YITAHOME B0GZSXFXTTH

YITAHOME Outdoor Recliner Chair Instruction Manual

Model: B0GZSXFXTTH

1. INTRODUCTION

This manual provides essential information for the safe and effective use of your YITAHOME Outdoor Recliner Chair. Please read these instructions carefully before assembly and operation. Keep this manual for future reference.

Image 1.1: The YITAHOME Outdoor Recliner Chair designed for various outdoor environments.

Safety Information

- Ensure all components are securely fastened before use.
- Do not exceed the maximum weight capacity of 352 lbs (160 kg).
- Keep children and pets away from the chair during assembly.
- Use the chair on a flat, stable surface to prevent tipping.

- Avoid placing the chair near open flames or extreme heat sources.

2. PACKAGE CONTENTS

Before beginning assembly, verify that all parts are present and undamaged. If any parts are missing or damaged, contact customer support.

- Recliner Frame Components
- Seat and Back Cushions (2.8" thick)
- Hardware Pack (screws, washers, tools)
- Instruction Manual

3. ASSEMBLY INSTRUCTIONS

Assembly of the YITAHOME Outdoor Recliner Chair is designed to be straightforward. Follow the included step-by-step diagrams and instructions carefully.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify all frame sections and hardware according to the parts list.
3. Attach the main frame components using the provided hardware. Do not overtighten screws until all connections are made.
4. Securely fasten all screws once the frame is fully assembled.
5. Place the seat and back cushions onto the chair. Ensure the fixed straps on the cushions are used to prevent slipping.

Fixed Straps

UV-resistant

Breathable

Sturdy Frame

Image 3.1: Cushions feature fixed straps for secure placement on the chair frame.

4. OPERATING INSTRUCTIONS

Reclining Function

The chair offers 150 degrees of adjustable reclining. To recline, gently push back on the backrest while applying slight pressure with your feet on the footrest area. The backrest and footrest are seamlessly linked, so as the backrest tilts, the footrest will lift simultaneously. To return to an upright position, lean forward and push the footrest down with your legs.

Image 4.1: The chair reclines to 150 degrees, providing a comfortable lounging position.

FLEXIBLE ADJUSTMENT

Personalized Adjustment

Image 4.2: The flexible adjustment mechanism allows for personalized reclining angles.

Built-In Side Table

The recliner features a convenient side table integrated into one armrest. To use, simply flip up the side table. It provides a practical surface for holding small items such as drinks, snacks, or a book. To store, fold the table back down flush with the armrest.

ADJUSTABLE SIDE TABLE

Image 4.3: The integrated side table can be easily flipped up for use.

5. CARE AND MAINTENANCE

- **Cleaning the Frame:** The wicker frame can be wiped clean with a damp cloth and mild soap. Avoid harsh chemicals or abrasive cleaners.
- **Cushion Care:** The cushions are detachable and waterproof. For general cleaning, wipe with a damp cloth. For deeper cleaning, remove covers if applicable and follow care instructions on the label. Ensure cushions are dry before storing or prolonged use to prevent mildew.
- **Weather Protection:** While the chair is designed for outdoor use and features UV-resistant materials, prolonged exposure to extreme weather conditions (heavy rain, snow, intense sun) may affect its lifespan. Consider using a furniture cover or storing the chair indoors during harsh weather.
- **Regular Inspection:** Periodically check all bolts and connections to ensure they remain tight. Retighten as necessary.

COMFORT & SUPPORT

Breathable

Fade-resistant

Image 5.1: The cushions are designed for comfort and are made from breathable, fade-resistant material.

6. TROUBLESHOOTING

If you encounter any issues with your recliner chair, refer to the following common solutions:

- **Difficulty during Assembly:** Ensure you are following the instructions precisely. Sometimes, components may need to be loosely assembled before tightening all bolts to allow for proper alignment. If parts do not fit, double-check the orientation and part numbers.
- **Reclining Mechanism is Stiff:** Ensure there are no obstructions preventing the backrest or footrest from moving freely. Apply gentle, even pressure when reclining. The mechanism may become smoother with regular use.
- **Cushions are Slipping:** Verify that the fixed straps on the cushions are properly secured to the chair frame. Adjust the straps for a snug fit.
- **Missing or Damaged Parts:** Immediately check all package contents against the parts list upon receipt. If any parts are missing or damaged, do not proceed with assembly. Contact YITAHOME customer support for assistance.

7. PRODUCT SPECIFICATIONS

WEIGHT CAPACITY:

**352 LBS
PER SEAT**
