

HIPIHOM 81 inch Convertible Sofa Bed

HIPIHOM 81" Convertible Sofa Bed with Storage Instruction Manual

Model: B0GZ3STNJM

1. PRODUCT OVERVIEW

The HIPIHOM 81" Convertible Sofa Bed with Storage is a versatile 3-in-1 furniture piece designed for small spaces. It functions as a comfortable 3-seater sofa, easily converts into a flat sleeper bed, and includes a hidden storage compartment. This manual provides essential information for assembly, operation, maintenance, and specifications to ensure optimal use of your sofa bed.

2. COMPONENTS AND DIMENSIONS

Your HIPIHOM Convertible Sofa Bed is delivered in two boxes and includes the main sofa components and necessary hardware for minor assembly. Please ensure all parts are present before beginning assembly.

2.1 Package Contents:

- Sofa sections (main body, chaise)
- Back cushions
- Hardware kit (bolts, washers, Allen wrench)
- Installation Guide (this document)

2.2 Product Dimensions:

Refer to the diagram below for detailed dimensions of the sofa bed in both sofa and bed configurations.

Image 2.1: Comprehensive dimensions and structural guide for the HIPIHOM sleeper sofa, showing measurements for length, depth, and height in various configurations.

Overall Dimensions (Sofa): 80.72" W x 60.66" D x 35.45" H

Seat Depth: 20.88 inches

Seat Height: 17.73 inches

Weight Limit: 550 Pounds

3. SETUP AND ASSEMBLY

The HIPIHOM Convertible Sofa Bed is designed for minimal assembly. Most components are pre-assembled. Follow these steps to set up your sofa bed:

1. **Unpack Components:** Carefully remove all parts from the two shipping boxes. Place them on a clean, soft surface

to prevent damage.

2. **Connect Sections:** Align the main sofa section with the chaise section. Secure them together using the provided connecting hardware. Ensure a firm connection.
3. **Attach Legs (if separate):** If legs are not pre-attached, screw them firmly into the designated points at the bottom of each sofa section.
4. **Position Cushions:** Place the back cushions onto the sofa.

Note: The primary conversion mechanism from sofa to bed is designed for easy unfolding and locking, requiring no complex tools or heavy lifting.

4. OPERATING INSTRUCTIONS

4.1 Converting Sofa to Bed:

To transform your sofa into a comfortable sleeper bed:

1. **Clear the Area:** Ensure there is enough space in front of the sofa for the pull-out bed mechanism.
2. **Pull Out Bed:** Gently pull the handle located at the front of the chaise or main sofa section. The bed mechanism will slide out smoothly on its durable steel frame and smooth rollers.
3. **Lock into Place:** Once fully extended, ensure the bed mechanism locks securely into its flat position.

To convert back to a sofa, reverse these steps, pushing the bed mechanism back until it clicks into the sofa position.

Image 4.1: Visual guide demonstrating the simple steps to convert the HIPIHOM sofa into a bed and back again.

4.2 Accessing Hidden Storage:

The chaise section of your sofa bed features a hidden storage compartment:

1. **Lift Seat:** Locate the fabric loop or handle on the front edge of the chaise cushion.

2. **Open Compartment:** Lift the chaise cushion upwards. The hydraulic mechanism will assist in holding the lid open.
3. **Store Items:** Place blankets, pillows, or other items inside the spacious compartment.
4. **Close Lid:** Gently push the chaise cushion down until it closes securely.

Always Prepared for Unexpected Guests

Image 4.2: A user demonstrating how to access the hidden storage compartment under the chaise, ideal for blankets and pillows.

4.3 Adjusting Chaise Orientation:

The modular design allows for flexible chaise orientation (left or right-facing) to suit your room layout. To change the chaise side:

1. **Disconnect Sections:** Separate the chaise section from the main sofa section by disengaging the connecting hardware.
2. **Relocate Chaise:** Move the chaise to the desired side of the main sofa.
3. **Reconnect Sections:** Align and re-engage the connecting hardware to secure the chaise in its new position.

