covered under warranty.

## TROUBLESHOOTING

### Device Not Powering On

- Ensure the battery is sufficiently charged. Connect the device to the charger for at least 15 minutes before attempting to power it on.
- Perform a force restart by pressing and holding the power button for 10-15 seconds.

### Poor Network Connectivity

- Check if your SIM card(s) are properly inserted into the tray.
- Restart the device to refresh network connections.
- Verify your mobile data or Wi-Fi settings are correctly configured and enabled.
- If using mobile data, ensure you are in an area with network coverage.

### Apps Crashing or Freezing

- Close the problematic app and reopen it.
- Clear the app's cache: Go to *Settings > Apps > [App Name] > Storage > Clear Cache*
- Ensure the app is updated to its latest version from the Google Play Store.
- If the issue persists, try uninstalling and reinstalling the app.

## TECHNICAL SPECIFICATIONS

Feature	Specification
Brand	Infinix
Model Series	Infinix Note 60 Pro
Operating System	Android
CPU Model	Snapdragon 7s Gen 4
CPU Speed	2.4 GHz