THE IDEAL SPACE-SAVING SOLUTION

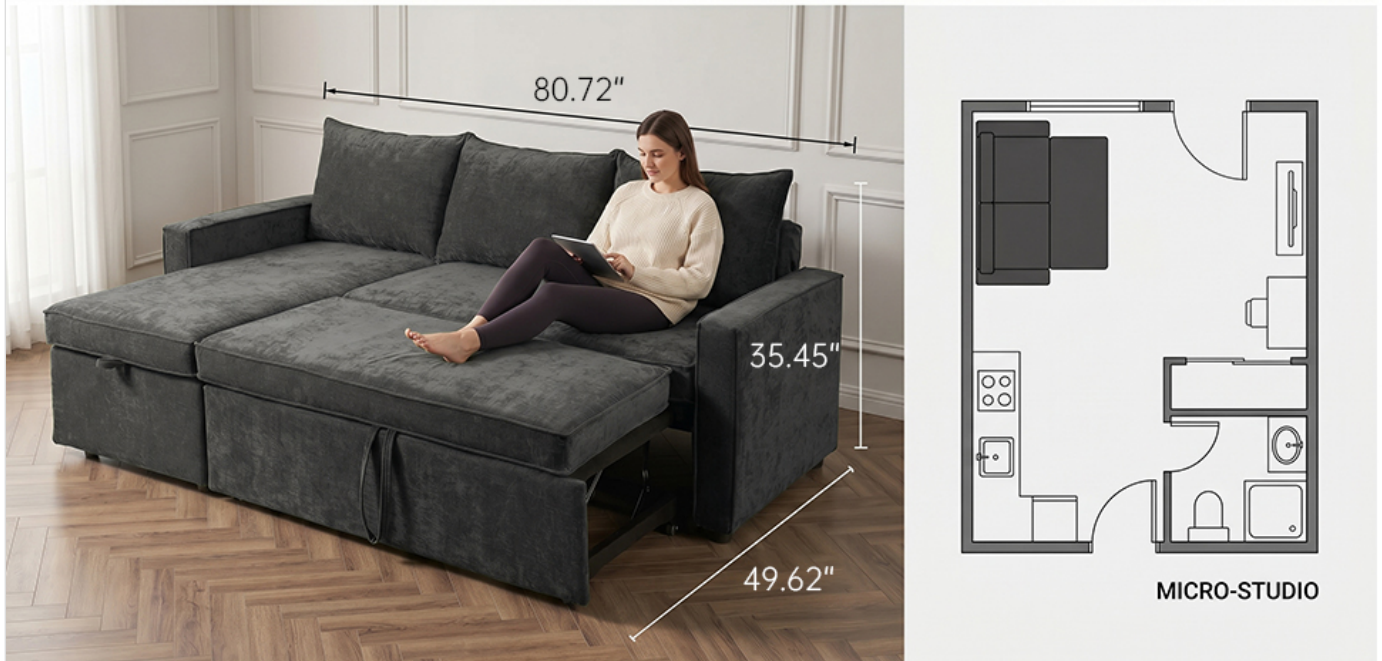

Image 4.3: The HIPIHOM sofa bed illustrating its modularity, allowing the chaise to be configured on either the left or right side.

5. MAINTENANCE

To keep your HIPIHOM Convertible Sofa Bed in excellent condition, follow these simple maintenance guidelines:

- **Gentle Vacuuming:** Regularly vacuum the chenille fabric using a soft brush attachment to remove dust and debris.
- **Spot Cleaning:** For spills or stains, immediately blot the affected area with a clean, dry cloth. For tougher stains, use a mild fabric cleaner specifically designed for upholstery. Test the cleaner on an inconspicuous area first. Avoid harsh chemicals.
- **Air Drying:** After spot cleaning, allow the fabric to air dry completely. Do not use heat. Ensure good ventilation.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading. Position your sofa bed away from direct sun or use curtains/blinds.
- **Rotate Cushions:** Periodically rotate and fluff removable cushions to maintain their shape and even out wear.

6. TROUBLESHOOTING

If you encounter any issues with your HIPIHOM Convertible Sofa Bed, please refer to the following common solutions:

- **Difficulty Converting to Bed:**
 - Ensure the area in front of the sofa is clear of obstructions.
 - Check that the pull-out mechanism is not jammed. Apply gentle, even pressure when pulling or pushing.
 - Inspect the rollers for any debris that might be impeding movement.
- **Storage Compartment Not Closing Smoothly:**
 - Verify that no items are obstructing the closing mechanism.

- Ensure the hydraulic lifts are functioning correctly and are not damaged.

- **Squeaking Noises:**

- Check all bolted connections for tightness. Tighten any loose bolts.
- Ensure the sofa sections are securely connected.

If the issue persists, please contact HIPIHOM Customer Support for further assistance.
